

*Julie Olatz Joyce Groves*

A brown-eyed lass from Valor, Sask. Hopes to graduate with a Senior Matriculation certificate. Interested in music and hopes to get her A.R.T.C. Future—matrimony!!

Joyce, born in Canada, comes to us from New Jersey. Known for short hair-cuts and quick smile. Future plans include a Home Ec. course at U. of S.

*Berd Hansen Lloyd Kaeding*

Our tall chap who forgot to stop growing . . . headed for the ladder of success. Silent type . . . loves his bicycle, takes it everywhere he goes.

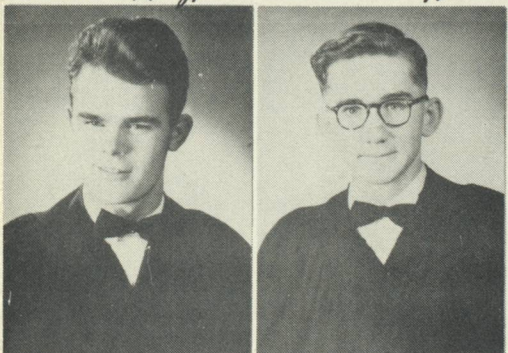

A leading brain (leading to insanity). He is interested in curling, basketball, bowling and SHOWS. He loves work. Future—undecided.

*Bernice Longphee Donna Longphee*

Donna's other half. A girl who was there when the brains were handed out—bright and beautiful—some combination. Future plans—Bob.

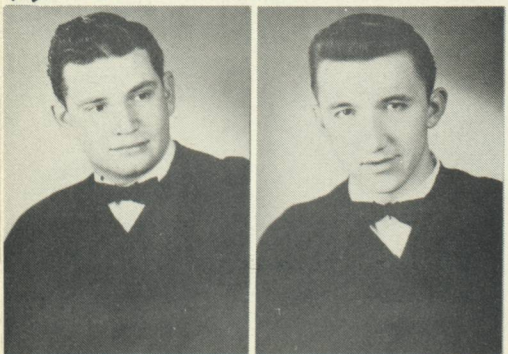

First half of the inseparables from Storthoaks. This cute lass is the small fry in Matric class. Immediate future—more college, and training in the U.S.A.

*Hal Luck Lowell Lowen*

If it weren't for a certain party called Jean, we might see more of shy, handsome Hal. Main interests are playing basketball and studying (in his spare time, of course).

Hails from Herschel, is one of our quieter students—has a pleasing personality and is endowed with brains. Envied by girls for his voice, nice eyes.

*Chuck Magrath Stan Magurkie*

Chuck's a boy who thinks girls are strictly a hunger. What does he do? Looks hungry! Usually seen with his Chevy?? Came to school to kill time between meals.

Stan advanced to Regina College from Mortlach and proceeded to show us how to study hard and still be able to flash a quiet wit and warm smile. Quite a talent.
