is different. It is simplicity itself because it's built right. The "Economy" Furnace is so simple that you, or the boy, or the girl can attend to it. Whether it is thirty above or thirty below zero, you can have an even, summery temperature in every room in the house. I have noticed that folks who own Pease Furnaces are a happy, contented lot, because the "Economy" certainly does cut out furnace fuss and bother. It's the perfect construction of the Pease "Economy" Furnace that counts. You want to know more about the "Economy" before investing a dollar in any heating system. Look for my talks. They will interest you.
