

Buy that Typewriter Now!

The typewriter is such a convenience to the minister and professional man that it must no longer be considered a luxury, but a necessity.

But little practice is needed to enable you to operate more rapidly than you can write in longhand, and your notes and letters are so compact and legible.

We have typewriters of all kinds for all purposes, from \$15 up; every one fully guaranteed. Write for catalogue and detailed description of machines; also duplicators of different kinds.
