## JOB DEPENDS ON PARTY IN RUSSIA

Recent Social and Economic Upheavals Rendered Land of Bolshevism One of Lost Motion.

## FAMILIES ALL SCATTERED

Peasants Now Landlords Since Shakeup Under New Regime Caused Countless Misfits.

Petrograd, March 13.—Russia is a land of lost motion. In consequence of the social and economic upheaval, most of the city and town population are trying to do something they are not fitted for. Offices are filled with persons who can scarcely read and write, and have no qualification for their tasks but party membership.

Universities and higher schools are crowded with students who are not prepared for the courses they desire to pursue. Men and women are working as waiters and doing manual labor who are qualified to teach or do other intellectual work.

In the general shake-up nearly everybody in Russia has been forced out of his old home, many people have been forced into the country districts, and country folks have been forced into the cities.

## ASKS MORE LIFE-SAVERS

T. L. Church Wants Government-Maintained Stations.

OTTAWA, March 13.—(Canadian Press.)—The policy of the government in regard to life-saving at the ocean and inland ports and on the lakes and rivers, and what stations were maintained, is the subject of questions filed by T. L. Church, Toronto North.

Has the government discontinued active aid in life-saving and lifesaving stations at Toronto and other places on Lake Ontario and other inland waters; and what stations, if any, have been closed, he asked?

Mr. Church requests the government to declare its policy with regard to maintaining stations at Toronto and other lake ports, and demands the reasons why Toronto has been "forced to provide life-saving crews at a cost of \$160,000 for 1922."

## SEEKS PROBE OF LANDS AFFAIRS

QUEBEC, March 13.—Arthur Sauve, leader of the opposition in the Legislature, gave notice today that he will ask the government to appoint a royal commission to investigate the administration of the lands and forests department since 1912.

Mr. Sauve has, ever since the session began, had a series of questions on the order paper, seeking for information regarding the sale of lots to other than real colonists.

Mr. Sauve has secured a great number of documents, checks, forms and other material as ammunition for his onslaught on the administration of the department.

## CLAIM CHRIST IN SPIRIT ON EARTH

TORONTO, March 13.—Dealing with the question of Premillennialism, the Toronto Methodist Ministerial Association today passed a resolution stating that the teachings of the Lord Jesus Christ made it clear that He is dwelling through His spirit in the church, that His help is not absent from the world, but through His church is building on the earth the Kingdom of God.

The resolution includes the following: "Such materialized and localized conceptions of the reign of our Lord (Premillennialism) not only seem to us out of harmony with the revelation of God in the Scriptures and in history, but in our judgment they tend to restrict the church's mission to a rescue work of a very narrow and limited character."

## ASKS RETURN OF NATURAL WEALTH

WINNIPEG, March 13.—Premier Mackenzie King this morning was called upon by Premier T. C. Norris of Manitoba for open negotiations for return of Manitoba's natural resources as an accounting basis for resources alienated since Manitoba entered confederation in 1870.

Premier Norris, in his letter, takes the stand that Manitoba is entitled immediately to the entire remaining resources and compensation for that part already alienated. He declared that in addition the present arrangement of a subsidy should be a permanent charge on the Dominion exchequer, and also asserts that the Dominion through immigration made a profit, while the province of Manitoba was being impoverished.

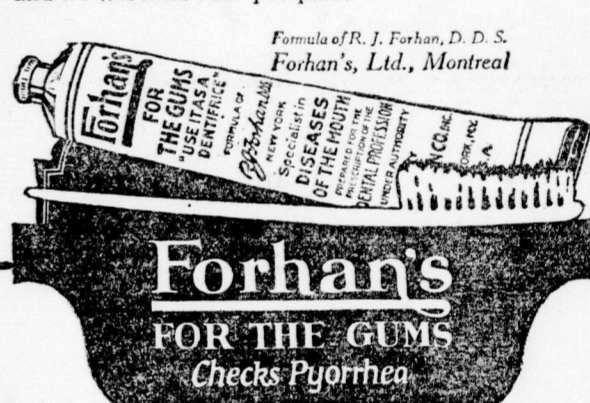

## Tender Gums—A Warning

Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty, also. Loosening teeth indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.
