A Revolution in Chewing Tobacco

A Revelation in Cleanliness

Here it is at last—just what you and thousands of other Grocers have always wanted—plug chewing tobacco put up in as cleanly and attractive a form as candy, sugar or tea.

Dark Chewing

Each plug is individually wrapped to protect it from all dust and dirt, as well as to keep it from soiling the pocket and clothes. The wrappers also keep the tobacco in perfect condition and prevent the plugs being chipped or broken.

Light Chewing

Both **GOOD LUCK** (Dark) and **PACIFIC** (Light) come in these clean wrappers, packed in 2-pound cartons, as shown above.

A Satin Insert Is Enclosed With Each Plug

HANDLED BY ALL THE WHOLESALE TRADE
