

Have you never used **LYMAN'S CONCENTRATED EXTRACT OF COFFEE?**

If not, why not? It is the most economical, refreshing, fragrant, delicious beverage that can be procured. And why economical? Because no more need be prepared at a time than is used, so there is no waste. And why fragrant, &c.? Because it is made from the best **MOCHA** and **JAVA** Coffee that can be obtained. For the breakfast and dinner table, for suppers; when on camping, picnicing, yachting or fishing expeditions, nothing will be found more convenient, as it can be prepared instantaneously, and the bottles are convenient to carry and handle.

Some

use Coffee for its medicinal value. As an aid to digestion it has been long and widely known, and prepared in this way it is highly efficient and convenient.

This extract is prepared by a peculiar scientific process, by which all the more desirable qualities of the berry are preserved without injury, while the bitter principle is carefully excluded. This process was invented by an English Chemist of high standing, and requires a special apparatus, which has been patented at Ottawa. It is filled in three sizes, viz:— $\frac{1}{4}$ lb., $\frac{1}{2}$ lb., and 1lb. bottles, and **LYMAN SONS & CO., Montreal,** are the sole m^rs of this celebrated

Coffee.
