"PENINSULAR" RANGES

HAVE WELL VENTILATED OVENS

Maybe you don't know how important it is to have the oven of a range properly ventilated. Unless the ventilation is perfect, everything that is baked, tastes the same.

PENINSULAR RANGES are ventilated just right. The odors and steam are drawn from the oven, and a fresh amount of heated air is supplied, keeping

the ovensweet. And all this without the loss of any heat or waste of fuel.

Each PENINSULAR RANGE has extra wood grate, so that you can use either coal or wood.

PENINSULAR RANGES are well made—they save fuel—and are so handsome in design and finish, that they are ornaments to any home.

Ask your stoveman to show you a PENINSULAR RANGE.

Coughing Hogs CANNOT THRIVE

It will pay you to look after your Hogs at once, and have them ready for the market before prices drop.

We cannot advise you better than to quote you the words of Messrs. Duck & Son, who are among the most successful hog-raisers in Canada.

The Carnefac Stock Food Co., Toronto, Ont.

Dear Sirs,—I have used Carnefac Stock Food for my herd of Yorkshire swine and think there is nothing can beat it. My first acquaintance with Carnefac was when recommended by a breeder to use it for a number of hogs I had suffering from a severe cough. The result was a speedy and permanent cure. This alone established my confidence. I have since used it extensively in feeding, fitting for the show-ring, etc., and always with the best results.
