

FIG.	PAGE
77. MARKED PROLIFERATION OF THE ENDOTHELIUM OF THE CAPILLARIES DIVIDING THE MYOMATOUS TISSUE INTO ALVEOLI.....	99
78. COAGULATION NECROSIS AND HYALINE DEGENERATION IN AN INTERSTITIAL MYOMA.....	100
79. GENERAL AND DIFFUSE CYSTIC FORMATION IN A MYOMA.....	101
80. THE GENERAL CONTOUR AND RELATIONS OF THE MYOMA SEEN IN FIG. 81.....	102
81. COMPLETE CYSTIC DEGENERATION OF PORTIONS OF A MYOMA THAT HAD UNDERGONE HYALINE DEGENERATION.....	102-103
82. GRADUAL LIQUEFACTION OF A MYOMA.....	103
83. LIQUEFIED AND HYALINE AREAS IN A MYOMA.....	104
84. LIQUEFACTION AND HYALINE AREAS IN A MYOMA.....	106
85. HYALINE DEGENERATION WITH LIQUEFACTION OF AN INTERSTITIAL UTERINE MYOMA.....	107
86. MASSIVE HYALINE DEGENERATION AND LIQUEFACTION OF A LARGE UTERINE MYOMA.....	109
87. A CYSTIC SUPRAPERITONEAL PEDUNCULATED MYOMA.....	110
88. A MULTIOCLULAR CYSTIC MYOMA.....	111
89. A LARGE CYSTIC MYOMA GROWING FROM THE POSTERIOR SURFACE OF THE UTERUS.....	113
90. A LARGE SUPRAPERITONEAL CYSTIC MYOMA.....	114
91. A CYSTIC MYOMA.....	115
92. A LARGE MULTICYSTIC MYOMA.....	117
93. A CYSTIC MYOMA WEIGHING 39 POUNDS AND CLOSELY RESEMBLING A MULTIOCLULAR OVARIAN CYST.....	119
94. A CYSTIC UTERINE MYOMA.....	120
95. A CYSTIC MYOMA OCCUPYING THE ANTERIOR UTERINE WALL.....	121
96. A CYSTIC MYOMA WITH A CAVITY RESEMBLING SOMEWHAT THE INTERIOR OF A HEART.....	122
97. IRREGULAR CYSTIC SPACES IN A MYOMA.....	123
98. A UTERINE MYOMA WITH CYSTIC SPACES CONTAINING MATERIAL RESEMBLING MELTED BUTTER.....	124
99. A DEGENERATED PARTLY CALCIFIED MYOMA.....	126
100. MYOMATA REPRESENTING VARIOUS STAGES OF DEGENERATION.....	127
101. PARTIAL CALCIFICATION OF A MYOMA.....	128
102. CALCAREOUS PLATES IN THE WALL OF AN ARTERY.....	129
103. A COMPLETELY CALCIFIED SUPRAPERITONEAL MYOMA.....	131
104. A SUPPURATING SUPRAPERITONEAL MYOMA.....	136
105. AN INTRALIGAMENTARY SUPPURATING MYOMA.....	138
106. A SUPPURATING INTRALIGAMENTARY MYOMA.....	139
107. A SUPPURATING SUPRAPERITONEAL MYOMA.....	140
108. A SUPPURATING SUPRAPERITONEAL MYOMA.....	141
109. A SUPPURATING MYOMA OPENING INTO THE COLON.....	143
110. A SUPPURATING INTERSTITIAL MYOMA.....	145
111. SLIGHT SUPPURATION OF AN INTERSTITIAL MYOMA WITH PERFORATION INTO THE UTERINE CAVITY.....	146
112. A SUPPURATING INTERSTITIAL MYOMA OPENING INTO THE UTERINE CAVITY.....	148
113. A LARGE SUPPURATING INTERSTITIAL MYOMA OPENING INTO AND INFECTING THE PERITONEAL CAVITY AND ALSO DRAINING INTO THE CAVITY OF THE UTERUS.....	151
114. A DOUBLE UTERUS CONTAINING SUPRAPERITONEAL, INTERSTITIAL, AND SUBMUCOSAL MYOMATA.....	156
115. ANGIOMYOMA.....	159
116. MULTIPLE ANGIOMYOMATOUS FOCI IN A MYOMA.....	159-160
117. ANGIOMYOMA.....	160
118. LIPOMYOMA.....	162
119. LIPOMYOMA.....	163
120. LIPOMYOMA.....	164
121. LIPOMYOMA.....	165
122. A SARCOMATOUS NODULE IN A LARGE PELVIC BLOOD-VESSEL.....	175
123. SARCOMATOUS TRANSFORMATION OF A SUPRAPERITONEAL MYOMA WITH DENSE ADHESIONS TO THE RECTUM AND PELVIC WALLS.....	181
