HIGH RATE

It is Expected the Council will Strike it Monday Night—Necessary Works the Cause.

W. S. Marshall, finance minister for the city, and the civic officials, were busy to-day preparing estimates so that the rate of taxation could be struck at Monday night's Council meeting. There is little doubt but that the rate will be very high this year, and no lower than last year. It is expected that the rate will be 25 1/2 mills on the dollar. Last year the small-pox expense raised the rate, this year the Board of Works and the Property committee have had necessary works to prosecute. The Property committee had to repair the fire hall and buy \$400 worth of hose.
