

The illustration on front cover this issue shows Messrs. Crow & Murray's tandem team, Mr. J. Murray driving. This pair made a sensation in the showing and elicited round after round of applause as they were put through their facings under the skillful guidance of Mr. Murray.

A year ago a great deal of excitement was created in trotting horse circles regarding the winning of the gold cup at Memphis by the fast mare Lou Dillon. After a long siege of litigation, the winning of the cup was upheld in the courts. Mr. Smathers, the owner of the winner, while energetically defending his case at the time, is now showing his disgust with the whole affair by offering the gold cup as a premium for a mile dash between trotting mules.

### A Remarkable Two-Year Old

Since my last report ten cows have made official records that have been accepted in the Holstein-Friesian Record of Merit. These tests are vouchered for by Prof. Dean, of Ontario Agricultural College, or President Cumming, of the Nova Scotia Agricultural College, and unless otherwise stated are for a period of seven days. The amount of milk and butter fat are actual, while the amount of butter is estimated from the amount of fat by adding one-sixth.

The most remarkable of these is the test made eight months after calving by the cow Tidy Pauline DeKol 2nd (4973), which made within 5981 of the amount given at the first test eight months previous.

1. Tidy Pauline DeKol (3522) at 5 y. 7 m. 17 d.; milk, 510 lbs.; butter fat, 19.27 lbs.; equivalent butter, 22.49 lbs. Owner, H. Bollert, Cassel, Ont.
