**SYNOPSIS OF DOMINION LAND REGULATIONS**

Any person who is the sole head of a family or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan, or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother, or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother, or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price, \$1.00 per acre.

Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homesteaded entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price, \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

Deputy of the Minister of the Interior.
N.B.—Unauthorized publication of this or any homestead regulations will be held to be an offence.

**Holsteins**

Sell Your Surplus Pure Bred Holsteins

by advertising them in these columns of Farm and Dairy.
Costs you only \$1.40 per inch. Takes your message to upwards of 16,000 possible buyers.

Farm and Dairy will sell your other pure bred stock also.

Make up your mind to sell in this progressive way. It will pay you to fix up ad. to-night and send it to us for next issue. Have it in Farm

and Dairy for several weeks and be convinced that it will pay you as it pays others in Farm and Dairy.

"Use My New 'George' 100 Year Metal Shingle on the Roof and My Zinc Covered Corrugated Iron on the Walls of your Barn"

"THE conditions behind barn building have changed immensely of late years. Labor and lumber cost very high prices. Barns are getting bigger. These new, big barns will cost less if you buy ready-made roofs and walls in metal. Metal and lumber cost so nearly alike that the labor saved by using metal actually brings the cost of a metal barn below that of a wood barn."

"This is so, if you use my big galvanized 'George' Shingle and my Galvanized Corrugated Iron in big sheets. They save so much in labor that they pay to use in barns. At one stroke they save erecting cost and they make a barn lightning-proof, fire-proof, strong, warm and independent of repairs or painting. Fire insurance costs less. Upkeep cost is nothing. Use my 'George' metal

Shingle and Pedlar Corrugated Iron, and you build economically and wisely."

"My 'George' Shingle is made in 100-year non-corroding metal. Each shingle is 24 x 24 inches in size. Your roofer only lays 25 of them, where he would have to lay 600 cedar shingles. See what you save in the labor cost! See how you get a roof that will not rot, leak, rust or burn, like cedar!"

"My Corrugated Iron is nailed on your walls in big 8-ft. sheets that brace the barn framing. A man nails on 24 square feet of metal wall in the time he would nail 5 feet board measure on your barn. There is actual money saved by putting fire-proof walls in metal on your barn."

"Get my new book. It shows how to build a modern barn and get a good barn at little cost. I have spent a lifetime in making Pedlar goods perfect goods at the right price."

G. H. Pedlar
