

# TRIED EVERYTHING WITHOUT RELIEF

Until I took 'Fruit-a-lives'  
**SARMA, Ont., Feb. 25, 1910.**  
"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors but derived no benefit whatever. Finally, I read an advertisement of 'Fruit-a-lives'. I decided to give 'Fruit-a-lives' a trial and found they did exactly what was claimed for them. I have now taken 'Fruit-a-lives' for some months and find that they are the only remedy that does me good. I have recommended 'Fruit-a-lives' to a great many of my friends and I cannot praise these fruit tablets too highly."  
PAUL J. JONES

## Two Kinds of People.

The two kinds of people on earth I mean  
Are the people who lift and the people who lean.  
Wherever you go you will find the world's masses  
Are always divided in just these two classes.  
And oddly enough you will find, too, I ween,  
There is only lifter to twenty who lean.  
In which class are you? Are you easing the load  
Of overtaxed lifters who toil down the road?  
Or are you a leener, who lets others bear  
Your portion of labor and worry and care?

## Moral Suasion or Prohibition, Which Shall It Be?

A young man once advised me to advocate pure moral suasion. At a meeting where this young man was present, I said to the audience, pointing to him, 'Some say we ought to advocate moral suasion exclusively. Now, I will give you a fact. Thirteen miles from this place there lived a woman who was a good wife, a good mother, a good woman.' I then related her story as she told it:

My husband is a drunkard. I have worked, and hoped, and prayed, but I almost gave up in despair. He went away and was gone ten days. He came back ill with the small-pox. Two of the children took it, and both of them died. I nursed my husband through his long sickness—watched over him night and day, feeling that he could not drink again, nor ever again abuse me. I thought he would remember all this terrible experience. Mr. Leonard left a liquor-shop about three doors from my house, and soon after my husband was well enough to get out, Mr. Leonard invited him in and gave him some drink. He was then worse than ever. He now beats and abuses me. I went into Mr. Leonard's shop one day, served almost to madness, and said, 'Mr. Leonard, I wish you would not sell my husband any more drink.' 'Get out of this,' he said, 'away, man; clear out.' 'But I don't want you to sell him any more drink.' 'Get out, will you? If you aren't a woman, I would knock you into the middle of the street.' 'Mr. Leonard, please don't sell my husband any more drink.' 'Mind your own business, business man.' 'But my husband's business man?' 'The only if you don't, I will put you out.'

shop so drunk that he can hardly stand.

'What my child, who is only ten years old?'

'The child was picked up in the street and brought home, and it was four days before he got out again. I then went into Leonard's shop and said, 'You gave my boy, Ned, drink.' 'Get out of this, I tell you,' said the man.

I said, 'I don't want you to give my boy drink any more. You have ruined my husband; for God's sake, spare my child!' I went down upon my knees and tears ran down my cheeks. He then took me by the shoulders and kicked me out of doors.

Then, said I, pointing directly to my friend, 'Young man, you talk of moral suasion! Suppose that woman were your mother, what would you do to the man who kicked her? He leaped right off his seat and said, 'I'd kill him. That's moral suasion, is it? Yes, I'd kill him, just as I'd kill a woodcock that had eaten my beans.'

Now, we do not go as far as that, we do not believe in killing or persecution, but we believe in prevention and prohibition.—John B. Gough.

# A Sign of the Times

PEOPLE are becoming very careful about what they eat and drink—  
The preference for goods in sealed packages—especially in food stuffs—is now quite definite and becoming more so every day.

We must frankly admit that there are sound reasons for this preference. Food stuffs cannot be exposed to varying atmospheric conditions without losing both strength and flavor. Tea—of all articles of everyday diet (excepting coffee, perhaps) needs protection most, and best merchants have been quick to appreciate the fact. So much is this the case that the selling of loose Tea in bulk will soon be a thing of the past.

RED ROSE TEA reaches you with all its virginal flavor, strength and purity—It is sealed in air-tight packages—dust and damp-proof—

RED ROSE is a blend of the best Indian and Ceylon Teas. —The former assures generous strength and richness—the latter that coaxing, delicate flavor, Qualities for which Red Rose Tea is famed. Ask your Grocer for the 40c. package of Red Rose and you'll get better Tea—Tea that spends farther—for the same money.

You want "Good" Tea—well, "Red Rose Tea is Good Tea"

# CURIOSITY Prompted Many Women To Try PURITY FLOUR

THEY were curious to see exactly what results would be produced by flour consisting entirely of the high-grade portions of the best Western hard wheat.

They were curious to know about a flour that contained none of the low-grade portions, which are found in every wheat berry, but which are separated and excluded from the high-grade in the process of milling PURITY FLOUR.

They were curious to know whether an ALL HIGH-GRADE hard wheat flour was really superior to a mixed hard and soft wheat flour.

They were curious to see and taste the kind of bread, buns, biscuits, cakes and pies PURITY FLOUR would make.

Curiosity prompts you to seek the knowledge they discovered. It's urging you to try PURITY FLOUR.

REMINDER: On account of the extra strength and extra quality of PURITY FLOUR it is necessary, for best pastry results, to add more shortening than you are accustomed to use with an ordinary flour. Add more water when making bread.

Add PURITY FLOUR to your grocery list right now

Burke arose. He's slipped a cog somehow. 'S'pose you turn in and follow the fellow. The banks are standing behind us, and they're standing good money to keep track of this man, and it ain't our business to lose him. 'S'pose you reckon him up a bit.'

Stalvegh Storme turned swiftly down a dark, narrow street, and when his pursuer reached the corner, Storme had disappeared. Search as he would, there was no trace of the man.

'Come out where!' exclaimed the other man.

# Insure Against Serious Colds

Of the many forms of insurance probably that which protects you against the serious results of colds is the most valuable at this time of year when so many are becoming the victims of influenza and pneumonia. By the prompt use of Dr. Chase's Syrup of Linseed and Turpentine you can keep the cough loose, prevent further development of the cold and cure it up in two or three days, whereas the usual lifetime of a cold is three or four weeks, to say nothing of the serious results so frequently the outcome.

A Pullman Car Story.  
A dozen men in the smoking compartment of a Pullman car were discussing the shocking downfall of a Boston minister. The tide ran all one way. Most of them were young—evidently business men, not idlers.

The afternoon passed and evening came, but still on and on walked Storme. They reached a residential portion of the town.

Suddenly Storme turned swiftly down a dark, narrow street, and when his pursuer reached the corner, Storme had disappeared. Search as he would, there was no trace of the man.
