SASKATCHEWAN BUFFALO ROBES

RECEIVED
THE HIGHEST PRIZE
AT THE WORLD'S FAIR.

*

Experience Proves them
Without a Rival

THESE Robes are in general use by Liverymen, Farmers, Physicians, Travelling Agents and thousands of others, from one end of the Dominion to the other, and one and all say they are the Robe for our Canadian Winters, now that the Buffalo has gone never to return. Experience has proven that rough general usage does not injure them any more than it did the old Buffalo Robe.

We guarantee every Robe to be wind, water and moth proof, and will not wear bare in spots like a skin robe. They will dry quicker, never get hard, are as strong as leather, and far warmer and more durable than any cheap fur robe. These robes are made in three parts—the Fur Cloth, the Astrachan Lining and Rubber Inter-lining, and all these parts are without seam.

Besides these Saskatchewan Buffalo Robes, we manufacture

Buffalo Fur Cloth Coats,
Black Dog Skin Cloth Coats,
Buffalo Fur Cloth Pea Jackets,
Buffalo Fur Cloth Sleeping Bags.

The immense and steadily increasing sale and demand for these goods is the best evidence of their worth and popularity. For sale in all cities, towns and villages in Canada.
