JOCKEY HEIDER HURT.

New Orleans, Jan. 30.—The steeple-chase race at City Park yesterday was won by Monte Carlo at 8 to 1. Jockey Heider, on Creolin, which fell at the sixth jump in the steeplechase, sustained a broken collar-bone, a compound frac-ture of the right arm, and may be in-jured internally. THE STORY OF BELL THE CAT.

New Orleans World: Bell the Cat, a gelding by Carlsbad, out of Lady Loyal, is a repeater through the field. As a steeplechase horse he is some pumpkins. Jim Baker, from Kentucky Sir and Lex-

Welch noted the fact, and one day he remarked to Starter Cassidy:
"That boy of yours will be killed one of these days. Do you know what he is doing these days? Well, he is schooling Bell the Cat."

Marshall Cassidy's mother was at this time very ill, and Mars, sooner than see anything happen to the boy, took the horse away from him and sold him for \$200 to a man named Goldsborough. The latter took the animal down into Virginia and 'won four or five races with him. It was from Goldsborough that H. Flippen bought the animal prior to coming down into this neck of the woods. And then there is another story.
It was Mr. Cassidy that suggested to Flippin to run Bell the Cat through the field.
"Can he jump?" asked Flippin.

field.
"Can he jump?" asked Flippin.
"Can he jump?" returned Mr. Cassidy,
"Why, that boy of mine schooled him up
around New York, and tells me that he
is a world-beater. I got rid of him because I did not want my boy to be
killed."
That settled it.

killed."
That settled it.
Flippin sent him once to the post, but
Bell the Cat was hardly ready. The next
time—well, you know that he won at
20 to 1, and yesterday he came back and

20 of 1 am repeated.

Bell the Cat is something of a horse even if Starter Cassidy did once own him—and, incidentally, Mr. Cassidy has own-ed some mighty bad horses in his day.

Jim Baker, from Kentucky Sir and Lexington By Gum, owned Bell the Cat last year, and Starter Mars Cassidy, who was looking for a kind and gentlemanly animal for his boy Marshall to ride in gentleman races around New York, took a fancy to him and paid Jim five hundred blucks for the critter.

Bell the Cat was shipped up to New York, and Marshal Cassidy was in glory. When Papa Mars was starting at some of the other tracks on the Metropolitan circuit, Marshall was schooling Bell the Cat over the Brooklyn course. Tom

Pheasants Thrive in Illinois.

Two years ago the first consignment of English pheasants was received from State Game Commissioner Wheeler by the game warden of Clinton county. The latter official has kept a close watch on the birds and is pleased to rewater on the birds and is pleased to re-port them increasing. A few months ago another lot was liberated, and all are reported as being alive. They are so tame that they will enter the farmers' yards and eat with the chickens.

Holiday Coins Return to Bank.

"Nine out of every ten persons in that line are here to get gold pieces to use as Christmas presents," said a savings bank man, pointing to a long line in front of the paying teller's window. "And the funny part of it is," he added, "about three-quarters of the gold we give them will be back here in this bank inside of two weeks."

The bank man said every year his bank pays out about \$3,000 in gold in the day or two immediately preceding the holiday. Most of this money is given within the family circle, and the rule is that the members of the family soon come back to the bank with the identical gold pieces to be credited to their respective accounts.—Boston Herald.

"THE WAR ON THE AIR."

H. G. Well's latest novel, "The War
In the Air," had scarcely begun to appear in periodical form before one of its
imaginary devises had become an actual
fact. The latest engine of warfare to be
placed before the world is a speciallydesigned motor car which the German
military authorities have constructed for
making war on airships. This motor car
is well armored, and yet has sufficient
speed to enable it to follow up a dirigible balloon in a much better style than
horse artillery.

ible balloon in a much better style than horse artillery.

Its great feature, however, is a new gun, which can be raised and sighted at an angle of 70 degrees and which discharges 24 shots a minute. Its range is said to be such that it can cripple any modern airship, and by the speed of the car the dirigible balloon can be pursued most effectively.

Meantime, however, mintary aero-nauts are improving their vessels in ris-ing power and speed, and thus they hope to keep in advance of the artillerists, whose guns must be fired from the earth.

## SOME SNAPSHOTS AT SPORTS AND SPORTSMEN

In view of the fact that the Dundas all of his training there. He is the m Curling Club has had no rink to practise on this season, having failed to come to terms with the owner of the rink, the showing made by the two rinks in the Tankard games here yesterday is particularly praiseworthy. The Valley Town club also puts seasoned players on the ice in the games for the Tankard, and they are always "knocking at the door."

Jem Roche, of Ireland, whom Tommy Burns will meet after the Palmer match. is the best figher that Ireland has produced in the last five years. Roche and Burns will fight in Dublin on St. Patrick's Day for a purse of \$7,500 and a even when his crushing import of 128

native isle as a fighter, but the reputation is purely a local one, for he has met only one fighter who was credited with having any "class." That was Charley Wilson, and Roche won easily. Wilson is a second-rate heavyweight in England and would be among the preliminary fighters in this country.

Roche recently wired a message saying they met. Those who have seen Roche extremely fast. He weighs 184 pounds, is five feet ten inches tall, and is one of the few fighters outside of America who uses his feet when boxing. He has been fighting only a few years, but has beaten all of the best men in

Ireland. Experts believe that his lack of experience will handicap him too greatly in his fight with Burns, and that he will not last as long with the cham pion as Moir did.

Jem is a native of Wexford, and does

popular fighter in Ireland since Peter Roche is not the Irish champion Maher is; Peter says so himself, and nobody can imagine anybody holding the title except the "Perpetual Irish Champion."

By winning the \$10,000 Burns Hand cap at Oakland on Saturday Montgomer demonstrated the fact that he is far away the best race horse on the coas this winter. Incidentally, his race proved that confidence in public form is not always misplaced. The Pessara colt was picked to win the Burns weeks ago, and ide bet of \$2,300.

Roche has a great reputation in his did not lost faith in his prowess.

There seems to be a great deal of confusion and misunderstanding in reference to the status of Abe Attell and Owen Moran, and the title for which they fought in the recent bout in San Francisco. Attell is the featherweight champion of America only, he having claimed and defended that title when Young Corbett, his predecessor in the champion ship, graduated into the lightweight class. Attell never has beaten the holder of the British featherweight title, and is,

the bantam title of England.

therefore, the champion of America only. When Owen Moran is a full-fledged pounder, but not at the ringside, yet owing to the difference in weight classi-fication between England and America he is a bantam across the pond and holds

OTHER TANKARD GAMES.

At Windsor—Windsor and Sarnia fought it out yesterday in the finals for group 6 of the Ontario Tankard. It was nip and tuck all the way through. At the end of five ends Windsor was up two. At nine Sarnia was three up, and they see-sawed at the finish. Sarnia finally won out by eight shots.

At Barrie—Orillia won group No., 4 in the Tankard games here yesterday by a majority of ten shots over Collingwood, after having beaten out Churchill six shots in an exciting finish. Collingwood managed to dispose of Barrie, the Tankard winners in 1907, by only
