The LOCK That

7 HEN you decide to put a new roof on that Roof will last three times as long. It only takes 25 of Shingle Roof. You can lay a roof of "GEORGE" Shingles. What's more your "GEORGE" Shingle join-only 75 nails to drive.

barn, see that you make it a "GEORGE" Steel these big "GEORGE" Shingles to cover the same surface as 1000 Cedar Shingles will cover. In a roofer's Shingles in one-third the time it takes for Cedar square of 100 sq. ft. you have only 100 ft. of seams to

Pedlar's "GEORGE" Shingle

is the shingle for the modern barn. Not only does it save All four sides of each shingle are securely sealed. Once it is labor, time and nails, but its construction makes it impervious to the elements. It has a lock that protects you, absolutely, cannot burn-cannot rot-cannot rust-never needs painting from snow, wind, hail, rain, fire and lightning. (See illustration above.) Note that the nailing flange on the right is in.) Shingle for your dwellings and smaller buildings. This completely covered by the next shingle. Nails cannot pull Shingle is identical with the "George" Shingle in everyout, because the whole roof is practically one piece of metal. thing but size.

laid it is there to stay. A "Pedlarized" Roof cannot leak-—and is always clean. Use our "OSHAWA" (16 in. x 20

FOR EVERY POWER USER IF HE GETS A

ENGINE

MORE VALUE, MORE POWER, MORE SERVICE, MORE SATISFACTION.

Does SERVICE, SAFETY and SATISFACTION mean nothing to you? Does money saved in repairs and expense bills, time, equipment, etc., mean anything to you? Get Gilson Facts and find out how the Gilson 60-speed and 100% Service Engines do the greatest variety of work—give the maximum satisfaction—are trouble proof and fool proof. Their scientific design makes them absolutely safe—they are approved by the National Board of Fire Underwriters; no insurance troubles.

NEW FEATURES AND LATEST IMPROVEMENTS.

GILSON MFG., CO., LTD. 2209 York St., Guelph, Ont.

Alpha Gas Engines

THE main object of this handsomely printed and fully illustrated book is to show you how very adaptable the Alpha Engine is, and how it is possible for you to select from the Alpha line just the size and type of engine and the equipment that will best fit your needs for farm power.

IT tells all about an engine which and doesn't stop until you want it is so well built that you can always depend upon it; which is so simple that a boy can run it; that can be run on either gasoline or kerosene; an engine that strison the magneto

to; an engine that will do any kind of work, in any weather, anywhere. Even if you are not quite ready to buy a gas engine send for this interesting book about reliable farm power.

(?) ven sizes, 2 to believe-power. Each furnished in stationary, semiportable, or portable style, and with either hopper or tank cooled cylinder.
