DAY'S RECORD

Appalling List of Suicides and Fatal Accidents in New York.

New York, Nov. 23.—Suicide, fatal accidents and attempted murder figured strikingly in the history of the news in Greater New York to-day. Ella Devine, aged 21, killed herself with Paris green. Rosie Goldberg, 22, died of arsenical poisoning. Etelma Dworba, a Polish girl of 16, was asphyxiated with gas. Albert Reinhardt, 27, met a similar fate. Mrs. Annie Durkin, 25, and Michael Moore, a baby, fell to death through stairways. Henry Williams, 35, died from the mangle he got under a steam engine. The knife was used twice in anger—Elvett Thomas, 39, being badly wounded by her husband, Henry Thomas, and Thomas Agulista, 55, being stabbed twice by Frank Millago.

LIE NAILED BY KITCHENER

Commander-in-Chief Contradicts Serious Slander Upon British Arms.

Editor Stood Suffers From Another Severe Attack of the Pro-Boer Mania.

London, Nov. 24.—With reference to the story that the British placed Boer women and children in front during the fighting at Graspan June 6, when Gen. De Wet's convoy was captured—a story which has been spread broadcast as an example of British barbarity—the Daily Mail sent a dispatch of inquiry to Lord Kitchener, who replied as follows: "The statement is absolutely untrue and devoid of all foundation. One child was killed and one woman and one child were wounded by the Boers."

As the story has been prominent in the recent anti-Chamberlain campaign in Germany, the Daily Mail has telegraphed Lord Kitchener's reply to all the leading German papers.

Wm. T. Stead, lecturing in London, yesterday said he thanked God that Germany and Europe were bold enough to call his murder crime. "Compared with the slaughter of the innocents was a trifle. Great Britain ought to be beaten in this unjust war. In the American war we employed barbarism, just as we have looted Kaffirs against the Boers and, thank God, we were beaten."

This morning's despatches from South Africa show that the recent fighting near Villiersdorp, southwest of Standerton as to which Lord Kitchener reported nothing beyond the fact that Commandant Buys had been captured after attacking a force of 400 railroad pioneers, was really a serious affair. It seems that Grobelaar's commando succeeded in surrounding and capturing a British force of 400 British Cape railway pioneers. Subsequently Col. Rimington came up with reinforcements and after heavy fighting compelled the Boers to retire and to release their prisoners. The British losses include Major Fisher killed, and three officers wounded. The casualties among the men have not yet been reported.

DIED IN DENVER

A Former Well-known Chathamite Passed Away—Widow and Children Survive.

D. R. VanAllen received the sad intelligence last evening that his son Dr. John Ross VanAllen had passed away at his home, 1144 Clayton avenue, Denver, Colorado.

Dr. VanAllen was well known in this city. He was born here on the 6th of July, 1849, and was in his 53rd year at the time of his death. He practised here with Dr. J. L. Bray and left this city for the west 20 years ago. He was married in Kingston, Ont., and the widow and four children survive.

Owing to ill health his father, D. R. VanAllen, was unable to attend the funeral, which will take place in Denver, where he will be laid by the side of his daughter.

The deceased was one of the foremost cricketers in Canada. Mr. D. R. VanAllen, who is in poor health, has the sincere sympathy of his many friends for the loss of his only remaining son, whom he had not seen for many years.

CABINET CRISIS AT ATHENS

Grecian Ministry Resigns in Spite of King's Protest and Parliament's Vote.

Statement in the Chamber by the Retiring Premier—Rioting Crowds Cheered.

Athens, Nov. 23.—The Greek Premier, M. Theotokis, taking part to-day in an excited debate in the Chamber of Deputies over the recent disturbances here arising from the objection of the students to the translation of the Gospels into modern Greek, quoted from certain letters of the Holy Synod, addressed to Queen Olga in 1899, in which the Synod's reasons against the translation of the Gospels were explained. The Premier blamed the Metropolitan of Athens, Procop of Oecumenidia, for the disturbances. He said the Metropolitan, owing to the weakness of his character, had not the courage to support the Synod upon the occasion of the Metropolitan's audience with the Queen. Referring to Queen Olga, the Premier said her piety, Christian sentiments and nobility of character were the admiration of the whole world. During the war she was everywhere with the wounded soldiers that they could not read the Gospels because they did not understand the text. The Queen then arranged, continued the Premier, for the publication of a translation of the Gospels into modern Greek, exclusively for family use. The recent disorders had been caused, M. Theotokis explained, by the demonstrators assaulting the troops with stones and revolvers. The troops only fired in the air. That was proved by the wounds of the victims being from revolver and not from rifle bullets. Speaking of the dead, tears ran down the Premier's cheeks, and the sitting of the Chamber was suspended for some minutes in order to allow him to regain his composure.

The Opposition was read by M. Delannoy, who accused the ministry of weakness and of being responsible for the murder.

Vast and noisy crowds surrounded the Chamber of Deputies while the debate was going on. The troops, however, were disposed in force and overpowered the assemblies.

The Chamber finally adopted, by a vote of 109 to 87, a resolution approving the Government's action. The Deputies, at the close of the sitting, were safely escorted from the building to their homes. The city is resuming its normal aspect.

THE CABINET RESIGNS.

Athens, Nov. 24.—As a result of the demonstrations against the proposed translation of the Gospels into modern Greek, the Grecian cabinet has resigned. This action was taken in spite of King George's efforts to induce the cabinet and M. Theotokis, the Premier, to remain in office. M. Theotokis considers the responsibility of a judicial inquiry into the recent riots should be left to another cabinet, in order that the truth may be established beyond suspicion. The party of M. Theotokis will support the new cabinet.

MORE RIOTING.

There was a renewal of the rioting to-night, though not on a large scale, with demonstrations against the retiring cabinet. The residences of the ministers were stoned. The crowd were finally dispersed by cavalry. The students continue to occupy the university buildings.

After an audience of King George to-night M. Zaimis, former Premier, completed a cabinet, made up as follows: Premier and Minister of Foreign Affairs, M. Zaimis; Minister of the Interior, M. Zanda-Fylakos; Minister of Marine, M. Topalis; Minister of Public Worship, M. Monferato; Minister of Finance, M. Nergis; Minister of War, Col. Korpas. Until an official inquiry into the causes of the riots has been concluded, M. Zaimis will hold also the portfolio of justice.

FOR FRUIT

Kent County Farmers are Devoting Considerable Attention to Orchards.

The observant ones say that not near as much wheat has been sown this fall as formerly. Farmers, too, are feeding their wheat this fall. In many cases the wheat is so light that it will not bring much more than 50c. a bushel, and the farmers are feeding it in preference to selling it.

Chas. Agar, Chatham township, raised 25 acres of wheat last year, but it is so light that he will not sell it. He says that he will feed his wheat, as thus he can get more money out of it.

There was a shortage of wheat for milling purposes last year, and a still greater shortage is expected this year. The trend of land cultivation in this section is more and more every year towards the culture of fruits. The day will come when the great Canadian Northwest will raise all the wheat and this part of Ontario will raise the fruit.

MUCH SURPRISED

Canadians in London Astounded at Action of Premier and his Minister.

Special to The Planet.

Toronto, Ont., November 23.—"The Evening Telegram's Special Cable," London, Nov. 23.—Canadians in London are astounded at the information conveyed in a cable from Ottawa that Sir Wilfrid Laurier, prime minister of Canada, and Hon. Clifford Sifton, one of his cabinet ministers, attended the Ottawa mass meeting in the interests of the Irish cause, addressed by Messrs. Richmond and McHugh, Nationalist M. Ps.

3RD CONTINGENT FROM CANADA

British War Office Accept the Offer of Six Hundred Mounted Men.

Preparations Going on Actively at Ottawa—Official Acceptance Expected To-day.

London, Nov. 24.—The war department has accepted Canada's offer of 600 mounted troops.

WHAT MAJOR MERRITT SAYS.

Toronto, Nov. 24.—Major Merritt has returned from Ottawa, whither he went to interview the Premier and Minister of Militia relative to the offer of the third contingent. He expressed the opinion that a corps will be recruited in Canada, but that the Canadian government would not bear the expense of the expedition. The government's offer was merely a substitution of Major Merritt's offer made to the war office some time ago, with the additional understanding that the appointment of the officers be made by the Canadian authorities. Major Merritt's visit to Ottawa had to do with his offer to recruit the corps and command it, but it is hardly likely that he will get the appointment, as there are strong grounds for the belief that Col. Evans, of Winnipeg, will be chosen.

GETTING READY AT OTTAWA.

Ottawa, Nov. 24.—No official information has yet been received by the Governor-General of the acceptance by the War Office of Canada's offer of troops for South Africa, but it is understood that the Government has got private information that the offer will be accepted. The department of militia is making all arrangements to be ready to send a third contingent as soon as Britain officially accepts. A cable to this effect is expected to-morrow.

charge of the Children's Aid Society. The object of this is that the board of the child may be secured from the Dresden council. The Society desires to apprentice the lad to a trade and they wish to secure the payment of his board while he is learning a trade.

In connection with this lad, Lucas, there is a story that reflects great credit on the Children's Hospital, Toronto, and gives some evidence as to the good work this institution is doing for sweet charity's sake.

One of the boy's feet was turned so that he walked on the inside of his foot. The Children's Aid Society sent him to the Sick Children's Hospital, where he was treated free of charge. Lucas has returned, quite able to walk on his feet. It is a little stiff, but still he has perfect use of it and can walk upright. The boy is no longer a cripple, and for the rest of his life will be able to walk as other men. What has been done for this one orphan is only one of many that are being done for children all over the Province by the Sick Children's Hospital.

The Transvaal's gold output for October last was 33,393 ounces. An anti-Roberts demonstration occurred at Aldershot on Saturday. Fred. D. Stewart, a C. P. R. brakeman, was killed in the yards at Winnipeg.
