## PREFACE.

---

The publishers, in presenting this their third edition of the City of Kingston and County of Frontenac Directory, desire to state that the object which they trust has been attained, is to provide a work as complete and accurate as compilations of this kind can be. Every house in the city has been visited by our agents and every exertion has been made to secure accurate information.

We intend to issue this work bi-ennially and request our patrons to see that all orders bear our name. We return our thanks to those who kindly aided us in our undertaking.

We beg to call attention to the fact that the houses require re-numbering and the streets re-naming, as several streets have the same name, which is very misleading.

Kingston, September, 1887.
