

### LAPOINTE AND COPP ATTACK MEIGHEN RULE

Quebec Liberal is Rebuked by Speaker for His Remarks About the Government.

### COPP STRIKES AT HON. MR. WIGMORE

Recalls "Gifts" to Nova Scotia Ports and Appointment of Senator McDonald.

(Continued from page one.) Mr. Lapointe was preceded by A. B. Copp, of Westmorland, N. B., who declared that everywhere there was clamor for an election. He was followed by Major Andrews, of Winnipeg Centre, who last session crossed from government benches to "No Man's Land," and by W. A. Buchanan, of Lehighville, who also took the seat in the "desert wilderness." Major Andrews advised that having been once a "nebulous free trader," now, he said, he stood for the protection of Canadian industries. He intended to vote against the King amendment and to support the government. Mr. Buchanan took a different view. He declared his intention of voting for the Campbell amendment and would support the government only on the understanding that it would carry on for purposes of redistribution.

Mr. A. B. Copp. In opening the debate, Mr. A. B. Copp, Westmorland, said the people of Canada were not satisfied with the present administration and should have an opportunity of pronouncing upon it. He said he had interviewed a large number of electors during the recess, and that almost unanimously their view was that there must be a general election to clear up "this conglomeration" now occupying the seats of parliament. Whenever there was a change in the policy of the cabinet or persistence of the cabinet the people should be consulted. Certain members of the administration supported the government because of its protectionist policy, while others supported it because they said it stood for lower tariff, yet others because they thought they were going to remain in power for another year or two. In the case of the ex-minister of finance, that gentleman knew that he did not have the confidence of the people or his constituency. This was also true of the others. In answer to Mr. Copp declared, the government said it had the power to remain in office and would hold on in spite of the fact that the whole country was crying out to them to get out.

### One Lone "Cootie" Held Up Vessel

Entire Passenger List Will Have to Undergo Second "Delousing" as a Result.

Boston, Mar. 3.—Discovery of a single "cootie" on the person of a steamer passenger, aboard the steamer Haxton from London, and Cherbourg, resulted in the detention of the vessel at quarantine today while the entire passenger personnel was deloused for the second time in two weeks. The one cootie had survived the ship's own delousing system, operated on all passengers shortly after the vessel left Cherbourg last month.

### Foch Forgot His Dinner With King!

Kept His Majesty Waiting An Hour But Pleaded Business Engagement.

London, March 2.—How Marshal Foch forgot an engagement to see with the King at Buckingham Palace became known tonight. The King was anxious to see Marshal Foch and M. Briand, the French premier, arranged an engagement for the Marshal for yesterday. The King waited half an hour after the appointed time and then sent an enquiry to inquire. The marshal was obliged to excuse himself because of complete forgetfulness in his pre-occupation over grave conference matters.

### OLD MAN SHOT DEAD

Cork, March 2.—Several revolver shots were fired tonight by the curlew patrol. A man seventy years of age was shot dead as a result, in one of the main streets.

### Fate of Mr. Spinney

Referring to the member for Yarmouth (B. K. Spinney), Mr. Copp said that any person knowing that Liberal constituency would also know the fate which awaited Mr. Spinney in an election. Mr. Copp particularly criticized Hon. P. E. Blondin, postmaster-general. That appointment was absolutely opposed to the principles of democracy and parliamentary right. Referring to Hon. R. W. Wigmore, minister of customs and inland revenue, Mr. Copp said that he had promised to do everything for the port of St. John, had later gone to Halifax, and in a day or two built a large drydock.

### Mr. Wigmore's Activity

From there Mr. Wigmore had journeyed to Sydney and nationalized that port. He was glad to see some one trying to make up for the neglect which the present administration had always shown the Maritime Provinces. On the other hand he could not congratulate Mr. Wigmore.

### Confidence is Gone

The attitude of the St. John Standard and other Conservative newspapers proved, Mr. Copp said, that the

### Ladies! Look Young, Darken Gray Hair

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It adds, tames gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance in a wonderful way.

Don't stay gray! Look young! Follow the recipe at home or get from any drug store a bottle of "Sage Tea and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks everywhere are ready-to-use preparation, because it darkens the hair, beautifies, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, passing this through the hair, taking one small strand at a time. By morning the gray has disappeared, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

### Wagner Was Afraid To Sleep On Account of Awful Choking Spells - Tanlac Completely Restored Health - Gains 27 Pounds.

"I was flat on my back and hadn't been able to do any work for four months when I began taking Tanlac, but that medicine completely knocked out my rheumatism and built me up so I have gained twenty-seven pounds," was the remarkable statement made by Frank Wagner, Cap. Madeleine, Three Rivers, P. Q. Mr. Wagner is a well-known mechanical engineer associated with George A. Fuller, contractor. Mr. Wagner testified:

"I never thought I would endorse any medicine, but since my experience with Tanlac I've changed my mind as it would be wrong for me not to speak out. There are many who need this medicine just as I did. My troubles started with my stomach. Everything I ate disagreed with me and bloated me up so that I had awful choking spells."

"At night I was afraid to lie down and would have to be propped up with pillows to get any rest at all. The rheumatism got me in its clutches and in a short time made me as helpless as a baby. My hands and wrists were so swollen and hurt me so bad I couldn't raise my head. I had to have my face washed, my hair combed and be shaved, as I could do none of these things for myself. I suffered so much I often wished I could die so as to end my misery."

"I was apparently beyond all hope when I started on Tanlac. It acted more like magic than medicine. First, it gave me an appetite, then toned up my stomach and finally completely knocked out every trace of rheumatism. It put me back to work feeling fine. If people know what I went through with and what it did for me the laboratory couldn't supply the demand. Tanlac's equal certainly has never been made."

Tanlac is sold in St. John by Ross Drug Co., E. W. Munro and by T. H. Wilson, Fairville, N. B., and R. D. Wetmore, Perry's Point, N. B., under the personal direction of a special Tanlac representative.—Adv.

### ALLIES REACH AGREEMENT ON GERMAN TERMS

Plans Prepared for Action if Former Enemies Refuse to Accept Statement.

Critical Review of German Proposals

"Merit Neither Examination Nor Discussion" Declares Official Statement.

(Continued from page 1) "It is only necessary to compare this sum with the value of the payments made under the Paris plan to expose the entire inadequacy of the German proposal. Under the Paris plan, of an eight per cent. table, the present value of the fixed annuities alone is \$5,000,000,000 gold marks. This table, however, applicable only to discounts of future annuities made during the first two years. On an eight per cent. table, the rate at which discounts can be made after 1925—the present value is over \$3,000,000,000 gold marks.

Only a Fraction. It is, of course, difficult to make an estimate of the value of the variable annuities under Paris plan, but a substantial addition, at any rate, should be made to the above figures in respect to these annuities. The sum which the German Government asks the Allies to accept in satisfaction of her debt amounts therefore to a small fraction of the sum fixed at Paris.

"The consequence would be that Germany's external debt, which is limited to her reparation liability would correspond to a small proportion only of the external debt which the Allies were compelled to contract for the war."

Hear Their Fate. The Germans at noon tomorrow will hear the unanimous decision of the Allies on the counter-proposal, which Sir Simon, German foreign secretary and head of the German delegation, presented yesterday at the reparations conference in Lancaster House, and the consequences which will follow their failure to comply with the Allied terms.

Germans Despondent. They were despondent tonight when they heard that differences might arise between the Allies to lighten their country's burden were dashed by the finding of the conference. "Well, perhaps it is the only way out. We, British, yielded this government would fall; if we yielded our government would fall. Therefore the only course is for the Allies to impose their terms."

### ICE STOPS SHIP

St. John, Nfld., Mar. 3.—Heavy ice packs off the Newfoundland coast forced the mail steamer Rosalind back to this port tonight after she had sailed for Halifax and New York. She will remain here until the floes break up. Fifty passengers were aboard.

### IRISH FUGITIVES ARRIVE

Boston Mar. 1.—The White Star liner Vedis arrived today from Queenstown, bringing the first two fugitives to reach here from Ireland in many days. Among them were a score of young men who said they were sought by the British authorities because they were, they admitted partisans of the "Irish Republic."

### "Cascarets" if Sick or Bilious

Tonight sure! Let a pleasant harmless Cascaret work while you sleep and have your liver active, head clear, stomach astringent and bowels regular by morning. No gripping or inconvenience. 10, 25 or 50 cent boxes. Children love this candy cathartic too.

### Paris Places Ban On Bobbed Hair

Elaborate Style of Coiffure Decreed by Expert Juries - Prizes Awarded.

Paris, Mar. 2.—Before three separate juries of the most expert hairdressers in Paris, to whose number were added several artists and modelles, the question of what should be the most fashionable style of dressing hair during the coming season was decided yesterday. Prizes of the value of five thousand francs were awarded to the four most beautiful creations, about the merits of which it took the artists over three hours to decide. Even then the spectators of this curious competition were not entirely satisfied. The first prize went to an artist, who had built the hair of a beautiful blonde into an enormous turban about which there seemed to be no beginning or end. The second prize went to what is described as a "Graco-Roman" coiffure and the third prize was divided between a modern arrangement with the hair brushed back from the forehead and another which, like a light fringe was left over the eyes.

In the judging a quarrel broke out between the hairdressers and the jury. The latter wished more attention to be paid to the coiffures over which a hat could be worn. The hairdressers, however, declared that the new simplicity and over-curled styles like concoctions have returned to favor, and the Chinese fashion of straight-back hair is frowned on. Very definitely, bobbed hair has disappeared from the ideas of hairdressers.

### Shows Big Surplus On Current Account

Sir Henry Drayton Spent Nearly \$46,000,000 Less Than Receipts.

Ottawa, Mar. 2.—In the house yesterday Sir Henry Drayton tabled the report of the Deputy Minister of Finance on public accounts for the fiscal year ending March 31, 1920. The report showed a net debt at March 31, 1920, of \$2,248,868,627.79, an increase from \$1,964,853,618.62.

Receipts on account of consolidated revenue fund for the year amounted to \$247,743,974.70 and expenditures on the same account to \$303,343,929.90, showing a surplus of ordinary receipts over ordinary expenditures of \$45,902,404.80, in addition to ordinary expenditures made special expenditures were made chargeable to consolidated revenue fund amounting to \$366,943,118.15.

Special expenditures, \$366,943,118.15. Capital expenditures, \$69,301,877.73. Non active assets, \$283,995,095.17.

### TORPID LIVER FOR OVER 4 MONTHS

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lax, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Lax-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood and cause so many troubles.

Mrs. Alice Mohill, Napames, Ont. writes: "I was very badly run down and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a box of Milburn's Lax-Liver Pills and before I had used half of it I was much better. I only used two vials, and I am a different person today. I can safely recommend Lax-Liver Pills to any one troubled with liver troubles."

Milburn's Lax-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### The Kind of Furniture We Like to Sell

We like to sell the kind of furniture that your children will like to inherit. Good looking, sensible, moderately priced furniture.

It is almost inconceivable to us that the "price" or "speculative" furniture that goes into some homes will be welcomed or even tolerated by the children who will inherit it.

But, consider yourself as well as your children, their friends, your friends and visitors—consider the satisfaction of owning, and showing and using really good furniture, that you bought right. That's the kind of furniture you get at

### 1921 SALMON PACK ONE-FIFTH NORMAL

(Copyright 1921, By Public Ledger.)

Salmon pack will not be more than 20 per cent of the normal 6,000,000 cases put up in the average season, and canneries that operate will just about salvage their inventories. This prediction is made on the authority of leading packers, brokers and bankers in close touch with the producing, marketing and financing phases of the industry who declare conditions do not warrant a larger pack.

There should be according to experts, a relatively big run of all varieties of salmon this year from the ocean to the spawning beds in the rivers of the northwest from the Columbia to the Yukon, this being the four-year and two-year cycle season. Or chinook, sockeye, and red salmon, which is but very plentiful, a fair pack will be made, but of the more plentiful and more widely popular pink and chum varieties there will be a small pack.

### PUPILS NOW TAUGHT AS INDIVIDUALS

The fact that children should be studied individually, and not in the mass, is a comparatively recent discovery. We are not far removed from the day when children were flung into schools to sink or swim. Certain of them floated to the top of the class and were regarded as clever; others remained at the bottom and were assisted to remain there by a system of ridicule and neglect.

They were the dunces. It was one of the many things that the educational authorities of that period could never understand that so many of the clever ones never made their mark in after-school life, and so many of the great men had been regarded as dunces in their school days.

### ASPIRIN "Bayer" is only Genuine

Warning! Take no chances with substitutes for genuine "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and Pain. Handy tin boxes of twelve tablets cost few cents. Drug stores also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocaceticacidester of Salicylicacid.

### THE YOUNG MOTHER

Youth with its vitality makes for the young mother's health and happiness. But later maternal experiences bring a different result. The care of a family, multiplied household duties, and very often the weakness caused by womanly disease, tend to prolong the suffering and to make convalescence a slow and weary process. Many women—perhaps your own neighbors—have had beneficial experience with Dr. Pierce's Favorite Prescription which prepares the prospective mother. It promotes the appetite, ends nervousness and sleeplessness, and gives a consciousness of buoyant health. It is unexcelled as a strength-giving tonic for mothers during the period of convalescence. This Favorite Prescription was used by Dr. Pierce with great success over 50 years ago. It's still good today. Ask your neighbor!

### NO CAKE WASTED

Gives a wonderfully fresh flavour to every kind of cake, pie and pudding—the last morsel is as moist and digestible as the first. It does lower the cost of baking. By far the most popular table syrup, for cooking, baking, candy-making.

### Government Caucus Called For Today

Ottawa, March 2.—A caucus of Government supporters has been called for tomorrow morning at 11:30 o'clock, when, it is understood, organization is to be the principal item.

It is also presumed this afternoon that the Government had intended to have a bill designed to establish a royal commission on grain handling conditions introduced into the Senate last night, but for some reason or other this was put off for a day or two.

### Wanted—Men to Lead

(From the London Gazette.) There isn't a lad but wants to grow Manly and true at heart. And every lad would like to know The secret we impart; He doesn't desire to slack or shirk, Oh, haven't you heard him plead? He'll follow a man at play or work! It only the men will lead.

Where are the men who lead today, Sparring an hour or two, Teaching the lads the game to play Just as a man should do? Village and slums are calling "Come," Here are the boys, indeed; Who can tell what they might become If only the men will lead!
