The Band of Hope will meet on the second and fourth Friday of each month. All children will be welcome.

It is rumored here today that R. N. LeBlanc of Bonaventure has sold out all his lumber interests to the Senator Edwards Co. The purchase is said to have been \$70,000.

The post office lobby, those cool evenings, is becoming a favorite rendezvous for boys and girls, where they cause so much disturbance by their hilarity that the police are asked to keep an eye on them. Parents might assist in this matter, very materially, if they only would.

Rev. W. A. Thomson's Sunday evening discourses in the Methodist church have been particularly interesting and helpful of late. Last Sunday evening his theme was "Cheap Human Life" with special reference to the Quebec Bridge disaster and many lessons drawn therefrom. Next Sunday evening "A London Incident" is his subject.

The following officers were elected and installed for the ensuing year at a meeting of Campbellton Division No. 200 S. of L., Monday evening: W. A. Trueman, W. P. Lizzie Dewar, W. A. John E. MacLean, R. S. Janie Dewar, A. R. S. Jessie Andrew, F. S. Wm. P. Gray, Treas.; Mrs. John Ferguson, Chap.; R. B. Gerrard, C. J. Thompson, A. C. Ina Downs, I. S. Wesley Devereaux, O. S.

The case of Alexander Glidden of Summers, Gloucester County, convicted of shooting a moose in close season was before Judge McLatchy on review, Wednesday. The defendant sought to quash the conviction on the following grounds:—That there was no evidence of the alleged offence having been committed within the time limited by the law and that there was no evidence that the alleged offence was committed by the defendant. Judge McLatchy reserved his decision. R. A. Lawlor K. C. appeared for the crown and W. A. Trueman for the defendant.

Manager Dimock of the new opera house has been very fortunate in securing the LaBarre Bros., minstrels for an early date. The St. John's N. B. Evening Times has the following to say of their recent performance at the Opera House:—The very large audience which greeted LaBarre Bros., minstrels in the Opera House last evening afforded conclusive evidence that despite the popular preference for other lines of amusement a really good minstrel troupe can still get the money. LaBarre Bros., troupe is not a very large one and does not rely on elaborate staging for its effects, but it does put up a first class article of clean, refined minstrelsy and as such is deserving of good patronage. The performance was opened with the usual circle which was unusual in its quality. The songs, some of which were new were well rendered and the four endmen kept the audience in hearty laughter. The jokes were well told and were refreshingly free from suggestiveness or vulgarity.

Don't forget the opening of the Moving Picture show in the Opera House tomorrow night.

Dr. McCully, who limits his practice to diseases of the eye, ear, nose and throat will be at the Waverly hotel, Campbellton, Tuesday, Oct. 22nd, where he may be consulted professionally.

E. H. Purcell, manager of the Schubert Symphony Club and Lady Quartette of Chicago was here yesterday making arrangements for the appearance of this high class attraction in the Opera House in November. Mr. Purcell had to have a guarantee of two hundred tickets before a date would be set and succeeded in getting the sufficient number. Anyone who has not secured a ticket can do so by applying to S. W. Dimock.

S. W. Dimock will open a moving picture show, with all the latest and most attractive films, and illustrated songs tomorrow night in the Opera House. Mr. Dimock has purchased a Powers machine, which is one of the most expensive and up-to-date machines on the market. The manager's full intention is to do his utmost in "getting the best show along this line that has ever been presented here. There will be three changes of films per week and the show will be on from 7.30 to 10.30.

On Monday night Oct. 7th, a large shed at Bonaventure, the property of Mr. LeBlanc, was destroyed by fire. The building was used for storage purposes and contained amongst other things, sixteen sets of double sleds all of which were lost. The total damage is estimated at \$1300; mostly covered by insurance. The flames were first noticed at 7.45 by people staying at Mr. LeBlanc's Hotel and after the alarm there was a general stampede for buckets, in fact anything that would hold water, but every effort to drown the flames was unavailing and in half an hour after the outbreak the whole building was burned to the ground. The fire is supposed to have been caused by the heat generated from some unslaked lime which was stored in the shed.

Premier Robinson has notified those interested in the questions in dispute between the riparian owners and the Restigouche Boom Company that he will be in Campbellton on Monday, Oct. 21st. The first meeting for organization purposes will be held at the office of W. A. Trueman at 8.30 o'clock and the following meetings will probably be held in the council chamber. Premier Robinson constitutes a commission appointed by the government to investigate the complaints laid by the riparian owners that the Restigouche Boom Company has destroyed their salmon fishing by their booming operations. The riparian owners are urging such action on the part of the government as will lead to redress and compensation for their damages by the boom company. It is understood that they estimate their damages at about \$30,000. These proceedings are held under a provision contained in the public domain act passed by the legislature of New Brunswick in 1906. W. A. Mott represents the Boom Co., and W. A. Trueman, the riparian owners.

Will be at Jas. Gillis, Matapedia with an up-to-date line of trimmed hats, on Thursday and Friday, 17th and 18th.

CHRISTIANITY AND ITS BIBLE.

(Continued from page one)

department are Dr. Harper, one of the greatest scholars and college presidents of this generation, and Dr. Burton, who is regarded by many as the foremost New Testament scholar on this side of the Atlantic. A large number of our ministers who, perhaps, would express the old truths in a little different way from Mr. Waring, feel, nevertheless, that in this age of theological construction and unrest, instead of condemning and harshly criticising, we should thank God for scholars like Mr. Waring who patiently and reverently are seeking to make faith possible to so many who have drifted away from the faith of their youth.

Yours very truly,

BATHURST VILLAGE.

The friends and relatives of Alfred White were greatly surprised and grieved to hear of his death which occurred at Lynn, Mass., on September 30th. Mr. White was 39 years of age, and left here about ten years ago to make his home in Lynn. He leaves a widow, formerly Miss Sarah Melanson of this place, who has the sympathy of all in her deep bereavement. Besides his widow, Mr. White leaves to mourn their loss, a father, three brothers and two sisters. The body arrived here by the maritime Friday morning, and was accompanied by Mrs. White and her sister, Mrs. Theo. Langis of St. Anthony, Kent Co., and Richard White, brother, who met Mrs. White at St. John. The funeral took place at eight o'clock Saturday morning, from the residence of his brother-in-law, James Melanson and was largely attended. A requiem service was sung in the R. C. church, and interment took place in the Catholic cemetery. The pallbearers were: Messrs. Hugh Kent, H. A. Melanson, Donald Hachey, Charles Landry, Frank Melanson and Theophilus Hachey. Mr. White visited his home people here in the early part of August and was enjoying the best of health, so his death was a great surprise to his many friends.

On Tuesday we were visited by one of the worst rain and wind storms of this season. A great number of trees were blown down, and one tree was blown across the electric wire, above the church hill, breaking the wire, and a young man by name of Simoneau was almost killed by touching the wire. One finger will have to be amputated.

FEARFUL PAINS

SUGGESTIONS HOW WOMEN MAY FIND RELIEF.

While no woman is entirely free from periodical suffering it does not seem to be the plan of nature that women should suffer so severely. This is a severe strain on a woman's vitality. When pain exists something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

Thousands of women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes women's special pains and irregularities.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Matilda Richardson of 177 Wellington Street, Kingston, Ont., writes: Dear Mrs. Pinkham:—

"Some four years ago my usually good health began to fail. I had severe pains in my back, my head ached, I would have dizzy spells, and during my monthly periods I would suffer intense pain. I was advised to try Lydia E. Pinkham's Vegetable Compound, and I am so glad that I did, for it brought new life and health to me. My monthly periods were natural and painless, and my general health improved. I have not had an ache or a pain since, and feel it a duty as well as a pleasure to tell you what your medicine has done for me."

Mme. Louise McKenzie, of Mount Carmel, Montreal, Canada, writes: Dear Mrs. Pinkham:—

"I had heard so much good about Lydia E. Pinkham's Vegetable Compound before I had tried it, and I am so glad to tell you what your medicine has done for me."
