

Hantsport

Schr Sea Queen, Capt Ogilvie Hall's Harbor, put in at the wharf here last Thursday with cargo of cordwood for sale.

Mrs. Judson Dalton, who accompanied her husband on his way to British Columbia, as far as Boston, returned to Hantsport Saturday.

O. M. Sanford, field secretary and organizer for provincial Sunday Schools, accompanied by his wife were in Hantsport Thursday and Friday.

The schr Calabria, which collided with another of the towns of the Gypsum King during the recent storm, and had her stern damaged, is to be repaired at Summerville slip.

Rev. Chas. DeW. White, rector of St. James' church, Kentville, was in town Wednesday on his way to Windsor to attend the Denary meeting held there Wednesday evening and Thursday.

Capt. F. A. Smith, who came from England to see his father, the late Capt. Alfred Smith, of Mt. Denison before his death, arrived here on Tuesday, April 30th just too late to see his parent alive.

Newton Shaw of this town has secured a position as foreman on Howard H. Bligh's farm, Woodville, Kings Co. Mr. Shaw and family moved to their new residence last Wednesday. He couldn't get along without THE ADVANCE and had it sent to his present address.

We regret to say that Johnnie, the six year old son of F. E. Pentz, drug gist, died last Thursday morning.

This is the first death to occur within the town limits since the opening of the new year. The funeral was held Sunday and was largely attended.

Mr D H Martin has a cook stove in use 42 years. It is for wood only and during that time at an average of 10 cords yearly, it has consumed 420 cords. It piled in a row, cord high, it would reach nearly three-quarters of a mile. Better stove than we get nowadays.

The people of Hantsport are already talking of the anticipated July 1st celebration to be held here this year. It is expected that the sports, races, and grand parade will eclipse that of last Dominion Day. All interested are cordially invited to meet in the Hantsport Hotel next Friday evening.

We want to make an early start, appoint committees and arrange things so that nothing will be left undone to make the celebration a grand success. Remember, Friday night at Hantsport Hotel.

The big tug Gypsum King arrived at the wharf here Wednesday, and was provisioned by our grocer across the way, Chas Davison. Capt Blizard reports a terrible storm off the New England coast. The tug had four vessels or barges in tow, and during the gale the hawser parted; the tows were gathered up again, and brought to Horton Bluff last Tuesday night. The captain swapped newspapers with me, giving in exchange for local journals some late New York and Boston papers. Thanks. Come again.

Shipbuilding operations will be commenced at once in the J B North yard. W C Balcom has the general management for the company. Nelson Pearson, the efficient builder, will have charge of the working plant, while Capt. Benj. Trefry, who is a large owner will remain at the yard helping the construction of a tern schooner which when completed this fall he takes as captain. We wish the promoter W C Balcom, every success so far as the revival of shipbuilding in the town. Local and New York parties are interested.

Dr Silas T Rand, that noble and self-sacrificing Micmac missionary, in addition to the never-dying monuments of his work in the way of Christianizing the aborigines of this province, has left a priceless legacy to scholars in his wonderful Micmac translations. Town Clerk Geo. Comstock has on the shelves in his office a complete number of Dr Rand's works as follows: New Testament, Mark to Revelations, Books of Acts, Matthew, separately, Book of Matthew and John, Exodus and Psalms. There is also a very interesting Micmac dictionary giving English words and the Micmac equivalent. Dr. Rand left translations of English hymns in Latin. As long ago as I can remember when in school, in common with many others, I have listened to the reverend missionary's songs in Micmac "Mow ax ad deo—Oh, how he loves!" He rests from his labors in Hantsport cemetery.

The boat Oceana Spray, which the renowned Captain Silcumb made his voyage around the world, will be exhibited at the Pan-American fair at Buffalo, N. Y., this summer.

BRIGHT'S DISEASE OF THE KIDNEYS

Mr. Andrew Duffin Aultsville Ont., writes:—"I was troubled with Bright's disease of the kidneys for five years. I tried a number of doctors and preparations but got no relief. My son advised the use of Dr. Chase's Kidney Liver Pills. I got a box and to my surprise, I got a relief at once and am now thoroughly cured. One pill a dose 25 cents a box.

J. S. Woodworth, J. P. of South Berwick, is suffering from a prolonged attack of heart trouble.

TO CURE A COLD IN ONE DAY Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure 25c. E. W. Grove's signature is on each box.

When You Eat

Do you have a feeling of undue fullness in the stomach, belchings, or sour or bitter risings? These are but a few of the symptoms of the diseased stomach. The worst thing which can be done for the stomach in such a case is to take some tablet or powder which merely gives temporary relief from discomfort. The best thing to do is to begin the cure of the disease by beginning the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and makes the "weak" stomach strong, and puts the body in a condition of vigorous health.

"I was troubled a long time with dyspepsia, torpid liver, and constipation," writes Mrs. Julia E. Deal, of Ottawa, Ireland Co., N. C. "Could scarcely eat anything at all; would have attacks of pain something like colic, and sometimes it seemed as though I could not live. I wrote to Dr. V. Pierce, stating my condition, and in a few days received a kind letter of advice, telling me to use Dr. Pierce's Golden Medical Discovery. I took four bottles, and one visit of Dr. Pierce's Pellets, and now I can eat anything I want and it don't hurt me. I have not been in bed a day since I took your 'Golden Medical Discovery,' and I have not since felt any symptoms of disease. I have not taken any medicine in twelve months."

Dr. Pierce's Pleasant Pellets cure constipation.

HANTSPORT

Rev Mr Fisher was in town this week.

Mr John H Martin is quite seriously ill with pneumonia.

Abijah Parsons and daughter of Boston are visiting relatives in town. Geo. E. McDonald, representing Percival & Senex, Montreal, well known to Hantsporters, was in town last week.

Mrs Anna Andrews who has been seriously ill at her daughter's, Mrs. Edwin Shaw, Windsor, is recovering. Her eldest daughter, Mrs Bligh of Truro was with her last week, returning to her home on Saturday.

Elmore Faulkner, Mt Denison went to Bucksport, Maine, Wednesday. He expects to work on ships being built there, putting in iron knees. Mr Faulkner was foreman of employees under Thomas Morgan of this town, working for E Churchill & Sons, and others.

Donald Hutchinson of Lockhartville brought in my office Monday some good specimens of coal, found in a ledge in a creek on his farm. The find should be followed up. It would be a tremendous boon for things in this vicinity if coal was found in paying quantities.

GOT CORNS

Foolish to keep them if you have? No fun in corns but lots of pain. Putnam's Painless Corn Extractor raises corns in twenty four hours. Get a quick crop by raising it—druggists sell it.

No HOME should be without it. The Killer, the best all-round medicine ever made. Used as a liniment for bruises and swellings. Internally for cramps and diarrhoea. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c. and 50c.

To find out how many rolls of wall paper will be required to hang a room multiply the length in feet of each wall by the height and add the four together, taking out the square feet of each door and window, or half roll for each. Divide the whole by thirty three, the width of paper, and you have the number of rolls needed, including waste.

When hanging wall paper don't attempt to trim the selvage off with shears. After pasting, turn the ends back and fold down evenly, thus covering all the pasted surface. Then place a smooth, thin and straight edged board upon the paper so as to leave the selvage free. Now cut with a sharp knife; a perfectly straight edge will result. If the paste be properly made the paper will not stick to itself in the short time necessary, and being unexposed will not smear everything it touches. A much neater job may be done if the operator will work from left to right and stick the paper at the top first. In this way unless he be left handed, he will not be working in his own light, and if the wall be true, can be certain of getting the paper straight. —Farm Journal.

Mirand's Liniment Cures Gargol a Cw.

Ups and Downs of the Browns.

(Smart Set)

Brown has a cozy office. On the twenty-second floor Of a modern office building With conveniences galore. Electric lights and mail chutes And everything first-rate And an elevator starter Which is strictly up to date.

Now Mrs. Brown came in one day, A smile upon her face; Took elevator No. 6, And launched forth into space. 'Tis safe to say she'd hardly gone Beyond the second floor When Mr. Brown came sailing down Serene in No. 4.

"Hey, Mr. Brown!" the starter cried, "Your wife went up this minute." A car was just about to start, And Mr. Brown jumped in it. "You'd better wait till she comes back!" The starter tried to shout, But up went Brown—a car came down, And Mrs. Brown stepped out.

The starter shook with hidden mirth. He didn't dare display; "Your husband, mum, went back," he said, "But crossed you on the way. Just take a chair and rest a while, He'll surely come right down." She wouldn't listen; up she went—While down came Mr. Brown.

He went back up—his wife came down, And headed for the door. While Brown ransacked in wild despair The twenty-second floor. As out into the street she passed, With proud, uplifted chin, "I hope they'll meet in heaven," said The starter with a grin.

John Layton, Mt. Denison, had his fishing boat stolen Tuesday, April 30. Three suspicious looking characters passed through the neighborhood during the evening of that day. It is suspected they stole the vessel and skipped across the Bay. Mr. Layton is making a sharp inquiry after the thieves.

It may not be generally known even in Kings county, that there is a spring bed, mattress and couch manufactory at Scott's Bay. C. C. Jess has quite recently taken up that work. He was in Hantsport a few days ago for the purpose of securing an agent for his business. Mr. Jess says, trade is growing.

A pathetic story comes from California, of Dr John Starr, a believer in the transmigration of souls, who on his death bed a few years ago, told his daughter Rose that he should return to her in the form of a butterfly. The butterfly came, large, white and velvety, resting on her shoulder, hand or head, remained with her all summer, returned the next, and with the return of spring is with her again. Both Miss Starr and her mother are firm in the belief that Dr. Starr lives in the butterfly.

More Amalgamation—Parish Councillor: "Will I do vote that that the two parishes be marmaladed. Chairman: Our worthy brother councillor means, I understand, that the two parishes should be jammed together.—Punch.

An old bachelor says that widows who cry easy are the first to remarry. Well, there's nothing like wet weather for transplanting.

A new servant maid named Maria Had trouble in lighting the fire. The wood it was green, So she used gasoline, And she's gone where the fuel is drier.

RICH, RED BLOOD

ABSOLUTELY NECESSARY TO HEALTH AND STRENGTH

Through the Blood Every Organ, Every Nerve and Every Tissue in the Body is Nourished—If the Blood is Impure Disease Takes Possession of the System.

If you want to be well take care of the blood. The blood is aptly termed the vital fluid, and it is through it that every organ and every tissue of the body is nourished. If the blood becomes impoverished, the entire system is in danger of a breakdown, and what is termed anaemia, general debility, or even consumption may be the result. Prudent people occasionally take a tonic for the purpose of keeping the blood pure, but the unwell are those to whom this article is chiefly valuable, as it will point out an easy and speedy means to renewed health. Mrs. Joseph Herbert, who keeps a grocery at the corner of St. Germain and Hermeins streets, St. Sauveur, Que., tells the following story of broken health and renewed vigor: I suffered for many months, said Mrs. Herbert, from an impoverished condition of the blood, coupled with extreme nervousness. I was very pale and felt languid and indisposed to exertion. A dizzy sensation arising quickly from a chair, or coming down stairs, often troubled me. The least exertion would leave me almost out of breath, and my heart would palpitate violently, while at other times I would feel a smothering sensation. Often my face and arms would puff, and the arms become almost useless. I doctored more or less for the trouble, but did not get any real benefit until I began the use of Dr. Williams' Pink Pills.

I have been using the pills only a few weeks when I found myself growing stronger and better in every way. I continued taking the pills for nearly three months—for I was determined the cure would be thorough—but sometime before I discontinued using them I felt in better health than I had enjoyed for years before. My sleep is now healthful and refreshing, my appetite excellent, and I feel equal to almost any exertion. I feel that I owe all this to Dr. Williams' Pink Pills, and it will always give me pleasure to recommend them.

It is the mission of Dr. Williams' Pink Pills to make rich, red blood, nourish the nerves, tissues and various organs of the body, and thus by reaching the root of the trouble drive disease from the system. Other medicines act only upon the symptoms of the disease, and when such medicines are discontinued the trouble returns—often in an aggravated form. If you want health and strength be sure and get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. If your dealers cannot supply you the pills will be sent post paid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

A boy named Bub Carrol was monkeying with a gun, which went off and shot him, moving us to the following epitaph: Here lies what is left Of little Bub Carrol, He was cleaning his gun And blew down the barrel.

Doctors agree on two points: That grippe and consumption Kill more people than all other diseases. That SHILOH'S CONSUMPTION CURE cures more colds, coughs, grippe and all manner of lung troubles than all other remedies. It soothes the inflamed tissues, heals the sore lungs, loosens the cough and restores health and vigor. 25c. per bottle. S. C. WELLS & CO. Proprietors, Toronto, Canada.
