

Just One Tubular Cream Separator THE SHARPLES TUBULAR

Later than, different from, vastly superior to all others. Built on the only known principle of correct separator construction. Free from troubles of common separators. Patented. Has no imitators. Put common separators out of date years ago. In world wide use. Probably replacing more common separators than any one maker of such machines sells.

Sharples Dairy Tubular Cream Separators contain neither disks nor other contraptions, yet produce twice the skimming force, skim faster and twice as clean as others. Make extra profit by saving what others lose. Much easiest to clean. Wear a lifetime.

Waste No Time on common separators, for they will not satisfy you. You will always remember you might have had a later and a better one, and regret that you did not get a Tubular in the first place.

GUARANTEED FOREVER by the oldest separator concern on this continent. The manufacture of Tubulars is one of Canada's leading industries. The World's Best. Write for catalog No. 193.

Steel Tanks

MADE IN CANADA.

MADE by a reliable firm. That means we stand behind our goods.
MADE to last a lifetime. Poor tanks will last but a short time.
MADE to hold water. What good is a leaky tank? A nuisance!
MADE not to bulge or strain. Our bracing takes care of this.

I H C Manure Spreaders Have Proved Their Efficiency

3 1/2 %

On Your Savings

You would accept a higher salary if it were offered to you, so why not accept our offer to pay you 3 1/2% interest on your savings instead of usual 3%? Our \$2,000,000 assets is your Security.

Agricultural Savings & Loan Co.,
109 Dundas St., London, Ont.

WHEN it comes to choosing a manure spreader there is no need to run any risk. Satisfaction is a certainty if you choose an I H C. These machines have been proved under all conditions. Their efficiency is a matter of record.

The superiority of I H C spreaders is not due to any one feature of construction but to the care—the material—the brains—that are used in making every part. I H C spreaders have many advantages—all of which tend to make the machine, as a whole, more perfect than any other. It is folly to suppose that one or two good parts make a satisfactory spreader.

A close comparison between I H C Manure Spreaders and others, will result in your choice of one of the I H C line—the Corn King or the Cloverleaf. You will see the many features which place I H C spreaders so far in the lead in simplicity, strength, efficiency, and durability. You will notice the absence of troublesome gear wheels, the few levers, the perfect-working apron, the wide range of feed, the light draft, and the other advantages which have made I H C spreaders the choice of careful farmers everywhere.

You also have a wide range of styles and sizes to select from in the I H C line. Corn King spreaders are of the return apron type. Cloverleaf spreaders have endless apron. They are made in several sizes ranging in capacity from 30 to 70 bushels. See the I H C local dealer for all information and catalogues, or write nearest branch house for information desired.

This Cylinder Shows Why The "EUREKA" Root Cutter

is the best on the market. See how it is designed. Grooved knives, with the grooves on one blade opposite the teeth on the next. Instead of slicing or pulping, the "Eureka" turns out roots in shreds—thin narrow strips—suitable for any kind of feeding. The "Eureka" shreds from one to two bushels a minute, and turns so easily that a child can operate it.

In the "Eureka" the feed is kept free from dirt, the feeder bottom being made with iron rods, thus allowing all dirt to drop out before it can reach the shredding cylinder. The sloping form of the cylinder makes the machine self-cleaning. Write for catalogue which explains fully. The Eureka Planter Co., Limited, Woodstock, Ont.

WE HAVE farms of all sizes, suitable for all kinds of farming, in every county in Western Ontario. We have a number of farms to exchange for larger or smaller farms, or for City or Town property. Write, call or telephone us for our catalogue, and you will receive same. **The Western Real-estate Exchange, Ltd., 78 Dundas Street, London, Ont.** Telephone 696.
