Take a stroll over the survey and you will be convinced that we are offering superior value in "Beulah Lots," and you will also agree that we are justified in advancing the price \$2 per foot May 1st. A word or two about restrictions: The purchaser is not compelled to build, but should he desire to do so, then he must erect a dwelling with a cash valuation of at least \$1.500. The wall of house next to street shall be 14 feet from street line, and 4 feet from northerly line of lot, this restriction giving a uniform building line on each street, also permitting lawns on south s de of every house. Not more than one dwelting shall be built on each lot, thus ensuring sunshine and a healthy surrounding. We think these wholesome restrictions will appeal to "Home Builders" in preference to a "Lone Lot" with no restrictions.

with no restrictions.

Present prices \$12 to \$15 per foot. Terms—To suit purchaser. W. D. FLATT H. H. DAVIS, Manager. Room 15, Fed. Life.

Jane Hall, for many years an inmate of the Aged Women's Home, died yesterday in her 80th year. She was born in Scotland, but had resided in this city for many years. The funeral will take place on Friday morning at 9.45 to the Radial station, and the remains will be taken to Burlington for interment.

Mrs. Minnie Clode, wife of Harold Clode, Mrs. Minnie Clode, wife of Harold Clode, passed away at St. Joseph's Hospital, after an illness of three weeks' duration. She was 43 years of age. A busband and four sons, George, Fred, Calvin and John, are left to mourn her demise. The funeral will take place from the residence of her brother, George Weston, Belmont avenue, Crown Point, on Friday after-

SUICIDE IN JAPAN Becoming More Frequent-Women and Young Give Large Percentage. A Russian statistician, Mr. Tarnow-sky, is authority for the statement that suicide has increased more than 50 per cent. in Japan in recent years While the number of cases was about 144 to 100,000 inhabitants in the early 144 to 100,000 inhabitants in the early '90's, it is now in excess of 205 annally. The old fashioned method of hara-kiri plays no part in the increase. It is practiced, if at all, only by members of the higher classes. Hanging and drowning are the usual methods of the people at large.

Women furnish a very unusual proportion of these tragedies. Whereas the proportion of the whole number of suicides to the population is about the same as in France, the number of women suicides is about twice as great. In France one-fifth of all cases approximately are of women; in Japan they are two-fifths. Jealousy is the usual motive. For 500 French women who kill themselves for this reason there are 1,800 Japanese women.

Another strange feature is the precocity of those who are tired of life. In France about seventy-five children under 16 years of age commit suicide every year; in Japan the number is 225. In France about twenty-one out of every hundred suicides and in Japan about thirty-five are less than 30 years of age. The women are relatively a larger proportion among the young than the old.

Women in Japan furnish only 8 per cent. of the total criminality of the empire, so Tarnowsky concludes that they are more virtuous yet more unhappy than European women. '90's, it is now in excess of 205 an-nally. The old fashioned method of

IDA LEWIS WILSON. This woman, who is 65 years old, has had charge of the lighthouse in Newport harbor for more than fifty years. In that time she has not been awey from her duties a single night, but is now considering a short vacation on account of ill health. She has sauce eighteen lives.

Worth Knowing.

You might obtain the desired relief through the aid of cayenne pepper. When thrown into the cracks where ants congregate it will drive them away. The same remedy is also good for mice. When washing a wooden floor put two tablespoonsful of paraffin oil into some clean, soapy water, as hot as you can bear your hands in. It will also destroy all insects.

When polishing your stove mix the stove blacking with vinegar. This will make the blacking stick better, and also gives a better polish.

Pie plates, dishes and cups, marked with brown stains from being used to baking, may be cleansed by applying powdered whiting on a damp flannel or by common salt.

If lemons are kept in cold water their freshness will remain unimpaired for several weeks. To get the greatest possible value out of a lemon, heat it thoroughly before squeezing, and you will so but in nearly double the quantity of juice.

Put Something On.

Dean Stanley was once driving with a friend from Monreale to Palermo. Both men were reading. Stanley deed with a cold. He mentioned the matter to his friend.

"Well, hadn't you better put some thing on?" said the latter, pointing to the dean's bag, which was close at hand. Stanley thought it rather a good idea, and the friend went on reading. As they entered Palermo there were shouts of astonishment. Stanley was placidly reading. His friend found that the distinguished churchman had absentmindedly drawn out a night-shirt from his bag and put it on over his other clothing, and thus arrayed was riding triumphantly into the city. — London Sketch.
