"That train, was going at the rate of a mile a minute," said Mr. Wilson. "A friend came and asked me what time the train was making. I told him, and remarked that, allowing for station stops, we would easily reach Torento in two hours. The train was going at such a rate that it nearly left the tracks a few miles above Orangeville."

The Injured at Orangeville The Injured at Orangeville.
Orangeville, Sept. 7.—The victims of the wreck who were being looked after here have most of them returned to their homes, with every hope of a complete recovery from injuries. Df. Henry reports that the condition of Mr. W. J. Bobinson of North Bay, who received injuries to the spine and shoulder, is still serious, and little change has occurred. Mrs. Douglas is improving, and her condition is quite satisfactory. No funerals of any of the victims took place in the town of vicinity yesterday.

Liquor Problem

Prof. Starr's Report is now In The Hands of Hon.

Mr. Hanna

(Special to The Planet.)

Toronto, Sept. 7.—The administration of the whole license commissioners is the solution of the whole liquor problem, submitted by Commissioner J. R. L. Starr in his report to the Government on the problems submitted to him in connection with the Toronto license investigation. He suggests the division of the counties into districts with a head inspector for each.

Mr. Starr's report was forwarded to the bieutenant-Governor-in-Council to-day, and will probably be made public by the Government on Monday.

The Commissioner commends the present Government's recent legislation and discovery of the fact that just enough Western Flour, and the effect of this de vivo make a specialty of the new flour.

The Commissioner commends the present Government's recent legislation to remove the curse of "tied houses," and suggests that it be carried further. He also recommends, it is believed, that in case of the large prices paid for transfers four-fifths should go to the Province and one-fifth to the licensee.

To determine the amount of I-censsfess it is anticipated that Mr. Starr will suggest that a percentage system be adopted, based on the value of the license put up at public tender at stated periods.
