Had roads do not seem to hinder the stork calling; as we hear a son has arrived at Mr. Reginald MacDow's, also one at Mr. A.N. Coulstan's, and a daughter at Mr. Justin E. Gates' all of this town.

Miss A. M. Cogswell is in Lakeville for two weeks.

Several enjoyable sleighing parties have recently taken place among the young people. Supt. of the Mission Circle) where they all enjoyed a hot cup of cocoa, etc.

On the 19th, the "Live Wires" S. S. class, entertained the "Busy Bees" S. S. Class on a drive to Wolfville.

On returning they were entertained at the home of Mr. M. A. McKinnon, teacher of the "Live Wires" class; where they all enjoyed a dainty luncheon, served by the "Busy Bees" class, assisted by their teacher, Mrs. S. L. Gates.

The "Class in the Corner" (boys) gave the "Royal Oaks" (girls) "Sunshine Class" (girls), and "Little Builders" (boys), a delightful drive to Kentville on Saturday, the 26th, and were entertained in the evening at Mr. A. C. Murphy's, teacher of the "Class in the Corner."

Toronto—A new organization, to be known as the Daughters of Canada, with head office here, has been incorporated.

The aims of the incorporation, it is stated, in the letters patent granted by the Department of State, is "to develop a spirit of true patriotism based on love and pride in country."

They also propose to study the constitutional history and geography of Canada, to advance a knowledge of sound domestic principles, to stimulate love for Canadian art, music and literature in our schools and community centres, and "to welcome strangers within our gates, help them to understand our institutions and to encourage them to become citizens of Canada."

It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Selgel's Syrup, also known as "Extract of Roots," contains no opium or other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c a bottle at druggists.

Piles Cured Permanently Without Drugs

Internal Bathing Relieves the Cause.

Mr. A. N. Steele, Cupar, Sask., writes: "I had been troubled with my stomach, Piles and Constipation for years until I had become very thin and looked 20 years older. A leading Doctor in Regina told me that the main canal was badly ulcerated. I gradually became worse, until one day, when purchasing a threshing outfit from Mr. Russel of Regina, Mr. Russel noticed my condition and said: 'I can cure you. Get a J. B. L. Cascade. Well, I did so, and the first night I used it I slept all night for the first time in weeks, and in a short time felt quite myself again. It also cured my piles, which had troubled me for years.'"

If you are troubled with constipation don't drug yourself. Internal bathing with the J. B. L. Cascade is the only permanent way. This wonderful appliance is the invention of Dr. Chas. A. Tyrrell, New York. It is pleasant and easy to use, and will serve the whole family. It should be in every home. See the J. B. L. Cascade at A. V. Rand, Druggist, Wolfville, where it will be shown and explained to you. Ask for 32 page booklet all about internal bathing. It is free, or write Tyrrell's Hygienic Institute, 163 College Street, Toronto, Ont.

THE CURLER'S TOUR

(From Canada, London.)

The Canadian Curlers' visit to Scotland and England has been in every way a success. Although they have had to hand over the Strathcona Cup to Scotland, who won three out of the four Scottish-Canadian matches, they defeated their opponents—Scotland in the one case and England in the other—in the remaining two of these fixtures. As far as the thirty games against district teams were concerned, the Canadians—whose native climatic conditions are so much in their favor—had quite a triumphant progress, suffering only two defeats. Throughout their tour the Canadians have established a reputation among all those with whom they have come in contact as the best of sportsmen. They themselves leave Scotland with the deepest appreciation of the kindness attended them on all hands, and by the Royal Caledonian Club in particular. We are sure one of their spokesmen was in no degree exaggerating the importance of their presence when he claimed that the visit had been fruitful of good results, not only from the personal, but from the Imperial standpoint. It is not the first time that sport has proved the means of knitting closer the kinship of the Empire.

THE PRICE OF PAPER

(From the St. John Telegraph)

It is intimated that the price of newspaper for the second quarter of 1921 will be reduced by a cent a pound, but anyone who supposes that the Canadian newspapers are out of the woods if this reduction becomes effective on April 1 knows little about the facts principally affecting publishers' costs. Before the war Canadian publishers paid a little less than \$40 a ton for newsprint. At the present time they are paying \$120 a ton. This year postage on newspapers is two hundred per cent. higher than it was last year. Freight is still excessive as compared with pre-war rates, and the promised reduction will amount to little. Thus while some lines of business have been benefited by declining prices, and while there is general talk of lower price levels, the cost of publishing newspapers has not declined, and the promised reduction to \$110 a ton for newsprint next quarter would by no means offset the rather excessive costs which the newspapers still have to face and will have to face indefinitely. There is a slump in pulp, and the export demand for newsprint is likely to decline considerably this spring and summer, and it seems hardly probable that the American and Canadian manufacturers can keep the price-nailed up at the \$110 level and still dispose of the larger output resulting from expansion of mill capacity brought about by war prices, by a tremendous American demand for paper and by the booming period for paper stocks. There never was any justification for \$130 paper, and there is no justification for the \$110 level now promised. But the publishers have no choice. They are notified periodically what the price will be, and all they can do is step up to the captain's office and settle. A falling American demand and the offering of stock from foreign sources closed during the war and for a time after may change the situation sharply a few months hence so far as paper is concerned, but most of the other costs which publishers must meet are higher than ever with little likelihood of a change.

NEW SONGS

THE ACADIAN has received from the publishers, Boosey & Co., "The House of Song Fame," Ryrie Bldg, Yonge St., Toronto, a bundle of new songs, including "The Road that Leads to You" (words by Fred E. Weatherly, music by W. H. Squires); "Soy-Yoh" (words by Avery Werner, music by Vernon Earle); "The Barefoot Trail" (words by Marian Phelps, music by Alvin S. Wiggers); "Hush-a-Bye Baby Mine" (words by Percy Watson, music by Charles Bertrand); "The Fairies Have Never a Penny to Spend" (words by Rose Fyleman, music by A. It is a common delusion that more whiskey is being sent into the United States from Britain than in ante-prohibition days. In the year ended November 30, 1913, 1,285,586 proof gallons were exported to the United States against 60,710 proof gallons in the year ended November 30, 1920.
