

- I.—The title to the Ground on which the School House is erected.
- II.—The situation of the School as regards the nearest adjoining School.
- III.—The number of Scholars in usual attendance, and the general circumstances of their Parents.
- IV.—Is the Church Catechism taught, and the School generally conducted with a due regard to the principles of the Established Church?
- V.—The nature of the aid required; whether Books, assistance towards Master's salary, &c.
- VI.—The qualifications and religious profession of the Master, and the branches which he is capable of teaching.

The following Resolution was passed at the General Meeting held on the 8th of March, 1848:

Resolved,—That the District Associations shall have the privilege of choosing Members of the General Committee resident in Halifax, as their Representatives in the General Committee.

At a Meeting of the General Committee on the 2nd of February, 1849, it was Resolved—

“That this Society employ at least six Clergymen to minister as Assistants in larger Missions, where from the extent of the mission it is impossible for the resident Pastor to render adequate service. That the Society will allow £50 to each of these Clergymen, so soon as a similar sum shall have been adequately secured by the People of the Mission.”

With reference to the above Resolution, it was Resolved on the 17th August, 1849—

“That no part of the funds of this Society shall be paid under that resolution until the first and each subsequent quarterly payment of the £50 to be provided by the People in such cases, is actually paid in advance to the Treasurer of the Local Committee.”

At a General Meeting of the Committee on the 21st February, 1850, the following propositions were received and adopted at the suggestion of a Sub-Committee appointed to take into consideration the subject of Endowment of Parishes in this Diocese—

“That as the preceding steps (relative to endowment), can only be regarded as preparatory to the object had in view, your Committee would suggest that in order to the actual commencement and prosecution of endowments, a certain annual sum out of the general income of the Society, to whatever amount or proportion may seem fitting to the Society, may be set apart toward the Endowment of Parishes, to be granted by the Standing Committee in such sums as may be proper, and to whatever Parishes exert themselves to raise a larger sum than that granted by the Society, towards their own endowment.”

Secondly—“That special grants be made by the Standing Committee to any Parish that shall raise a sum of money toward its own Endowment, to such amount as the funds of the Society will admit.”
