BIBLE SOCIETY AIDS WORK OF MISSIONS

Western Ontario Organization
In Annual Session.

ADDRESS BY DR. MACKAY

Progress Made in Christianizing
the East.

DR. FLANDERS PRESIDENT

Chosen as Successor of Late Dr. Ross
—Life Members Elected From
Many Western Ontario
Towns.

"God's design is that Japan, China and India should each develop along its own lines just as much as it is His design that our country should develop along its own line," said Rev. Dr. R. P. Mackay, secretary of the Presbyterian board of missions, and former moderator of the general assembly, addressing the Western Ontario Bible Society at its 47th anniversary held in the First Methodist Church last night.

Dr. Mackay was referring to the growth of nationalism in the countries of the Orient. "Every country is wak-

REV. DR. C. R. FLANDERS, who was chosen President of the Western Ontario Bible Society.

ing up and going to live for itself. And it's a good thing," said Dr. Mackay. "Of course, there are dangers in it. But the danger exists in that we may not show the spirit of Christ. In the Orient there are men who are advocating today the union of the eastern countries against what they must see that the gospel does its work in the far east. This is our opportunity. Nations are awakening.

"Nations are awakening to a world consciousness. Not only are they awakening to themselves but each one to all others."

Dr. Mackay referred to the growth of the peace movement and international peace sentiment. A few weeks ago he had visited the Temple of Peace at The Hague. Nearby was an old prison in which were relics of the Spanish inquisition. Only a few hundred years separated the two buildings and yet to pass from the prison to the temple was like passing from hell to heaven.

Eastern religions, he said, were helpless to reform the world. They contained truths but it was not true that heathen religions were good enough for the heathens. In China idols were being broken up for building material and temples were being turned into schoolhouses.

In the western world interest was growing in missions by leaps and bounds. God could work by minorities but how much better, how much quicker the world could be evangelized if the majorities were working with God for the world's evangelization. Never, he said, had the appeal for active Christian citizenship been stronger.

Growth of Missionary Work.
Dr. Mackay outlined the rapid growth and development of the missionary movement since the organization of the British and Foreign Bible Society. When the society was organized there were only 100 missionaries in the whole world. Today there are 23,300 missionaries and 104,000 native preachers. There are 35,350 cities, towns and villages in which foreign missionaries are at work. Included in the world missionary movement, there are today more than 500 hospitals, more than 1,000 dispensaries, 119 medical colleges, more than 400 normal and theological schools and 83 universities. When the Bible Society was organized the whole world was giving to foreign missions only \$75,000. Now it gives more than \$20,000,000, and of this the native churches contribute \$3,240,000.

Churches Join in Task.
Dr. Mackay also dwelt upon the growth of Christian fellowship developed in the last few years. The churches were uniting to preach a living gospel of a living Christ to a perishing people. They were taking a world view of things. There were 43 centres in the world where different denominations had united their schools and were co-operating in educational work. In China they had union colleges and universities.

Death of a Great Man.
Dr. Mackay in beginning his address referred to the death of the Western Ontario Bible Society's late president, Rev. Dr. James Ross, of St. Andrew's Presbyterian Church. "A great man had fallen," he said, "a man with a message and that message the Book."

Rev. R. J. Bowen, district secretary, spoke of the work of the British and Foreign Bible Society in giving a vernacular Bible to all peoples in their own languages. A vernacular Bible was indispensable to the world, missionary ideal, the evangelization of the world in this generation. The British and Foreign Bible Society was turning out 14 Bibles every minute in 450 languages and dialects, and for every two English Bibles sold there were three Chinese Bibles sold. Were it not for the work of the society, 30 per cent of the men in the foreign missionary field would have to be brought home to attend to the publication of necessary Bibles. He pointed out as two of the reasons why increased contributions were necessary for the Bible Society, that paper had greatly increased in cost, and that the trades unions had increased wages and shortened hours of work, thus curtailing facilities for production.

Society's Annual Report.
The adoption of the director's annual reports of the Western Ontario Bible Society were moved by Rev. Dr. C. C. Waller, honorary secretary, and seconded by Edward Towe, treasurer. Generous bequests to the society by the late Thomas Kent, the late Mrs. M. E. Star, of Exeter, and the late Mrs. S. Coates, London, were reported. The total receipts from the branches showed an increase of \$552.90 over those of the pre-

vious year. The receipts from London however, showed a decrease of \$307.29. It was pointed out that Russian and English Diglot gospels supplied by the society are now being used by a Russian class in the city.

Resolution on Late Dr. Ross.
Reference in the director's report to the death of the late Dr. Ross, included the following resolution:

"Whereas, it has pleased God to remove our esteemed President and dearly loved brother, the Reverend James Ross, D.D., by the hand of death in an accident in New York.

"We, the officers and members of the Western Ontario Bible Society, assembled in special assembly convened, and moved with profound sympathy and tender love towards his bereaved wife and family, and the members of his church and congregation, desire to place on record and to express to them the deep grief which we feel and share with them in the sudden and unexpected departure of their earthly leader and admirer and our honored President."

Dean Davis Presides.
Very Rev. Dean Davis, D.D., presided. The devotional exercises were led by Rev. J. G. Stuart, Rev. H. D. Whitmore, and Rev. C. R. Flanders. Special anthems and other music were rendered by the First Methodist Church Choir under the direction of Mrs. A. D. Jordan, and including soloists by Messrs. Webster and Sinclair, and Miss Luta Laymon. Miss Laymon, contralto soloist, very beautifully rendered, Liddle's "Abide With Me."

The board of directors of the Western Ontario Bible Society elected last night for 1914, includes:

President, Rev. C. R. Flanders, D.D.; vice-presidents: Very Rev. Dean Davis, D.D., Rev. James Kennedy, Rev. J. G. Stuart, M.A., Rev. Principal Waller, D.D., Rev. G. N. Hazen, B.A., Rev. James H. Orme, Rev. W. H. Claris, Edward Towe, Rev. W. M. Walker, B.A., Bart Cottam, Treasurer, Edward Towe; permanent secretary, A. E. Jordan; honorary secretaries, Rev. Dr. C. C. Waller and Rev. H. Bingham.

General committee: Rev. H. H. Bingham, B.A., Rev. George McKenzie, Rev. J. H. Boyd, Rev. D. L. McCrae, Ph.D., Sheriff D. M. Cameron, Prof. K. P. R. Neville, Ph.D., J. H. Chapman, Rev. T. E. Clarke, M.A., Rev. Canon Craig, B.D., Rev. T. Wesley Coates, Rev. H. A. Graham, B.A., Rev. F. C. Harper, B.D., Rev. W. H. Harvey, B.A., J. Holman, Rev. W. J. Knox, M.A., Rev. W. J. Patterson, M.A., J. K. H. Pope, Ven. Arch. Richardson, D.C.L., Rev. G. B. Sage, D.D., William Scarlett, Rev. Canon Tucker, D.C.L., W. J. Underwood, W. H. Wortman, Rev. H. D. Whitmore.

Life director: Rev. J. W. Beaumont, D. D., M.D.

Life members: (In order of election): Rev. J. W. Beaumont, D.D., M.D., London; J. Labatt, London; Mrs. A. C. McKinnon, Mossa; J. S. Small, Stratford; F. Hicks, Central; Rev. James Hughes Orme, London; W. H. Wortman, London; J. Follinsbee, Stratford; Mrs. J. Follinsbee, Stratford; Christopher Brock, Geo. Robinson, London; Bart Cottam, London; Mrs. B. Cottam, London; Rev. Jas. Kennedy, London; Robert Fox, London; J. T. Nichols, Stratford; Miss Mary Bell, Stratford; William A. Pearce, Iona; John Marr, London; H. E. Wilson, London; Samuel M. Pearce, Iona; C. B. Adams, Harrietsville; J. K. H. Pope, London.

CARELESSNESS THE CAUSE OF ACCIDENTS
Railway Board Recommends Prosecution of Trespassers on Railways—643 People Killed In Year.

[Canadian Press.]
Ottawa, Jan. 22.—Statistics regarding the toll of death on Canadian railroads are an interesting feature of the railway commission's annual report, tabled in the House today.

It is to be noted that the total number of killed and injured, reported by the various railway companies under the jurisdiction of the board for the year ending March 31, 1913, was 2,547—that is to say, 643 persons were killed and 2,291 were injured. Of the total 643 persons killed, approximately 23 per cent of the total were trespassers on railway tracks.

Passengers Were Careless.
Twenty-one passengers were killed, or 2.3 per cent of the total. Of this total of 21 passengers killed, it appears that 15 met their deaths by what would appear to be preventable causes on the part of the passengers themselves, such as falling off trains while in motion, endeavoring to get off trains in motion, so that the actual number of passengers killed in what might be termed preventable causes on the part of the railway companies was only six, or less than 1 per cent of the total number of 643 persons killed.

The railway employees killed number 303, or 47 per cent of the total. Of the total injured, 1,030, or 40 per cent, were passengers, and of this number 75, or 18.3 per cent, were injured from preventable causes on the part of the passengers injured, such as attempting to get off and on trains in motion.

In motion. Of the total of persons injured 1,692, of 71.8 per cent were employees of the railway companies.

It will be noticed that of what may be termed the preventable causes, 250 killed and injured were trespassers, which is a very large percentage of the total killed, and in this connection the board has taken up with the attorneys-general of the various provinces the question of prosecuting trespassers on railway property, with a view to limiting the large number of fatalities which occur in this way.

BRANT LIBERALS CHOOSE CANDIDATES

John Harold and T. S. Davidson Nominated at Record Meeting.

[Special to The Advertiser.]
Paris, Jan. 22.—At the general meeting of the Brant Liberal Association held at John Harold, of the firm of Sanderson & Harold, Paris, was nominated for the Dominion House this afternoon, and T. Scott Davidson, auctioneer, of Paris, was chosen for the Local House.

A fine fighting speech Mr. Davidson accepted at once, and announced that he adopted unreservedly every plank laid down in the platform of N. W. Rowell. This announcement was enthusiastically received.

Mr. Harold stated that he wanted a little time to consider the matter, but would give a definite answer shortly.

Expect a Break.
Conservatives are looking for a break in the ranks of the four solid Brants, and the greatest campaign in years is looked for.

Eight names came before the convention as nominees for the Local House. The fight finally narrowed down to three, H. M. Kneal, of Burford, and J. W. Vanderlip finally dropping out, and the choice was made unanimous.

Mr. Harold received 86 votes on the first ballot, and his nomination was made unanimous at once.

There were fully 600 Liberals present from all parts of the district, and the greatest enthusiasm prevailed throughout. Leader Rowell was given a tremendous reception when President Adrian Smith called upon him to speak.

In Fine Form.
Mr. Rowell was in fine form, and made a telling speech on the main points of his platform, dealing particularly with the abolition of the workmen's compensation and tax reform. Owing to the length of time the motions took up, the time of all the speakers was limited.

Resolutions were unanimously carried in support of the policies of Sir Wilfrid Laurier and N. W. Rowell, and another of regret at the illness of Sir James Whitney.

President Adrian Smith was re-elected and the vice-president chosen is R. E. Hamilton, of Cainsville, and Dr. Dunton, of Paris, as secretary.

PRESBYTERY PAYS ITS TRIBUTE TO DR. MUNRO

Veteran Minister Euologised on His Retirement From Active Work.

The following resolution was unanimously passed by the Presbytery of London at its meeting on the 20th inst., and a copy was ordered to be sent to Rev. Dr. Munro:

The presbytery, in accepting the resignation of Rev. Gustavus Munro, D.D., after obtaining in his behalf, leave from the General Assembly to retire from the active duties of the ministry, would place on record its high appreciation of his life and work. In his life Dr. Munro has shown himself a man possessed of qualities of mind and heart that won for him a high and abiding place in the affections and esteem of all who have been privileged with his acquaintance. He has been kind and affable, studious and diligent, thoughtful and considerate, and over all genuinely modest and humble—"a man greatly beloved."

In the ministry of the word, in public and from house to house, Dr. Munro has been thoroughly evangelical and faithful, not shunning to declare the whole counsel of God, as he knew it, and in the spirit of Jesus, seeking himself a workman, "needing not to be ashamed, rightly dividing the word of truth." His, indeed, has been a work of faith and labor of love.

As a presbyter, Dr. Munro has been regular in attendance, wise in counsel, courteous in bearing, and ever ready for the performance of work assigned to him.

As moderator of the Synod of Hamilton and London, Dr. Munro performed the functions of that high office, with credit to himself, and to the satisfaction of the court.

With devout gratitude, the Presbytery bears testimony to the success of his life and work, and to the success of his servant in all the fields in which he has been privileged to labor, and to the physical and mental vigor continued to him during his long ministry of over forty years.

In conclusion, the Presbytery would assure Dr. Munro, with Mrs. Munro, who has been to him a most faithful helpmeet, of its most earnest prayer and hope that to them, the evening may be long and bright, with many opportunities for further service, and when all is done, they may hear the Master's glad word, "Come, thou good and faithful servant. Enter thou into the joy of thy Lord."

London, Jan. 21, 1914.

Though Dr. Munro's active service in the ministry terminated, as far as having charge of a congregation is concerned, he has been preaching every Sabbath, since the close of his pastorate, the end of September last.

GIRLS! BEAUTIFUL, CHARMING HAIR, NO DANDRUFF---25 CENT DANDERINE

Try This! Doubles Beauty of Your Hair and Stops It Falling Out.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

FEEL HEADACHY DIZZY, BILIOUS? CLEAN YOUR LIVER! A DIME A BOX

Sick headaches! Always trace them to lazy liver; delayed, fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache. Cascarets will remove the cause by stimulating the liver, making the bile and constipation poison move out of the system. One taken tonight straightens you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too.

CANDY CATHARTIC

EIGHTEEN WERE KILLED ON SAKURA ISLAND

Nine Villages Destroyed by Earthquakes and Volcanic Eruption.

[Canadian Press.]
New York, Jan. 22.—An official report giving the total of the casualties and damage caused by the eruption, earthquakes and tidal wave of last week on the Japanese island of Sakura and in the town of Kagoshima has been received by the Japanese Consul General here. The report says:

"In Sakura nine villages composed of 840 houses were destroyed of the total of eighteen villages on the island. The deaths among the population were not so considerable as at first believed, and probably unexpectedly small.

"In Kagoshima, estimates place the deaths at 18, the severely injured at 87, and the slightly hurt at 71. Thirty-five houses collapsed, 113 were partly destroyed; and many others slightly damaged. The principal public buildings were not injured.

"In Kimotsu and Kira counties the damage caused by falling ashes and pumice stone affected 20,000 people, who will need relief.

LEWIS TOOLE IS DEAD.
Quebec, Jan. 22.—A telegram received tonight by Professor C. A. Zavitz, of the Ontario Agricultural College, announced the death of Mr. Lewis Toole, of Mount Albert, president of the Ontario Experimental Union. Deceased was one of the founders of the Experimental Union, and was a graduate of the college, in which he always took a deep interest, having graduated in 1879. He was one of the leading agriculturists of the province.

Chew Food Thoroughly

In these days of soft, mushy foods and quick meals, insufficient mastication of food is often responsible for stomach trouble, headache, biliousness, constipation, dull brains, and various other ills.

Generally these troublesome results can be avoided or corrected by having a regular daily ration of

Grape-Nuts FOOD

The firm, crisp granules, with cream on the side, invite thorough chewing which is of double advantage. It promotes a sure mixture of the food with the saliva—the first step in digestion. It also tends to normal development and preservation of the teeth.

Grape-Nuts food is made of whole wheat and malted barley. It contains all the rich nutriment of the grains, including the natural Phosphate of Potash so essential for strength of body and keenness of brain.

Grape-Nuts comes ready to eat direct from the package—has a delicious taste—and is easily digested.

Eat slowly—chew your food thoroughly!

"There's a Reason" for Grape-Nuts.
