## Empire WATER SUPPLY System

Read what Mr. N. Sangster, of Ormstown, Quebec, Vice-President of the Holstein-Friesian Association of Canada, says regarding the Empire System illustrated above:

Gentlemen;—The Hydro Pneumatic System I purchased from you a year ago is giving excellent satisfaction. We use one tank for soft water and one for hard water. I find that the engine uses very little gasoline, and is very easy to operate. Ten pounds pressure on the tank will force the water to any part of the house.

Yours truly,  
N. SANGSTER

## High Cost of Living

vs.

## Low Cost of Insurance

Midst all the increasing cost of living there's one thing that hasn't advanced,—that's the cost of Imperial Life policies. In fact, an Imperial policy today requires no greater annual investment than a similar policy taken at a corresponding age a dozen years ago.

And the fact that the dividends to policyholders in The Imperial Life have shown a gradual increase every year since the Company's inception makes this investment more attractive now than ever before.

Would you care to know the profit returns being made this year to holders of Imperial profit-sharing policies? Our booklet "The Voice of Experience" gives the information.

A copy will be sent to you post free if you ask for it.
