Church Picnics

Central Baptist at Grand Bay

The annual picnic of St. Matthews Sabbath School was held on Saturday at Lorneville on the grounds of Walter Wilson. It was one of the best in the history of the school. Ten capacity bus loads, besides a large number of private cars, conveyed the picnicers to the grounds. The ladies of the congregation were in charge of the dinner and the tea tables. The refreshment booth was looked after by the Sabbath School staff. The day being an ideal one and the grounds being suitably adapted for the purpose, it was unanimously agreed that the picnic was an entire success, and the highest appreciation is expressed to Mr. and Mrs. Wilson for their kindness and courtesy in giving the use of their buildings and grounds.

Victoria Street School

A very successful picnic was held on Saturday afternoon by the Victoria Street Baptist Church Sunday School at Crystal Beach. The steamer Majestic left at 11 o'clock, bearing large numbers to the picnic grounds. The picnic was well attended, and ball games, swimming and running races were indulged in and everything was carried off successfully.

Central Baptist

And still another picnic was held at Grand Bay by the Central Baptist Sunday School. Attached to the P. R. suburban there were special cars to accommodate the picnicers. The Central Baptist church and heard them to their annual picnic. The usual holiday games were held, and the many picnicers voted the day a huge success.

SHORT SKIRTS ARE
EMINENTLY SENSIBLE

We believe the short skirt is here to stay. The emancipation of women's legs from an interfering and troublesome garment is almost if not quite complete, says the Chicago Journal of Commerce. Any man who has had to wear an skirt for several weeks while walking, and then with warm weather has thrown it off for a light overcoat that does not fall below his knees, will understand. The short skirt gives feminine underpinning a distinct experience of freedom almost equal to that of the trousers of their brothers. They like it. The sense of exposure which at first embarrassed them, has disappeared. Ankle is no longer sinful. Open opportunity for open walking, from the knees down, has been openly arrived at. It marks genuine progress in feminine liberty of action—as distinct from an advance in conventional reform as the dropping of the face veil by Turkish women, or the unbound foot of the Chinese. We hope American women will never go back to the clogging long skirt.

FOR SABBATH NIGHT.

Today, O Lord, within Thy vineyard wide,
And far, how many toilers wrought for Thee!

Some 'mong the crowd; some where no plants are;
Some where the hot winds of the world sought to guide

Dear little children in the upward way;
Some tracked by wandering feet that went astray;

While others, O'er life's tragedies have cried:
And if tonight in loneliness, O Christ, Thy careful tillage little heart to them

Their tired hands fall; vain be the dreams they dreamed;
Remind them that a dozen men sufficed

To fill Thy life with toil; that long ago
Elijah's day was better than this seemed.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND

Copyright, 1921, by The Wheeler Newspaper Syndicate.

In California, life is just a pleasant dream! The weather is so gentle, that there is no fuel problem; housework is so simple, that there is no servant problem; and divorce is so easy, that there is no "marriage problem."

This is the magic season, when a man's conscience goes on strike and his emotions begin working overtime.

Why is it that when a man tells a woman that he is "not worthy of her," he always expects her to be so amazed and incredulous?

Closing the window won't prevent love from flying out by the dumb-water, when the bills begin coming up that way.

The average man seldom tells the whole truth—because in business he doesn't think it's wise; in society, he doesn't think it's polite; and in love, he doesn't think it's necessary.

Verily, a raw onion maketh an ideal chaperone, and a man that shaveth only every OTHER day may be trusted with blondes and with widows.

When it comes to jokes, books, umbrellas and kisses, all men are affected by kleptomania when it comes to debts, love, and wedding-vows, most of them suffer from aphasia.

Heaven is not a mythical place. It can be found right down in the heart of the man who has found the friends he loves, the work he loves and the woman he loves.

When a widow watches a debutante trying to "vamp," she feels somewhat as Houdini would at watching a small-boy trying to imitate his tricks.

A lover on his knees is worth two on a pedestal.

FUR LARGELY USED
ON ALL FALL SUITS

Evidence that the cloak and suit trade will make a wider use of fur trimmings on garments this year than ever before is reported by all fur manufacturers catering to that industry.

They say most of the business they are doing at the present is for trimmings.

It is said that practically no winter coat or suit on the market will lack a fur trimming of some kind. Collars and cuffs and pockets will all call for fur, and in addition to these there will be trimmings on all parts of the garments. Collars will be shorter and probably be made entirely of fur.

The furs that the cloak and suit trade will make a wider use of, are Australian opossum, mink, squirrel, Persian lamb and possibly caracul. Beaverette will also be used in large quantities for cheaper quality garments.

It is thought Persian lamb, being more plentiful this year than last, and caracul will meet with larger use.

The factor causing the cloak and suit men to increase the use of furs on garments has been the lowered prices of all furs. All the articles used are cheaper this year than they have been for several years past.

Patriotic Sunday
At Quispamsis

Largely Attended Service Yesterday Conducted by H. Coleman, Jr.

Some little time ago in the village of Quispamsis a Sunday School was organized in the home of Mrs. H. Allingham and has grown to such proportions that it was found necessary to look for larger quarters; therefore, the old school-house being vacant, and through the kindness of Mrs. Vincent, the present owner, it was loaned for the above purpose, and the work is being successfully carried on. Yesterday in this hall, under the same officers, a church service was held and was largely attended. It being patriotic Sunday, the service was taken by Mr. H. Coleman, Jr., a student of Wycliffe, being home on vacation, and he delivered a splendid address. An anthem was sung by Mrs. Thomas Wifcox, after which several of the Sunday School scholars gave recitations. In conclusion of this service, Mrs. Allingham, the superintendent, presented to the children who had not missed a Sunday a small token, after which all joined in singing God Save the King.

Annual Patriotic
Service Was Held

David Allen Delivered An Address on "The Flag" in First Presbyterian Church.

The First Presbyterian church, West St. John, held their patriotic service in their church yesterday in pursuance of the policy laid down by the Sunday School Association. David Allen gave an excellent address, talking for his subject "The Flag." The speaker told of how the different crosses came to be chosen for the respective countries and the stories of the different patron saints, Saint George, Saint Andrew, and Saint Patrick.

The poem "The Flag" was read and further showed the composition of the banner which denotes all that is good and true. The three colors, red, white and blue were spoken of, and their meanings. Courage is shown by the red in the flag; Truth by the blue, and Purity by the white. Our opportunity to serve the flag and our country is not only in war but our chief chance to do this is to be good, honest and upright citizens, and stand back of our country in all its times of stress.

Mr. Allen's address was very clearly and lucidly told, and it explained much to his hearers that formerly had been unknown to them.

Children Cry for Fletcher's
CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. WHY A RABBIT'S FOOT IS LUCKY
The superstition a rabbit's foot brings good luck is a very widespread one. Occult authorities say that it must be the left foot of a rabbit, killed by a negro in a country graveyard in the dark of the moon.

In this we have a superstition clearly descending through centuries from the ancient worship of the Egyptians, among whom the hare-headed god—Horus and rabbits are of the same genus—was the guardian of one of the divisions of the underworld.

Here we get the idea of darkness and the graveyard. The Egyptians were a very dark people, and some of their statues and pictures of their gods were painted almost black.

Hence the idea of a negro. The rabbit-headed god, besides his job in the underworld was powerful for good among the Egyptian deities. The connection between this deity and the idea of a rabbit's foot being a bringer of luck and an amulet against evil is obvious.

Classy Bunch of
Horses At CapitalEverything Points to Real
Racing When Circuit Opens
at Fredericton This Week.

Fredericton, N. B., June 26.—Most of the trainers giving their horses the final preparation for the opening here this week of the Maine and N. B. harness racing circuit, cut loose with lots of speed in their work-outs Saturday.

The fastest mile of the season over the local track was turned in by Roy Volo, 2:11 1/2, the chestnut pacer owned by W. B. Lint, of this city, when several watches caught him in 21 1/2 seconds. There were a number of miles in 2:15, the trotting record for the track this season being placed at those figures by Border Prince, 2:13 1/2, owned by H. C. Jewett, of this city.

The sensation of the day, however, was provided by the unmarked pacer and trotter. Several of the green pacers worked miles in 2:15, with final halves in 1:05, and breeged home the last eighth in 16 seconds or better. The best mile by a green trotter was around 2:17.

Another lot of horses arrived at the track last night, Jimmie Boutiller, the well-known Halifax driver, coming from Woodstock with a stable of four horses headed by Motionless, 2:06 1/2, owned by S. Vienneau, of Bathurst. Other stables are coming on Monday and by Tuesday night it is expected all of the 55 horses that will be
