Dear Sirs—Enclosed find cheque for my advertisement in Farm and Dairy, also containing marked as requested.

I am pleased with any advertising and also the results from the same, and I can assure you I wish Farm and Dairy every success and the compliments of the season.

Yours very truly,

Kerwood, Dec. 28, 1914.

WALTER W. BOWLEY.

Such results as these are being secured by Farm and Dairy for its advertisers from week to week. In writing us sometime ago in reference to a big sale, one of our advertisers in Western Ontario stated that more catalogues were requested through the advertising in Farm and Dairy than in any of the other papers he had used. It clearly points out Farm and Dairy reaches the people who are interested in the purchase of pure bred dairy cattle as our auction sales. If you are planning a sale of any kind, make sure of it being a success by advertising it strongly in Farm and Dairy.
