EPPE'S COCOA.

BREAKFAST.
"By a thorough knowledge of the natural
laws which govern the operations of digestion
and nutrition, and by a careful application of
the fine properties of well-selected Cocoa, Mr
Eppe has provided our breakfast table with a
delicately flavored beverage which may save
us many heavy doctors' bills. It is by
the judicious use of such articles of
diet that a constitution may be gradually
built up until strong enough to resist every
tendency to disease. Hundreds of subtle
maladies are floating around us ready to
attack wherever there is a weak point. We
may escape many a fatal shaft by keeping
ourselves well fortified with pure blood and a
properly nourished frame."—Glasgow Herald.
