GOSSIP.

Wholesale stealing has been carried on recently throughout certain sections of Erie and Potter Counties, Pennsylvania. One creamery was robbed of 400 lbs. of butter, and a cheese factory finds itself short by about a ton of cheese.

R. F. HICKS' HOLSTEINS.

The Queen City Holstein herd, the property of Mr. R. F. Hicks, a little west of Newtonbrook, through which the street cars from Toronto pass every hour up Yonge St., at the time of our visit a few days ago were in fine condition. At present, the herd numbers 30 head, nearly all belonging to the noted Faforit strain, the strain that has produced the first-prize and championship cow at Toronto for the last two years, and to the credit of this herd, be it known that this is the herd that produced the champion cow of both years, and there are a number of others in the herd nearly if not quite as good individuals—daughters, granddaughters and sisters of those bred from cows with official records of from 21 to 26 lbs. of butter in seven days. Many of the younger ones, the get of Count Mercena Posch, whose dam, Mercena 3rd, has an official seven-day butter record of 27 lbs., and whose sire is a full brother to the champion Alta Posch, whose two-year-old official butter record is 27 lbs. in seven days, and his dam, Alta Posch, made the world's record of 7 lbs. of butter-fat in two days at Guelph, and whose seven-day butter record is 24 lbs. The present stock bull is Faforit's 5th Gamey, whose dam, Faforit 5th, has an official seven-day butter record of 26 lbs. A herd bred on such show and producing lines, must surely be a very desirable herd to get foundation stock or herd-headers from. In young bulls, there are only two left, one ten months old, the other seven months. In heifers, there are a number of two-year-olds, nine of which are in calf to Count Mercena Posch, to come in in January and February next, among which are coming Toronto winners sure. Two are daughters of Faforit 3rd, and consequently half-sisters to the Toronto champion, Faforit 7th. Besides these are several younger heifers, an exceedingly choice lot. Write Mr. Hicks, to Newtonbrook P. O., or call and see his herd.

WOODSTOCK BERKSHIRES.

The Woodstock herd of Large English Berkshire, the property of Messrs. Thompson & Seymour, of Woodstock, Ont., were looking their very best at the time of our visit, a few days ago. The Woodstock herd, as is well known, is one of the best herds in Canada, containing, as it does, a number of Toronto and other winners. Half a dozen of the 12 or 15 brood sows now in the herd are imported, the balance bred from imported stock, and nearly all daughters of the great stock and show boar, Polgate Doctor (imp.), the whole making an aggregation of brood sows that, for excellence of type, size and quality, are seldom seen together in any one herd. Among them are such rare good ones as Imp. Crompton Queen, a full sister to Imp. Polgate Doctor, a sow of great scale and ideal type, with strong bone and quality throughout. Her daughter, Compton Flower (imp.), another big, good sow, by Polgate Doctor, has just weaned a litter of extra nice youngsters. Durham's Don (imp.) is another big, strong sow with great length and depth of side, and straight lines, and thus we might go on, did space permit. The main stock boar is Imp. Woodstock Ideal, and, as his name implies, he is an ideal with length, depth and a smoothness and evenness throughout seldom seen. Second in service is Woodstock Laddie, a son of Imp. Polgate Doctor, a hog of great scale, very even and a superior sire. On hand for sale are a number of both sexes, and of various ages, and pairs can be supplied not akin. If in want of breeding stock, write at once, as they will go rapidly. Mr. Thompson is also offering for sale a number of extra choice Silver-grey Dorking cockerels, bred from prizewinning stock. Among them are winners sure. Write for prices to D. Thompson, Woodstock, Ont.
