GOSSIP.

Two ministers were crossing a lake in a storm. When matters become most critical someone cried out, "The two ministers must pray!" "Na, na," said the boatman; the little one can pray if he likes, but the big one maun tak' an oar."

Gibbon, Noah Webster, George Bancroft, George Stevenson and James Watt may have been talented. Nature may have bestowed gifts upon them superior to their fellows, and yet these years of struggle, of painstaking effort, of partial failure, would have scattered that brilliancy to the four winds of heaven, had there not been in each of these lives a large background of patience, a quality of mind stuff that held them close to their work in storm or sunshine, amid good or bad report. The world's history bears witness that progress of the best character, either in individual life or in the life of society, is invariably slow. This is according to every known law. Great results are never achieved in a moment; such may seem to be the case in certain instances, but when it is not an illusion, it is always an exception to the general run of human affairs.—Dr. W. A. Colledge.

MAPLE HILL HOLSTEINS.

Maple Hill Stock Farm, the home of Mr. G. W. Clemons, the well-known breeder of high-class Holstein cattle, lies in Brant Co., Ont., three miles from Brantford Station, and 5 miles from St. George Station, G. T. R. No man associated with the breeding of Holstein cattle in Canada is better or more favorably known than Mr. Clemons, from the fact that for upwards of 20 years the Maple Hill herd has maintained its position as one of the very best in the country, not only as a show herd, where they have always been in the front rank, but also as producers of a very high order, and also from the fact that Mr. Clemons, for some years, has held the position of Secretary and Registrar of the Canadian Holstein Breeders' Association, a position he is eminently qualified to fill, from his thorough and familiar knowledge of Holstein lore, and his courteous and gentlemanly bearing and willingness at all times to use his best endeavors for the furtherance of the Holstein interests. At the present time the herd is somewhat reduced, owing to the active demand for breeding stock, and the almost unprecedented number of sales during the last few months. Still there are a number of choice ones left. A number of the females are the descendants—daughters, granddaughters, and great-granddaughters—of that great cow, Imp. Kaatie De Boor. A word or two about a few of the cows will not be amiss. Princess Pledge De Kol, winner of first at the Pan-American, gave 14,000 lbs. of milk in 11½ months, has a four-months-old bull calf, by the stock bull, that is a rare good one. Kaatie De Boor 3rd, one of the best types of the breed alive, at three years old, gave 10.33 lbs. of butter-fat in 7 days, and at four years gave 13.197 lbs. of butter-fat in 7 days. Kate Claxton gave 48½ lbs. of milk a day as a two-year-old, and her mother, in breeding nine calves, was only dry twice. Queen De Kol 2nd, as a two-year-old, gave 53 lbs. a day, and afterwards won the Provincial dairy test; also, 120 days after calving, made 10½ lbs. of butter in 7 days. Victoria Teake gave 70 lbs. of milk a day, and 13.96 lbs. of butter-fat in 7 days. These are only a sample of the herd, but space forbids further mention. The stock bull is Sir Mercedes Teake, winner of 2nd at Toronto last fall in the aged class, and was not three years of age. His grandam, Daisy Teake's Queen, at a test on a show-ground, gave 2.62 lbs. of butter-fat a day, and 90 lbs. of milk. His dam, Flosetta Teake, gave 70 lbs. of milk a day, but was never tested. His sire was Chief Mercedes De Kol, whose dam, Daisy A. Mercedes, has a record of 19 lbs. 7 ozs. His grandsire, De Kol 2nd's Paul De Kol, No. 2, has a full sister, May Hartog Pauline De Kol, who has a four-year-old record of 29 lbs. 4 ozs. On hand for sale are a few females and three young bulls from 4 to 8 months of age, out of high-class producers, and by the stock bull, that show exceptionally good form, and should make prizewinners as well as great sires.

Youth—What do I have to pay for a marriage license?

Clerk—Well, you get it on the installment plan.

Youth—How's that?

Clerk—One dollar down, and your entire salary each month for the rest of your life.

A BUSINESS MAN'S ENDEAVOR.

To be joyous in my work, moderate in my pleasures, chary in my confidences, faithful in my friendships; to be energetic but not excitable, enthusiastic but not fanatical; loyal to the truth as I see it, but ever open-minded to the newer light; to abhor gush as I would profanity, and to hate cant as I would a lie; to be careful in my promises, punctual in my engagements, candid with myself and frank with others; to discourage shams and rejoice in all that is beautiful and true; to do my work and live my life so that neither shall require defence nor apology; to honor no one simply because rich or famous, and despise no one because humble or poor; to be gentle and considerate toward the weak, respectful yet self-respecting toward the great, courteous to all, obsequious to none; to seek wisdom from great books and inspiration from good men; to invigorate my mind with noble thoughts as I do my body with sunshine and fresh air; to prize all sweet human friendships and seek to make at least one home happy; to have charity for the erring, sympathy for the sorrowing, cheer for the despondent, to be indifferent to none, helpful to some, friendly with all; to leave the world a little better off because of me; and to leave it when I must, bravely and cheerfully, with faith in God and good will to all my fellow men—this shall be my endeavor.—J. H. Tewksbury, in The Worcester Magazine.

FAIRVIEW SHORTHORNS AND SHROPSHIRE.

Fairview Stock Farm, the beautiful home of Mr. John Campbell, the well-known importer of Shropshire sheep, lies in Victoria County, Ont., about three miles from Woodville Station, G. T. R. This is one of the most beautiful and best-appointed farm homes in Ontario. Mr. Campbell seems to have left nothing undone that would tend to the beauty and comfort of his home, and the genial whole-hearted welcome that greets the visitor, forces him to the conclusion that Mr. Campbell and his worthy life partner are truly at peace with the world. Twenty-one years ago Mr. Campbell received his first importation of Shropshire sheep. Since then, almost yearly importations have been made. No flock of Shropshires on this continent have received more or greater honors at all the leading exhibitions of both Canada and the United States, including the World's Fairs at Chicago and St. Louis, the Pan-American at Buffalo, and the International at Chicago, as the scores of first-prize and championship ribbons to be seen tastefully displayed in his cosy office testify. At the World's Fair in St. Louis this Shropshire flock won three times as much money as any other flock exhibited, including the breeders' and exhibitors' premiums of honor. At present, the flock numbers about 150 head. This season's crop of lambs are the get of the imported Mansell-bred ram, Fair Star Rose, whose get at the International at Chicago, in a pen of four lambs the get of one ram, have won the honors three years out of four exhibited, and Imp. Belvoir Sirdar, the grand champion at St. Louis, and the first-prize and silver-medal winner at Toronto. He is a Mills-bred ram. There will be 75 head for sale of both sexes this fall. The Shorthorns all belong to the fashionable Strathallan strain. They are an exceptionally choice lot, being thick, level, and straight-lined. At present, Mr. Campbell has sold all he can spare. In the splendid stables may be seen a few choice Clydesdales, among them a two-year-old stallion, by Pioneer (imp.), he by Sir Arthur, by Sirdar, by Darnley, dam Fairview Queen 2656, by Imp. Queen's Own, a son of the great Prince of Wales. It will thus be seen that this lot carries the blood of two of Scotland's greatest sires—Darnley and Prince of Wales. He is a big, quality colt, with grand bone, and acts well, and should develop into a horse of more than ordinary size, style and quality.

Bog Spavin

Once the lameness and remove the bunch without scarring the horse—have the part looking just as it did before the blemish came.

Fleming's Spavin Cure (Liquid) is a special remedy for soft and semi-solid blemishes—Bog Spavin, Thoroughpin, Splint, Curb, Capped Hock, etc. It is neither a liniment nor a simple blister, but a remedy unlike any other—doesn't irritate and can't be limited. Easy to use, only a little required, and your money back if it ever fails.

Fleming's Vest-Pocket Veterinary Adviser describes and illustrates all kinds of blemishes, and gives you the information you ought to have before ordering or buying any kind of a remedy. Mailed free if you write.
