

WILL PUSH WORK ALONG

Street Railway Anxious to Get Barton Street Done.

Doctors Approve of the Board of Health Pure Milk Idea.

East End Property Available For Manufacturing Sites.

Traction Manager Coleman, of the Dominion Power & Transmission Company, had a conference this morning with City Engineer McCallum about the street railway work.

Dr. Roberts, Medical Health Officer, believes that the milk commission, which has just been appointed by the Ontario Government, will be able to do a lot of good work in ensuring a pure milk supply.

The Hamilton Medical Association wishes to emphasize the fact that it is heartily in sympathy with the move the Board of Health is making to guarantee pure milk for babies in the warm summer months, and it has appointed a committee to co-operate with the local Boards of Health.

The city clerk has received a copy of a petition from William Strong and others asking that 48 acres of land near the Jockey Club be annexed to the city.

William Baxter has been granted a permit for three brick houses on Sophia street, between King and Main streets, to cost \$6,000.

The James street reservoir is being cleaned out to-day, and the pressure at the City Hall dropped to 40 pounds.

The Board of Education last night granted the senior public school pupils permission to attend the Ontario Tuberculosis Exhibit, which will be shown here next week.

The Sewers Committee has considerable business to transact to-night.

Mayor McLaren said to-day that while he had not inspired the report about drinking among civic employees at the same time he was heartily in sympathy with any move to prevent it.

The Times' experience, based on many years of intimate association with the City Hall employees, is that they are exceptionally free from anything that would justify the insinuation that has been thrown out.

PRIZE FOR A SLOGAN.

Greater Hamilton Publicity Committee Announces Competition.

The Publicity Committee of the Greater Hamilton Association met in the Board of Trade rooms yesterday, and in addition to other business decided to offer a small prize—a five dollar gold piece—to the one who will send in the best "slogan" to be used in the advertising matter of the Association.

By way of illustration, Buffalo's slogan is "Buffalo Means Business." Cleveland's is "Cleveland Means Good." Rochester's is "Do it for Rochester."

COUPON.

I recommend the following for Hamilton's Slogan: Signed. Address.

Wife of the Lord Lieutenant of Ireland, with her pages. Lord Killen is the 9-year-old son of Earl and Countess of Fingall. Martin Robert Arnott, who is the same age, is the third son of Sir John and Lady Arnott. The Countess and pages are shown in court dress. Lady Aberdeen will be in Canada shortly to attend the meeting of the International Council of Women.

GRIM TRAGEDY OF OLD LAKE ONTARIO.

Little Note in Valise on Shore Tells of Suicide of Mr. A. W. Maguire.

A sad tragedy was revealed yesterday afternoon, when a coat, a small valise and a note were found on the lake shore at Crescent Beach, near the Stoney Creek road. On the valise were the initials of one of Hamilton's prominent business men, and the contents of the note signified that the owner intended to commit suicide. The find was made by Mrs. A. M. Ewing, who, together with her daughter, maid and coachman, had driven to the Beach to picnic. The party were seated on the lake shore, lunched, when Mrs. Ewing noticed the coat and valise on the sand near a bush about twelve feet from the lake shore. They speculated upon how it came there for some time and finally the coachman was sent over to investigate. He returned in a few minutes, and Mrs. Ewing, as soon as she saw the valise exclaimed, "Why, that is Mr. Maguire's valise." It was hurriedly opened and inside was found a note instructing the finder to deliver it to William Maguire. By this time the party had no doubt but that the writer was drowned and all

haste was made to the city and the valise and coat, together with explanations, were given to William Maguire, who instantly notified the police and, hiring a rig, drove with a friend and Mr. Ewing's coachman to the scene of the tragedy. Arriving at the Beach, they called at the cottage of Mortimer Corey, a fisherman, and asked him to assist them in dragging for the drowned man. Mr. Corey got three or four of his assistants and, armed with grappling irons, set out in an endeavor to find the body of Maguire, senior. They explored the place where the coat was first found, and footmarks were to be plainly seen in the sand leading from the coat into the lake. On account of the darkness it was impossible to see much, and after two hours' fruitless search, it was decided to postpone the dragging until 7 o'clock this morning, when it was resumed. The contents of the letter found were to the effect that the writer would be dead when it (the letter) would be found. It was the last letter he would ever write, it said. He expressed regret at what he was about to do, and stated (Continued on Page 5.)

COMMITTED FOR TRIAL.

Beamsville Jesse James is Only 19 Years of Age.

(Special Despatch to the Times.)

Beamsville, May 14.—That bold young highwayman, Jesse V. Strickler was brought from the county jail yesterday afternoon for his hearing before Magistrate Riggins. Crown Attorney Brennan was prosecuting and brought out the facts of the case exactly as outlined in the Times on Saturday. The Magistrate committed the man to jail to await his trial in St. Catharines. Strickler is only 19 years old, and married. It is quite evident that the fellow is a trifle queer as he smiled and winked at the benchers all through the hearing. He said he was drunk when he bought the revolver and belt of cartridges in Toronto. He was taken back to the county jail last night under double escort, as for all his unconcern, the officers of the law are rather wary about him.

Mrs. Amelia Terryberry, an aged lady from the township, had a narrow escape from death yesterday afternoon about five o'clock. Sitting in a waiting rig near the Bank of Hamilton it is supposed the outfit was not seen by Mr. English, the driver of a horse and wagon which was proceeding up an alleyway leading from the rear of the shops. The outgoing rig struck the hubs of Mrs. Terryberry's vehicle and almost capsized it, throwing the woman out in the road on her head. She was not severely injured, as she struck the earth in a side direction, but that she escaped so easily looked rather miraculous to the bystanders.

Bouquet and Hilda cigars, union made, 8 for 25c. Arabias, J. C. F's., La Fontaines, Barristers, 4 for 25c. Stonewall Jackson cigars 6 for 25c. Julia Arthur cigars 6 for 25c. At peace's cigar store, 107 King street east.

HONORS AT QUEEN'S.

Mr. Arnott M. Patterson, an ex-pupil of the Hamilton Collegiate Institute, has most successfully completed another year at Queen's University, being successful in the past class, senior mathematics, and obtaining first class honors in both final honor animal biology and final honor botany.

BODY NOT RECOVERED.

Up to press time the body had not been recovered. The grappling party dragged all along the shore, but their morning's work was fruitless. The task was continued this afternoon.

Sent to Siberia

St. Petersburg, May 14.—The trial of the members of the local Social Democratic organization came to an end here to-day. Eighteen of the prisoners were sentenced to perpetual exile in Siberia and twenty others are to be imprisoned in a fortress for terms varying from one to three and a half years. Among the prisoners are Police Judge Sparsky and Instructor Prosin, of the University of Moscow, who will serve respectively terms of two years and eighteen months' imprisonment.

IN KINGSTON.

Capt. Brewster There Looking After Fire Chief Job.

Kingston, May 14.—Capt. Brewster, of the John street fire station, Hamilton, is in the city, making his application for the position of chief of the local department, for which the salary is \$1,200. Mr. Brewster was born in this city, and lived here for seventeen years, and many old friends are glad to greet him and promise him every possible assistance in his endeavors. Staff Sgt. Hughes, of the local permanent Army Service Corps detachment, left here to-day for Hamilton, where he will conduct a course of instruction for the volunteer Army Service Corps there.

BOY DROWNED.

Martintown, Ont., May 14.—Sparling Warner, a young son of B. Warner, was drowned while fishing below the dam. Nobody witnessed the accident, which was discovered through the finding of the lad's cap floating on the water. The body was recovered.

FIVE DROWNED IN NEW YORK

Two in East River, One in a Pond and Two in North River.

Guatemala Student Drowned While Swimming in Pond.

One Man Jumped Into River and Committed Suicide.

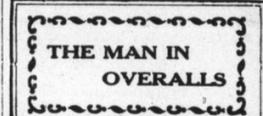

New York, May 14.—Five persons were drowned yesterday within the city's limits. Two met death in the East River, one in a Staten Island pond, and two more in the North River.

Abraham Ribera, a student, 20 years old, and a member of a wealthy family of Guatemala, Central America, was drowned at West Newbrighton while trying to swim a pond there.

Two unknown men were drowned in the Hudson River when a small boat in which they were rowing was upset by the wash of a steamer. Hundreds of persons on shore saw the men drown, but were powerless to help as they were too far away.

Thomas A. Hayes, 45 years old, fell into the North River from a pier off the coal wharves where he was employed, and was drowned.

An unknown man, of about middle age, jumped from a lighter at pier 48, North River. After swimming about ten feet toward the middle of the river he stopped swimming and went down. The body was not recovered. The captain of the vessel, Chas. Petersen, and the mate told the police that the suicide a few minutes before jumping had asked them to give him a nickel with which to get food.

THE MAN IN OVERALLS

The Magistrate is determined that he won't have to dodge bicycles on the sidewalk. Selah!

The Maple Leaf Park will be a good substitute for the proposed White City that Commissioner Van Allan slayed at its birth.

Tastes differ. While some men are jailed for having too many wives, some men find one wife too many.

Come on in; the water's fine. Why wear that worried look? It's not so bad as all that.

If they "got a tip," why didn't the lady folks skip? Answers received in Saturday's kickers' column.

The cemetery would be a beautiful place were it not for the monuments and the iron fences, especially the fences. Will they ever be got rid of?

As long as Adam Ballentine is on this side the river you may depend upon it that the grocers' picnic will be held at Niagara Falls.

Now who is this that is drinking over at the City Hall? Or is it just another newspaper yarn?

This talk of the late Kinrade jury holding an indignation meeting will make Galt snicker in its sleeve again.

Hamilton postmen get along better with Lemieux than the Paris chaps do with Clemeceau.

The Cemetery Board objects to having a mausoleum on the ground. How would a crematory catch them?

Crescote and concrete should make a good combination. The very words sound sticky.

See what our advertisers have got to offer you this evening. Always something interesting to say.

And it is not so long since Barton street was just a corduroy road.

Some time ago some residents of James street south took down their fences in front of their property, but they are now putting them up again.

Flower thieves and other vagabonds were so destructive and rampant last year that the residents just couldn't stand it another season. Toronto excursionists are blamed for a lot of it. In the summer months a police patrol should be there and thereabout all the time.

Three years is not a long time to look back to, but it is an awful long time when you count the hours and days as they pass until the three years are up. Three years in the penitentiary, shut out from the world, would be a sort of living death for some men. Yet that is what one fortunate man will have to serve because in an evil moment he listened to temptation and fell. But all the punishment, severe as it is, is not in the mere confinement or hardships endured in consequence. Perhaps the worst part to bear by the man in question is the thought that he is a criminal, that he has brought disgrace upon his friends and dragged his good name in the dirt. He has brought a blot upon his character and reputation that he may never be able to live down. A good name is above riches and each young man should endeavor to preserve that even at the risk of his life.

The Toronto Telegram said the other day that Toronto public school scholars could not spell. Principal James L. Hughes denies the charge and challenges the editor to a spelling match with some of his pupils. I will bet a cookie that the editor man will either dodge the issue or fall down on some easy one.

LOOKS MUCH LIKE A CLOSED CASE.

Little Likelihood of Kinrade Mystery Being Solved—House Cleaning at the Home.

It has been finally decided that the Kinrade murder mystery a closed book at last? For a week or more public hope has been keyed up with promised developments as soon as the Provincial Cabinet had a chance to discuss the case and the recommendations made by the Crown representatives. Yesterday afternoon the Cabinet met and this statement by Hon. J. J. Foy, Attorney-General, is said to bespeak the decision of the Government. Mr. Foy said: "The Crown investigation of the Kinrade murder will continue. The case has not been dropped—it never will be dropped until it has been solved. The mills of justice may seem for a time to grind slowly, but in the view of the department, the slow course is the sure course. The public have heard statements like (Continued on Page 12.)"

GOING WEST.

Presentation to Mr. John Percy Before Leaving.

The pretty home of the Misses Yorrell, 307 John street north, was the scene of a festive gathering, the occasion being a farewell to Mr. John Percy, a member of the crew of the yacht Shamrock. Progressive euchre was played, and the prizes awarded to Miss T. Raigun, first for ladies, and Miss Hurley, booby; Mr. Theoret first and J. Campbell booby for men. After cards had finished a very dainty repast was served to the guests, presided over by the hostesses. Then came the surprise part of the programme. Miss Yorrell, on behalf of the crew of the Shamrock, read a beautiful address, expressing the regret of all that Mr. Percy was leaving their midst, to go out West, and wishing him every success in his new field. Then Mr. Joseph Campbell presented him with a beautiful gold watch, suitably inscribed. The recipient responded feelingly, although completely taken by surprise. The rest of the evening was given up to dancing.

Young Speculator

St. Louis, May 14.—With his 25th birthday still to come, William N. Aubuchon, jun., is said to have made a little more than \$100,000 by following the lead of James A. Patten in wheat deals out of a working capital of less than \$1,000. Aubuchon trades exclusive on three cent margins. He declines to admit how much less than \$1,000 he invested, but he turned his capital many times and reinvested all of his profits.

THE BATTERY.

Good Turnout For First Parade With New Guns.

The Fourth Field Battery had its first drill with the new 18-pound quick-firing guns last night, and though somewhat difficult at first, the peculiarities of the new gun will soon be mastered. The turnout was large, and Major Tidswell, after expressing his satisfaction at the arrival of the guns, told the men that they would have to buckle down and learn how to use them if they intended to uphold their reputation at the target while at camp this summer.

CANADA LIFE.

(Special Despatch to the Times.) Ottawa, Ont., May 14.—The Banking and Commerce Committee of the Commons this morning decided to report the Canada Life Assurance Company's bill. There was no opposition to the measure in the committee and it was passed without objection.

TOUGH BUNCH GATHERED IN.

Quartette and a Whiskey Bottle Arrested on Mountain.

Hildrith and Walsh Did Not Retain Liberty Long.

Crusade Against Sidewalk Riders is Being Kept Up.

William Hildrith, 28 Emerald street north, and John Walsh, 222 Mary street, have great difficulty in keeping out of the toils of the police. A few weeks ago this precious couple appeared in court charged with robbing James Phillips. They were discharged, however, at the higher court, as Phillips was in police court on a charge of drunkenness when the case was called, and the judge held that the evidence was not sufficient. This morning they were up before Magistrate Jelfs in answer to a charge of vagrancy. Again both pleaded not guilty and intimated that they were a much persecuted pair. Constables Clark and Hill made the arrest on the Mountain Top about a quarter of a mile east of the east end incline. They were in company with a man named Masters, and a young woman, Ethel May. The police officers said the quartette were resting on the grass and seemed to get great enjoyment out of a large whiskey bottle which was kept continually on the move from one hand to another. Ethel was doing her part with the liquid and looked very chic with a cigarette in her mouth. Consternation reigned when the police appeared, and all four were taken to the cells. They pleaded not guilty. P. C. Clark said that several complaints had been made about them and their untoward actions, which had been going on since early morning. He knew the girl, having seen her on the streets on different occasions, but each time with different men. Detective Sawyer said the girl came to this city from Ottawa about three months ago and had been living loosely since her arrival here. Masters swore that he had not been with the other three, and defied any person to prove that he had taken a drink in three weeks. He could see no reason why he should be arrested. "You say I don't work," said Walsh as he took the stand, "Why don't you give me a chance. I was working when I was thrown in jail over that Phillips business, and though I was discharged, I had to lay in jail for 21 days. I just got out Tuesday and after being out 48 hours I am arrested again. How could I get work in that time? We were just sitting on the grass when the policemen came over to us and said that they were going to arrest us. I asked him what for and he said for being drunk and disorderly. I'm not drunk, I replied, but they would not listen to me." Masters was let off with a \$5 fine, as he had never been in court before, but Walsh and Hildrith were each fined \$20, or thirty days in jail. Ethel May was sentenced to the Mercer school for an indefinite period. David Croxley was a very penitent vag. He said that he was tired and sat himself down by the wayside to rest for an hour or so, when a big copper made his appearance and ran him in. "Give me a chance," he said, "I never was before you before, and I have not done anything wrong." "What possessions have you?" queried the Magistrate. "Nothing but what I have got on my back," answered David. "Well, it is never too late to mend," was the cheerful response. He was fined \$20 or sixty days, and given until tomorrow to pay it. James Eagan and Dennis Bennett were each fined \$2 for being drunk. The crusade against bicycle riders who use the sidewalk for a track goes merrily on, and to-day three more offenders appeared in court and were each fined \$5.00.

BOOSTER FOR HAMILTON.

Buffalo Courier Takes Up the Popular Movement.

Two-Column Illustrated Write Up In This Week's Issue.

Calls Mayor McLaren the Teddy Roosevelt of Canada.

The publicity campaign being waged by the "hustlers" and "boosters," who comprise the Industrial Committee and Greater Hamilton's Business Men's Association, is already making itself felt. This week the Buffalo Courier has a two-page illustrated write-up of the ambitious city, and it is the sort of "boosting" that should do a lot of good. There is a bird's-eye view of the city as seen from the mountain, showing its position at the extreme west end of Lake Ontario, and pictures of Mayor McLaren, John Patterson, Charles A. Murton, John Hoodless, Stanley Mills, H. L. Frost, George Coppley, L. R. Tobey, F. F. Backus, Thomas W. Watkins, and Ralph C. Ripley, all bustling officers of the Greater Hamilton Association. The article, after dealing with Hamilton's advantages, especially its cheap power, and rapid industrial advancement, says: The men who are at the forefront of the movement include plenty of the types more usually found at the heads of big financial corporations, than engaged in taking off their hats to boost their own towns. Among them are John Hoodless, head of the big furniture concern of that name; G. C. Coppley, one of the biggest manufacturers of clothing in the country; Thomas W. Watkins, a millionaire dry goods man; Stanley Mills, another millionaire merchant, whose mail order business extends from the Atlantic to the Pacific; C. A. Murton, the newspaper man who made the carnival a success; L. R. Tobey, one of the brightest advertising experts in Canada, and John Patterson, the man who made Hamilton famous as the electrical hub of the rich Province of Ontario. Mayor John I. McLaren is one of Hamilton's bustling young business men, and he is also making a splendid record for himself as the city's chief executive. His popularity is immense, and his aggressiveness on all matters combined with his congenial nature have already earned for him the sobriquet of "the Teddy Roosevelt of Canada." He is senior chairman of the Civic Industrial Committee, and as chairman in close conjunction with the Greater Hamilton Association. Here are some other boost paragraphs from the write-up: Hamilton's claim is that it can and does, furnish electric power from 30 to 40 per cent cheaper than it can be got either in Buffalo, or in Toronto, its greatest Canadian rival. The general use of electricity for power purposes, even in the many big iron and steel plants, has already earned for Hamilton the proud title, "The Smokeless Pittsburgh of America." With a water supply of the purest quality imaginable, a sewerage system and sewage disposal plants as near to perfection as engineering ability can conceive, an entire absence of congested tenement pest spots and the pure air that is the natural accompaniment of a city where electric power has displaced steam, Hamilton is the healthiest city in Canada. On the main lines of all the big railway systems and a port of call for all the freight and passenger boats traversing the great lakes Hamilton boasts of transportation facilities such as no other city can excel. This is one of the reasons why manufacturers like Hamilton. For the past ten years Hamilton has been growing at a rate that has astonished the old inhabitant. The old Hamilton of industrial stagnation is a memory of the past; the new Hamilton of progress and prosperity has taken its place and the civic slogan continues to be "Expansion."

JOIN UNION.

A Number of the Non-Union Moulders Want In.

No developments have taken place in the moulders' mix-up since yesterday, with the exception of the fact that several of the striking non-union men have applied for cards in the union. Several have been accepted, but those who are believed to be professional strike-breakers have been refused. As the situation now stands, the Gurney-Idlen foundry is not working, and will not be doing so until either a new batch of non-union men are secured or the firm comes to terms with the union men. So far there has been no sign of the strike spreading to other foundries.

THE RANGES

Will be Improved Before the Season Opens.

Captain Lindsay, officer commanding the engineer corps for Western Ontario, was in the city this morning. He was in consultation with Col. Logic regarding some proposed improvements at the rifle ranges. Capt. Lindsay said that nothing would be done in the way of extensions, but that there were several improvements of a minor nature that were needed before the season opened. It has not been decided yet what the improvements will consist of.
