

The Best of the Lesson Helps

# TARBELL'S Teacher's Guide

To the International Sunday School Lessons for 1914

"Tarbell" has in recent years come to be the most popular and most widely used of all the Lesson Helps. It is comprehensive, supplying historical, geographical, and pictorial illustration of each lesson, in addition to its splendid illumination of the lesson text itself. It has suggestions for the treatment of the Lesson for every class of scholars, and while in some respects elementary is advanced enough for the teacher of the most advanced Bible Class. In addition to treating the fifty-two Lessons of the year, it contains an abundance of other suggestive matter which will be helpful to any teacher.

The book is bound to stand constant use in substantial red cloth boards, runs to 460 pages, the letterpress copiously illustrated, with frontispiece of Tissot's "The Christ."
