Cheese and Butter.

Makers of these articles, in many instances, do not pay the necessary attention to the quality of the Salt they use. Some people think that "Salt is Salt," and it does not matter where it comes from or who makes it. This is a great mistake, for it is essential that to produce the best Butter or Cheese nothing but the purest Salt should be used. The number of prizes obtained by users of—

COLEMAN'S OR RICE'S Dairy Salt

at the various exhibitions is conclusive proof that these brands of Salt stand unrivalled.

Salt in Butter.

When you buy salt for buttermaking, you want salt—not lime or other impurity. You want salt that dissolves quickly—salt that will give a delicate flavor to the butter. You get all this in Windsor Salt.
