

Wheat Yield May Be Light

Brandon, Man., July 29—Reports of rust and samples of rusted wheat are shaking the confidence of the wheat farmers in Brandon district in their optimistic belief that the wheat average in this district will be between 18 and 20 bushels to the acre.

Individual fields located in all points of the compass, with Brandon as the hub, show damage from rust, in some instances cutting the yield estimate for the fields affected from 25 bushels an acre to chicken feed only. This refers particularly to late wheat.

SUMMER COLDS Many have their worst colds during the warm months. A very little of

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny little of Frezome costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Frezome removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never very tender or irritated.

Weekly Agricultural Report

Haying operations have been held up by recent rains. A lot of hay remains uncut. The majority of farmers have started cutting, while some have practically finished. The crop is cutting off better than anticipated and, while it is light in some sections, taking the province as a whole, it is a fair average crop.

The spring grain crops are looking good and promise to be well up to the average. Rains are coming at a time that will result in the heads filling well, resulting in good quality grain. Some damage is reported on the more advanced grain from lodging as a result of the storms; where this takes place the yield will be reduced to some extent.

The potato crop is growing well and gives promise of being a good crop. The bugs are reported to be plentiful and Early Blight has shown up in some places. This latter is not so serious a disease as the Late Blight. These blights are both controlled by spraying with the Bordeaux Mixture.

Recent rains will prolong the growth of pastures which have been good up to the present. Live-stock generally are reported in good condition, one report stating that cattle were never in better shape. Lambs are also growing well. There will be some high-class lambs to market from the province this year.

The apple crop is growing well. Most orchards will yield a good crop. The Scab has developed to quite an extent on some varieties. Raspberries will be benefited greatly by recent rains. There appears to be a good crop. They are coming on the markets quite freely at the present time and selling at from 30c to 35c per box.

Chicago Riots Responsible for 32 Deaths

Chicago, July 29—With twenty-four known dead and hundreds injured, scores of them seriously, sporadic rioting between whites and blacks was reported renewed tonight in various sections of the city, including the small north side area populated by negroes. City and state officials, including Governor Frank Lowden remained on the scene throughout the night and expressed the opinion that the worst of the rioting was ended.

The most serious situation was reported on the south side, where thousands of negroes and whites had gathered.

Virtually all north side and loop police were ordered to this district thus leaving almost without police protection sections from which came reports of intermittent outbreaks.

A sinister silence that prevailed in the black belt on the south side at dusk gave way to confusion and sharp clashes, principally with clubs and knives as weapons, as the night wore on. Where these outbreaks occurred the negroes predominated in numbers. Several meetings at negro halls were broken up by the police, after which crowds formed in the street. In the early night clashes various weapons were used including table knives and sling shots. Few guns appeared.

The coroner's death list showed the total deaths in the clashes divided evenly between blacks and whites, eleven of each being killed. Troops had not been ordered to patrol the black belt, the police maintaining that they were still able to handle the situation.

The body of a negro who had been shot and burned was found tonight in the west side Italian district when the police responded to a riot call. He had been stabbed also, and the gasoline poured on his body set fire.

A mob of whites attacked the Precinct Hospital, an institution for negroes tonight and in the shooting that followed, one negro was probably fatally wounded and two policemen, one white and about six other persons were wounded. When the mob surrounded the hospital an attempt to enter the building was beaten off by policemen.

Clemenceau Sends Warning to Germans

Paris, July 30—Premier Clemenceau, as president of the Peace Conference, sent a letter today to the German peace delegation protesting against the action of Germany in seizing national properties in Schleswig in which plebiscites are to be taken for decision by the population as to union with Denmark.

The note gave warning to the Germans that all the properties in question were considered as possible security for the payment of Germany's indemnity and that the Peace Conference would hold Germany responsible for the proceeds of such sales.

Preparing For Another Loan

Ottawa, July 30—The members of last year's victory loan, Dominion executive committee, consisting of prominent citizens, and financial experts from all parts of Canada, have been invited to a conference to be held here on Friday for the purpose of considering the organization of the next Dominion loan, which will be made about the end of October. The requirements of the government for demobilization expenses including the existing war service gratuity to soldiers, loans to soldiers, land settlement important public works, of a capital nature, ship building and credits for the purchase of Canadian wheat and other foodstuffs and manufactured articles, are very large and the loan is regarded as most important from the national standpoint. The response to the invitation from the minister of finance, it is stated, has been most gratifying.

Austria Given Until August 6th

Paris, July 29—(By the Associated Press)—Austria has been granted seven additional days for consideration of the peace terms. August sixth will be the final day on which the Austrian representatives may submit inquiries. This was decided upon by the Supreme Council to-day.

The council also decided to ignore Von Bothmans-Hollweg's request to stand trial for the former Emperor. A commission of experts will be named to apportion control of the rolling stock of the German, Austrian and Bulgarian railways. The economic clauses of the Bulgarian treaty which are now virtually complete excepting definition of the boundaries of Bulgaria were approved.

The council approved the report of the special postal commission which authorizes all the Allied countries to resume postal and wire connection with Germany under such restrictions as the individual countries regard necessary.

Paris, July 29—(By the Associated Press)—The Allied Supreme Council decided today to appoint a permanent commission to co-ordinate and interpret the German peace treaty. The commission will be composed of five members representing the five great powers.

The commission will have its headquarters in Paris but is empowered to convene elsewhere if necessary. It will sit after ratification of the treaty. The members will have diplomatic standing and will be aided by staffs of technical advisers.

The Earl of Derby, British Ambassador to France, was announced today as Great Britain's representative.

Bulharest, July 29—(Havas)—The offensive of the Hungarian Soviet government troops along the Theiss River has been completely broken up and the initiative in these operations has passed to the Roumanians, it was announced here today.

Berlin, July 29—The Hungarian people's commissaries visited Colonel Cunningham, the Allied representative at Budapest today, according to the Berlin Lokal Anzeiger and proposed negotiations for the peaceful resignation of the Soviet and the formation of a new government. This proposal was said to have been forwarded to the supreme council at Paris.
