

HOW THE DAY WAS SPENT.

No Lack of Places of Amusement.

HOTEL BRANT OPENED.

A Handsome Summer Hotel—Big Crowd at Brant House Park—The Beach Thronged—The I. O. O. F. at Milton—The A. O. F. at Buffalo—Other Dominion Day Notes.

Although a quiet holiday as compared with the Queen's Birthday, Dominion Day proved a delightful one for many thousands of citizens. The day was spent in various ways, and the beach all day long was thronged with visitors. The I. O. O. F. at Milton and the A. O. F. at Buffalo were also very successful.

One of the leading attractions of the day on the beach was the opening of the Hotel Brant, the magnificent establishment which is destined to make Burlington more famous than ever as a summer resort. The hotel is a fire-proof brick structure, colonial in style, finished in hard wood, and has accommodation for two hundred and fifty guests. It is situated on a high bluff, surrounded by beautiful lawns and numerous shade trees, and overlooks both the lake and the bay. The hotel is thoroughly equipped with all modern improvements, including electric lights and bells, and exposed sanitary plumbing, and can be heated with hot air furnaces. Every floor is amply supplied with lavatories and public baths. Guest chambers are arranged singly and en suite, with and without private baths, and are handsomely furnished in antique oak, with white iron and brass beds. The dining hall is one of the finest in Canada. It covers an area of nearly 8,000 square feet, and opens out upon spacious verandas. A novel feature of the hotel is its roof garden and roof promenades, where high-class vaudeville entertainments will be held nightly.

Last evening the Messrs. Messrs. Wachenhusen and Boggs, tendered a dinner to the directors of the Hotel Brant Company, and about a hundred friends. The new dining room was handsomely decorated for the occasion, and the dinner was most enjoyable. The floral decorations were particularly beautiful, and the service was of the highest order. The attendance was all that could be desired, and the meal was particularly fine.

Mr. Wachenhusen presided, and at the conclusion of the courses a short toast list was proceeded with. All the speeches were impromptu. The Chairman welcomed the guests of the evening in a most little speech, in the course of which he referred to the many difficulties and obstacles that had been in the way of the hotel project, and concluded with the assurance that the new building would be managed in every way as a first class summer resort.

The toast of the President of the United States was proposed by Mr. John Patterson, and responded to with a capital speech by Col. Sheppard, U. S. Consul.

Hon. J. M. Gibson followed with a brief speech, in which he referred to the Cataract Power Co. referred to the factory projects, the railway plans, and lastly, but not by any means least, the interest which the company had taken in the new summer hotel at the Brant House Park.

The toast of Canada was proposed by Mr. Adam Brown, in an eloquent and patriotic address. Ald. Findlay sang "The Maple Leaf" and Ald. Frank E. Walker and W. J. Grant responded to the toast.

The toast of the Hotel Brant and the contractor was proposed by Mr. Patterson and responded to by Mr. A. C. Coleman.

Coupled with the toast to the bankers were the names of Messrs. Stevens and Travers, and the toast of "Our Host," which brought the evening's jollity to a close.

Thousands of people took in the various performances in the roof garden of the hotel, where a good programme of vaudeville was given. It was delightfully cool in the auditorium, and an orchestra of twelve pieces furnished a capital musical programme.

At the Jockey Club. Over two thousand people took in the free vaudeville entertainments at the Jockey Club track yesterday afternoon and last evening. Manager Sherman has all the arrangements for the nightly concerts there on even a better scale than last year, and yesterday's programme was a good one. It included a black face sketch by the Daltons and a juggling exhibition by Taylor. The feature of the day, however, was the character dancing of the Fenton sisters.

Oddfellows at Milton. About 800 people took in the I. O. O. F. excursion to Milton yesterday. The 13th Regiment Band accompanied them. The feature of the demonstration was the competition drill. Canton Victoria, of St. Thomas, won first prize, and Canton Hamilton, of St. Catharines, won second. The officers of Hamilton Canton were Col. Faulkner, Major Tuckett, Lieut. Findlay, Ensign Brenner. A ten-mile amateur foot race took place and was won by Hamilton runners, as follows: W. Sherring, 1st; J. N. Barnard, 2nd; E. Elliott, 3rd. The time was fast—55 min. 20 sec. Those Thompson won the three mile open bicycle race.

Other Amusements. Several hundred people picnicked at Van Wagner's Beach, and there were also several private picnics at Reservoir Park, and thousands of people went to Dundurn.

Park alone had their quota of people from town. Bay View Park was also well patronized.

(The A. O. F. excursion to Niagara Falls and Buffalo, over the N. E. & B. Railway, was well attended, and the arrangements for the outing were admirably carried out.)

Pipe-Major McGregor and his pipe band went to Guelph yesterday and supplied the music for the Scotch games held there.

TORONTO MAN'S SUICIDE.

First Tried to Kill His Divorced Wife.

FOLLOWED HER TO DAWSON.

Seattle, July 2.—Late advice from Dawson tell of a desperate but unsuccessful attempt by J. LaChrist, on June 7th, to murder his former wife Mrs. Hugh Madden, and of his suicide immediately afterward. Mrs. Madden was not fatally injured.

The tragedy occurred in a cabin occupied by Mrs. Madden in the fear of the Annex saloon. The two were alone in a room when LaChrist made his attack. The woman was struck twice, one bullet passing through the fleshy part of her left arm, the powder burning her dress, and the other piercing her neck below the left ear, and embedding itself in the flesh, no vital spot being touched.

A Mrs. King, who was living with Mrs. Madden, heard the shots, and gave the alarm. As help came, the victim rushed screaming out of the kitchen door. A stream of blood ran down her dress. In the meantime the would-be assassin had turned his revolver on himself, and planted a bullet in his head.

Mrs. Madden was taken to the Goodwin Hotel on Second avenue, and the police were notified. LaChrist was found lying on the floor unconscious, but still breathing. Medical aid was summoned for both, but it soon became apparent that the man would not live. The woman, although badly wounded, was not in any danger.

LaChrist died at 11 o'clock, the same night. He left a letter, in which he stated his intention to murder his former wife and commit suicide. His revolver was found with three of its shells empty.

It seems that the suicide had been pursuing Mrs. Madden for several years, in fact ever since she left him. He had endeavored to persuade her to return to him, she had always refused, and he had made several attempts to take her life, but had been foiled. He followed her to Dawson, where she was running a lodging house over the Annex saloon. They were from Toronto, Canada, originally. Shortly after his arrival in Dawson LaChrist made a vicious attack on her life at the lodging house, but was thrown down the stairs of the building by Thomas Madden, the alleged husband of the victim. As a consequence of his actions, LaChrist was sent out of the country by the police.

Mrs. Madden was making preparations to go to Nome when shot.

Seven Men Were Drowned. Seattle, Wash., July 2.—In the storm off Behring Sea coast, the crew were of course all new, and also exulted. The floral decorations were particularly beautiful, and the service was of the highest order. The attendance was all that could be desired, and the meal was particularly fine.

The reservoir of the Grand Rapids waterworks system burst, letting loose a deluge of more than 100,000,000 gallons of water upon a thickly populated district on the hillside immediately beneath it. The damage is estimated at hundreds of thousands of dollars.

Narcisse Lelievre, of St. Joseph, Bale des Chaleurs, Que., a man about 53 years old, after having pointed a revolver in the ears of Alphonse Legare, because he refused to marry him, shot himself at 1:45 a. m. yesterday. The bullet entered the right temple, causing instant death.

Commercial Matters.

Grain and Produce.

Tuesday, July 3.—Following upon the holiday, business was flat at the Central Market to-day. Strawberries were in fair demand at 8 to 10 cents a box. Raspberries brought 11 to 12 cents and gooseberries 6 to 7 cents a box.

Butter was at 17 to 18 cents a pound and eggs at 14 and 15 cents a dozen. Poultry was scarce, with no change in prices.

Vegetables of all kinds were fairly plentiful, with no change in prices. On the outside meat market choice beef brought 7 to 7½ cents a pound and dressed pork sold at 8 cents. Wheat remains at 75 cents a bushel and oats at 31½ to 32 cents.

Woman's Weakness.

A woman's reproductive organs are in the most intense and continuous sympathy with her kidneys. The slightest disorder in the kidneys brings about a corresponding disease in the reproductive organs.

Dodd's Kidney Pills, by restoring the kidneys to their perfect condition, prevent and cure those fearful disorders peculiar to women. Pale young girls, worn-out mothers suffering with the reproductive organs, and women entering upon the Change of Life, your best friend is

Dodd's Kidney Pills.

Several hundred people picnicked at Van Wagner's Beach, and there were also several private picnics at Reservoir Park, and thousands of people went to Dundurn.

The steamers Macassa and Modjeska carried large crowds between this city and Toronto, this mail on the lake proving particularly delightful.

A GREAT DAY IN OLD DUNDAS.

Annual Picnic of the House of Providence.

ONE OF BEST ON RECORD.

Immense Crowd Present, Including Thousands From Hamilton—Young Ladies, and Men, Too, of This City, Took a Prominent Part.

Dundas, July 3.—The twenty-second annual picnic of the House of Providence was held in the grounds of the institution yesterday. The weather was about all that could be desired, and early in the day the crowd began pouring into the grounds and continued coming up to 4 o'clock in the afternoon, by which time the number present exceeded that of many years past. As usual the grounds looked trim and handsome with their many stately shade trees, fine spacious green swards, here and there decorated with beautiful beds of flowers. At the top of the hill stood booths for the sale of refreshments, presided over by committees of young ladies from the churches of Hamilton and Dundas.

These young ladies, smartly gowned, with their bewitching smiles, did a rushing business till everything in the way of refreshments was disposed of. The band of the 77th Regiment was stationed, and the proceedings were enlivened during the day by music furnished by it. The large building, the home of the inmates, and those in charge, was not by any means the least of the attractions, and during the afternoon was thronged by a steady march of delighted and interested visitors.

The Games.

A large number of the visitors witnessed the programme of games, which were held on the grounds, near the entrance gate. Nearly all the contests, the results being as follows:

Standing jump—John Wilson, J. Kenny.
Running hop, step and jump—John Wilson, Wm. Duckworth.
Running high jump—A. Williamson, J. Wilson.
100 yards race—Eddie Williams, T. B. Brandon, D. Henry.
Putting 16-pound shot—John Wilson, J. Kenny, W. Duckworth.
Foe vaulting—J. Wilson, J. Kenny, F. Barker.
Running broad jump—McLaughlin, D. Henry, J. Wilson.
Half-mile race—E. Williams, C. McLaughlin, J. Riley.

The Platform Programme.

At the conclusion of the games, the platform programme was begun. Rev. Father Donovan presided. For the bag punching exhibition, Jack Caffery was unable to be present, but a capital substitute in the person of John Murray, of the Y. M. C. A. gymnasium, of Hamilton, gave the exhibition, and from the applause he received it is evident that he took the satisfaction of all. The military drill, by the Ladies' Drill Corps, under the direction of Sgt. Major Higgins, of Hamilton, was one of the chief attractions. And this was no wonder, for it would certainly be a difficult task to take the twelve young ladies of such fine physique, handsome faces and natty uniforms, capable of performing military manoeuvres in so faultless and precise a manner.

The national dances by John Hackett's pupils drew from the audience a large number of applause. The dancing of his pupils has for several years been one of the principal attractions on these occasions, and now a programme would hardly seem complete without it.

The saxophone solo by Gordon Hutton was much appreciated. The dancing on the truck bicycle riding of Joseph Gentle. For the latter the platform was far too small. A monologue by Phil Martin and a comic song by Wm. Melody added much to the attractiveness of the programme.

The Drawings.

At the conclusion of the platform programme the drawings for the purpose, took place. These drawings were conducted by the committees of the different booths, as follows:

St. Mary's, Hamilton, Committee—Prefect, Miss Maggie Hagerty; First Assistant, Miss Nora Galvin; Second Assistant, Miss Katie Foley; Secretary, Lottie Tyson; Treasurer, Miss E. Pair towels, donated by Mrs. Nelligan—M. Phillips, Wellington street.
Blouse set, donated by friend—M. Kennelly.

The Dining Room.

A temporary dining room was erected near the platform, and here the long table was crowded during the greater part of the afternoon. The committee in charge of it was as follows: Mrs. Gould, Mrs. McLennan, Mrs. Patrick Brady, Mrs. Tillman, Miss McLennan, Miss Riddell, Mrs. Trant, Mrs. James Reddick, Mrs. Dunkin.
Notes.
Among those on the grounds were Rev. Father Cleary, of Brantford; Rev. Hinchey, Coty, Doyle and Brady, of Hamilton; Rev. Father Madigan, of Dundas; W. O. Soley, A. F. Pirie, T. A. Wardell, M. P. P., and Hon. J. M. Gibson.

The ladies composing the much admired drill corps of the Misses Birdie and Maud Lovering, Breheny, England, O'Brien, Ronan, Pigott, Hanley, McGrath, Foster and Donovan.
Farmer Jones, of the institution, is deserving of mention for his good taste and skill in caring for and beautifying the grounds.

The H. & D. Railway gave a half-hour service during the greater part of the day, and handled more passengers than at any previous picnic, doing so, too, without a hitch or mishap of any sort.
Carroll ran a successful cigar booth.

The Management.

Rev. Father Donovan, of Hamilton, was placed in charge of the arrangements, in the carrying out of which he was ably assisted by the following committees:

On games—Smart Wardell, M. J. Macdonald, J. P. Want, F. Peare, D. Donovan, D. Robertson, T. Ryan, J. Caffery, Chas. Shea.
On gate—R. J. Burke, M. J. Sullivan, M. J. Dunn, E. J. Mahony, Wm. LaMarsh, A. S. Cain.
Mr. Frank Cochrane, the General Secretary of the committee, did his work remarkably well.

The Result.

A complete success it was, financially as well as in other respects. The gate receipts were far in excess of last year, and were nearly \$50 more than for any year during the past five years.
The sisters in charge are highly gratified with the result, and wish to thank all people, of all creeds and nationalities for the hearty and liberal support rendered by them.

Wm. Sherrin, formerly proprietor of the E.M. House, St. Catharines, and a man well known throughout the Niagara district, was found dead about 10 o'clock Friday night in a field on his farm near Virgil.

J. B. Kenny, a C. P. R. brakeman, residing at Hintonburg, was killed on Tuesday at Osgoode Station, when attempting to board a moving train. He fell under the wheels, and was crushed to death.

Shortly before 12 o'clock last night Wm. McCaffery swallowed about an ounce of carbolic acid in his room at the Bay Tree Hotel at the corner of Bay and Adelaide streets, Toronto, and died a few minutes later.
Hon. F. R. Lathford and Mr. J. P. Whitney addressed a Catholic picnic at Portsmouth.

CHANGE IN FOOD

Works Wonders in Health.

It is worth knowing that a change in food can cure dyspepsia. "I deem it my duty to let you know how Grape-Nuts food has cured me of indigestion. I had been troubled with it for years, until last year my doctor recommended Grape-Nuts food to be used every morning. I followed instructions and now I am entirely well."

The whole family like Grape-Nuts. We use four packages a week. You are welcome to use this testimonial as you see fit. I am willing to give any information to anyone who desires to see or write me regarding Grape-Nuts. Respectfully, Mrs. C. H. Lowe, 681 Parker street, Roxbury, Mass.

The reason Mrs. Lowe was helped by the use of Grape-Nuts food, is that the food is predigested by natural processes and therefore does not tax the stomach as the food she had been using; it also contains the elements required for building up the nervous system. If that part of the human body is in perfect working order there can be no dyspepsia, for nervous energy represents the steam that drives the engine.

When the nervous system is run down the machinery of the body works badly. Grape-Nuts food can be used by small children as well as adults. It is perfectly cooked and ready for instant use.
