

STRENGTH FOR THE WEAK

Relief for the Pain-Worn

DO YOU SUFFER FROM

Nervous Debility, Loss of Strength, Rheumatism, Back-ache, Indigestion and Constipation? They are Quickly and Forever Cured by the Grand Product of Nature, DR. McLAUGHLIN'S Electric Belt. Send for My Free Book About It.

If you have doctored and dosed yourself without benefit, if you are tired of paying money for useless treatment and ruining your stomach with nasty drugs, like thousands of others, you will come to me as a last resort, and I want you to come now. Don't delay. If I say I can cure you, you can depend upon it. Will you try me? Do it now.

No person should be weak, no person should suffer the loss of that vitality which renders life worth living. No one should allow themselves to become less a man than nature intended; no one should suffer when there is at hand a certain cure for their weakness and loss of vitality.

Most of the pains, most of the weakness of stomach, heart, brain and nerves from which many suffer are due to an early loss of nature's reserve power. You need not suffer. You can be restored. The very element which you have lost you can get back, and you may be as happy as any one that lives.

My Dr. McLaughlin's Electric Belt

will restore your strength. It will give back the old vigor of youth. The loss of your health causes Kidney Trouble, Rheumatism and Stomach ailments. You know it's a loss of vital power and affects every organ of the body. Most of the ailments from which you suffer can be traced to it.

The confidence I have in the wonderful curative powers of my Belt allows me to offer any man or woman who can give me reasonable security the use of the Belt at my risk, and they can

PAY WHEN CURED

I have cured thousands who have squandered the savings of years in useless doctoring. My Belt is easy to use; put it on when you go to bed; feel the glow of heat from it (no sting or burn, as in the old-style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

What ails you? Write and tell me, and no matter where you are I think I can give you the address of some one in your town that I have cured. I've cured thousands, and every one of them is a walking advertisement for my Belt.

Those who have used it recommend it, because it is honest. It does great work, and those whom I have cured are the more grateful because the cure costs so little.

Dear Sir,—I am pleased to tell you I am quite cured of rheumatism, and I thank you again for what your Belt has done for me. I have been able to work like another man, now that I am cured, and if I can be of any assistance to you in recommending your Belt, I will be pleased to do so. I tell every one who asks me about the change in me, and I tell them it was your Belt that did the work. They hardly believe it, but I can walk now without crippling, and stand upright, which I could not do before for years. I can say that it was the best use I ever made of my money when I bought your Belt. I can hardly express my feelings in giving it enough praise. Yours truly,
W. ATWELL, Bolton, Ont.

you and your Belt, which I only wore for three weeks, and have it laid aside as good as new. To put the whole thing in a nutshell, every joint in my body and my back is working like a new clock. My work is no bother to me, and I thank you again for the cure of my back and stomach, and for my whole system. Do not be afraid of letting any one see this, and if they are not satisfied with this, send them to me and I will prove it to them. After suffering for the most of four years, you and your Belt cured me. I came here from Scotland for that cure, and I am for stopping in this country now. I am here to witness all I have said. Wishing you all kinds of prosperity and success for your good remedy, I close, remaining,
JOSEPH ARMSTRONG, London, Ont.

Dear Sir,—About three years ago I bought one of your Electric Belts for Rheumatism in the legs, and after a few weeks' wear of the Belt I was so much better that I left it off. My wife was troubled with Neuralgia in the head, which was so severe as to almost drive her out of her mind. At my suggestion she tried your Belt for it, and it gave her almost instant relief, and she has had no return of the severe pain since. I consider it was worth many times what I paid for it, as I had tried many kinds of medicine and many doctors, and they had all failed to even give relief. It is the best thing I ever saw for Neuralgia and Rheumatism, and I can heartily recommend it to all who suffer from these troubles. Thanking you sincerely for your help, I remain, Yours very truly,
WILLIAM BROCK, Listowel, Ont.

Dear Sir,—I am glad to say that I never felt better in all my life, and all the praise is due to

WHY WESTERNERS ARE SO PROUD OF THEIR COUNTRY.

Can Grow Best Wheat on Earth. Both the story and the success of Purity Flour begin in the rich, black, heavy soil, the gumbo, as it is called, that characterizes the plains of Western Canada. After examination by the world's foremost scientists, this soil has been proclaimed the richest on the earth's surface in every constituent that goes to the making of wheat. Western Canada must, therefore, be looked to for their wheat by all the wheat-eating countries that want the best flour, or require full hard wheat. So that the reason for the existence of the great St. Boniface mill of the Western Canada Flour Mills Company at Winnipeg lies in the fact that it

stands at the door of the Province which possess this rich wheat soil.

The Western Canada Flour Mills Company has a far-reaching system of storehouses scattered throughout the entire West, which are used both as purchasing depots and flour warehouses. Along the main and branch lines of the Western railroads there are at present over 75 of these, and this number is being constantly added to as new lines of railroad open up virgin wheat country. They have a capacity of over two and a half million bushels. As fast as the wheat is bought, and required at any of the company's mills, it is shipped to Brandon, Winnipeg, or Goderich, in which cities the company's mills are located.

The St. Boniface mill is one of the show places of Winnipeg. Among millers it is famous as one of the most per-

fectly-equipped, large, modern mills in the world. In extent, the property covers over 12 acres. The mills, which were completed in 1906, cost over \$1,000,000. The mill proper is seven stories in height, with a floor space of 75,000 square feet; and apart from the mill, there are 14 tanks, with a capacity, including the warehouse, of over 500,000 bushels; an elevator that has a capacity of 45,000 bushels, and an electric-power plant from which is distributed power, light and heat for the entire establishment.

The mechanical equipment is nothing short of marvellous. Its amazing completeness may be estimated from the fact that in the huge seven-story building of the mill itself there are less than ten men employed; the entire work being carried on by automatic machinery.

Is it any wonder these Westerners are proud, proud of their country and its soil, their wheat, and of the product of that wheat, i. e., Purity Flour?

A story is told of a west country bishop who rebuked the sporting parson for his hunting proclivities. "I hear you go fox hunting a good deal," he observed one day. "You ought not to do this; there is plenty of work to be accomplished in the parish." "But," protested the vicar, "fox hunting is merely healthy exercise; besides, I hear you were at a ball the other night." "In a sense that is so," replied the bishop, "but, truly speaking, I was three or four rooms away from the ballroom."

The vicar smiled, and then retorted: "I am always three or four beds behind the fox, so what's the difference?"
