London, Nov. 25.—The reported determination of the United States to compel President Kruger to allow Consul-General Macrum to exercise his rights as British agent at Pretoria has created an excellent impression here, and has called out various expressions of satisfaction and gratitude.

The Pall Mall Gazette says: "The United States government is not going to stand any nonsense from President Kruger. It was a British representative who kept an eye on Hobson's captivity at Santiago and it was a British representative who did similar services for captured Americans everywhere in Cuba and the Philippines. More power to Macrum's elbow."
