

**CROPS INSURED  
by the  
Pest Killer**

*Spramotor*  
It isn't a SPRAMOTOR unless we made it

**YOU CAN** get two or three times the crop with the help of a Spramotor, and not only that, but every one will be a better specimen.

This applies to all fruits and vegetables as well as potatoes, and your Spramotor will kill mustard and other weeds, besides spraying on paint and whitewash six times as quick as by brush.

**FREE** Write for Crop Disease Booklet and Government report on spraying.

**SPRAMOTOR CO.**

**"Galt" Galvanized Steel Shingles**

The "GALT" Shingle locks together in such a way that there is no weak point in its entire construction, and it is ornamental as well. It is, therefore, the Ideal Shingle for Dwellings, Churches, Schools, Public Buildings, Barns, etc.

*We also manufacture*

Corrugated Sheets    Barn Ventilators  
Silo Roofs            Barn Roof Lights

Galt, Ontario

**TWO SILOS EACH A LEADER  
IN ITS CLASS**

We are now manufacturing two silos to meet the demands and means of every Canadian farmer. Both are wood silos. Experiments prove that cement and tile silos do not preserve silage perfectly—that nothing but wood will do this.

1. **BURLINGTON CABLE BAND SILOS** are the strongest-hooped silos on the market. The hoop, instead of being a solid iron rod, is a seven-stranded galvanized cable. This cable is protected by patent No. 168358. We use No. 1 Norway Pine Staves, side and end matched and treated with red preservative. THE SILO THAT GOES UP WITHOUT TROUBLE. No scaffold needed. See inside front cover, Christmas number, Farmer's Advocate, London, Ontario.

2. We also make **CRAINE THREE WALL SILOS**. They are absolutely the best equipment that can be purchased by you today. They are permanent buildings. They preserve silage perfectly, and the cost is moderate.

In the **CRAINE THREE WALL SILOS** there are three distinct walls. An inner wall of 2"x6" side and end matched staves (same as in Burlington Cable Band Silos). The centre wall is weather and acid-proof felt, similar to Roofing felt. The outer wall is clear B.C. Fir wound spirally from top to bottom of silo, ship-locked and metal protected. No bands required; an absolutely permanent building.

Both of these silos have Continuous Refrigerator Door System and Interchangeable Doors. We want you to know all about them. Let us send you free complete information. Sold direct from Factory to Farm. Write to-day. Fill in the coupon now.
