B. I. S. Meeting.

The Benevolent Irish Society held their quarterly meeting yesterday. Hon. J. D. Ryan presiding. Four new members were enrolled and the reports received from the different departments of the Society showed progress. The new heating apparatus is in satisfactory working order. The Superior of the Christian Brothers announced in his report that Mr. W. H. Davidson had donated more trees. The new Superior, Rev. Bro. M. C. Ryan, reported that Rev. A. P. Kennedy had retired from the head of the order. Bro. Kennedy had laboured actively in this country for over a quarter of a century and has done much for the success of many of our young men. On motion of Mr. J. J. McGrath it was ordered that the Society place on record its tribute of appreciation for the good work accomplished by this esteemed brother in the cause of education. The sudden passing of Mr. Wm. R. Pirth who was a member of the Library Committee was next alluded to. On motion of Mr. J. L. Slatery a resolution of sympathy was ordered to be entered on the records and copies to be sent to the relatives of the deceased.

LOST MOTOR BOAT.—The survivors for the new Hudson Bay Railway while the boat was down in that section, and who went forward in that ship had one of their best and most expensive motor boats destroyed by fire. The explosion of the gasoline tank was the cause of the accident.

Skinned To Death

The Maritime Provinces where fishing conditions are similar to this country almost every fisherman has one or more Motor Engines. On the market there are engines of nearly every manufacture and every engine represented in Nfld. is offered there. Despite all this there are more FAIRBANKS ENGINES used there than all other makes together, and FAIRBANKS Sales are continually increasing. This fact should commend itself to all and must be regarded as a proof of the superiority of the Fairbanks Engine over all others.

FIRIORS DRIVING.—Saturday night about 8 o'clock three young lads driving an express turned up Queen's Street from Water Street driving their horse at a gallop. They turned into George's Street at a furious pace and scattered pedestrians right and left. It was fortunate for them that the officer in that section was at the other end of his beat or all would have been jailed.

LATEST War News

LONDON, Nov. 17.
The Telegraph's Uskub correspondent under Thursday's date, says: "The Crown Prince, who left here yesterday to join the Serbian Army before Monastir, arrived at Perlepe this afternoon. He received an enthusiastic welcome from the inhabitants who strewed the roads with flowers. While the reception was in progress, the sound of guns, about 25 miles south west, announced that the battle of Monastir had begun. All the news, thus far received here, is that the Serbian cavalry division, operating between Perlepe and Monastir, came in contact with a Turkish column consisting of a regiment of infantry, cavalry and a battery at once attacked the enemy near the village of Dohani. Despite the fire from the Turkish guns, the Serbians forced the column, which formed the advance guard, to retire, by a successful flank movement, and it fell towards Novatzi, away from its main body."

A Great Battle Being Waged

Special to Evening Telegram.
CONSTANTINOPLE, To-day.
A great battle between the Bulgarians and Turks is on along the line of the Tchatalia fortifications. Nazim Pasha, the Turkish commander-in-chief sends the following dispatch: "The battle which commenced on Sunday morning with an attack by the Bulgarian infantry lasted until an hour after sunset. The enemy who advanced chiefly facing our right wing and our center were repulsed by our infantry and artillery fire. Three Bulgarian batteries were destroyed." All through the day the sound of heavy guns booming distantly was heard at Constantinople. It ceased only with darkness. The firing along the entire line was evidently preparatory to an infantry attack. Mazim Pasha's headquarters are near Hademken railway station. According to the latest reports, the battle ceased with night-fall. The resumption of hostilities is not regarded as indicating the collapse of peace negotiations but rather as a means of hastening Turkey's acceptance of the allies' terms by proving her complete helplessness on the one correspondent phrased it: "To establish an accomplished fact before making further communications." The Bulgarian Government organ, Mir, refers to the subject of peace and plainly intimates that the allies are prepared to consider the question of an alliance with Turkey, provided the latter promptly accepts the terms, which would give Turkey an opportunity of welding the territories into a modern state and making friends with conquerors. The Balkan States clearly have in mind the formation of such an alliance as would be able to defy European interference in the disposition of the spoils of war.

Armistice Off

Special Evening Telegram.
LONDON, To-day.
Negotiations for an armistice have failed and the Bulgarians yesterday opened the attack against the Turks all along the line. A heavy artillery duel continued throughout the day. The Bulgarians made preparation for an infantry attack. The Turkish fleet, participated vigorously in the defense at the Maritimo end of the lines and presumably the Turkish warships assisted at the Black Sea end also.

Anniversary Service

OF C. L. B.
As a finale to the celebration of their anniversary, which occurred on Wednesday last, the members and ex-members of the Church Lads Brigade attending morning and afternoon services at the Church of England Cathedral yesterday at 8.30 a.m. they attended Holy Communion at which the Lord Bishop of Newfoundland officiated. In the afternoon the battalion formed up at their armory on Harvey Road, and marched to the Cathedral, by way of Long's Hill. His Lordship Bishop Jones delivered an impressive sermon, taking as his text, "Faith, Hope and Charity" from 1st Corinthians, 13th chapter, 13th verse. The preacher explained the meaning of the words thoroughly and was listened to with rapt attention. The Bishop gave a general review of the Brigade's history. He contrasted the quarters it had when formed with its spacious armory of to-day. He referred to the friendly relationship existing between the different brigades and hoped it would continue. After the service the battalion reformed ranks and returned to their armory where Lt.-Col. Rendell addressed the lads and congratulated all on the excellent turnout, particularly the ex-members. He referred to the progress of the Brigade Club yet in its infancy, being established last year. He then presented Mr. N. Snow, late Captain and Bandmaster of the battalion with an illuminated address and a silver tea service, as a mark of appreciation of his valuable services. The recipient made a fitting reply and expressed appreciation of the recognition of his work. The National Anthem brought the proceedings to a close.
