

An Absolute Cure for Rheumatism

If the skin or bowels are unhealthy, they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to the nerves—and causes Rheumatism.

Fruit-a-tives surely cure Rheumatism and Sciatica

because they act directly on bowels, kidneys and skin—and so strengthen and invigorate these organs that there is no urea and uric acid retained in the system to irritate the nerves and bring Rheumatism, Sciatica and Neuralgia.

"Fruit-a-tives" are intensified fruit juices with tonics and intestinal antiseptics added.

TERRORISTS MURDER ANOTHER GENERAL

"Hangman" Pavloff the Latest Victim of the Revolutionary Plotters

St. Petersburg, Jan. 9.—General Pavloff, judge advocate-general, was shot and mortally wounded at 10 o'clock this morning in front of the military court building. The assassin was captured after killing a policeman.

General Pavloff was prominent during the sitting of the last parliament in answering interpellations. He especially excoriated the revolutionists, and the allegation has been made that he delayed the reprieve of a number of the Baltic mutineers who had been convicted by drummed court-martial, until the men were executed.

The crime showed evidence of the same careful preparation as the assassination of the late Emperor Nicholas, and was undoubtedly carried out by the same organization which has assassinated Emperor Nicholas and several of the ministers to death. The assassin, who wore the uniform of a military clerk attached to the court, obtained entrance to the garden under the pretext of substituting a rifle for the one used by the assassin.

DR. WOOD'S NORWAY PINE SYRUP

Always Stops the Cough

It combines the potent healing virtues of the pine tree with other absorbent, expectorant and soothing medicines of recognized worth, is absolutely harmless, prompt and sure.

A cough is caused by the presence of phlegm in the throat and lungs, and continued coughing is liable to distend the bronchial tubes, congest the lungs and produce inflammation and hemorrhage.

A neglected cough can make but one result. It leaves either the throat or lungs, or both, affected.

A single dose of Dr. Wood's Norway Pine Syrup

will stop the cough, soothe the throat and heal the lungs. Read what Miss Nellie A. Seely, Ashland, N.B., says: "I took much pleasure in recommending Dr. Wood's Norway Pine Syrup, for I have found it a valuable remedy for coughs. My mother has used it in our family for a long time and whenever any of them get a cough, mother will say: 'I will have to get some Dr. Wood's Norway Pine Syrup for I know it is good, and always stops the cough when nothing else will.'"

Insist on getting Dr. Wood's as it is the genuine, put up in yellow wrapper. Price 25 cents at all dealers. 3 pine trees the trade mark.

the members that it aroused the indignation of almost the entire house, and he was driven from the rostrum with cries of "Murderer!" "Hangman!" and "Assassin!" He was not allowed to speak again. The murdered general was a large land owner. After the dissolution of parliament he organized the protection of political league to combat local projects for the expropriation of landed estates.

The police have established the fact that a youth, who was killed yesterday after he had made a bonfire of papers and started firing a revolver through the doors of his room, was a terrorist.

The information which the Social Revolutionists have been able to acquire of the movements of its marked victims, indicates the existence of widespread treachery in the military court and the greatest alarm is felt in official circles, where it is believed that a reign of terror has begun.

The assassin of General Pavloff was shot and mortally wounded at 10 o'clock this morning in front of the military court building.

COLUMBIA DISTRICT IS SOLID FOR GOVERNMENT

Warm Welcome Extended to the Premier at Field and Golden

Golden, Jan. 9.—This city, which is the political storm centre of Columbia district, was visited tonight by Premier McBride and Mr. J. Bowser, K.C. They arrived from Field, accompanied by a delegation of railway employees representing every branch of the service at that place, and these men gave to the electors of Golden the assurance that out of a total of 62 voters at Field, 55 are solid for H. G. Parson, the Conservative candidate.

The railway men came with a wave of enthusiasm that inspired all local Conservatives with greater confidence than has ever been felt in this city, and in this way were caught a large number of electors who have hitherto been counted as doubtful. The men who man the trains, those who keep the wheels of the lumber industry, the mines of this part of British Columbia are sharing in the general enthusiasm for the Premier and Mr. Bowser. They listened to the addresses that were delivered tonight with the greatest attention, and the administration of the past three years.

Golden has always been considered to be a Liberal stronghold, but tonight it was clearly evident that such a conclusion cannot be reached. While yesterday the Conservative organization was willing to allow that the opposition had a slight majority, in this city, it will not now allow as much as an even break to the Liberals.

The meeting was held in the hall adjoining the Columbia Hotel. Every seat was occupied. The walls were lined with people and the lobby was packed to the street. Captain Armstrong, president of the local Liberal association, occupied the executive seat on the platform, and after a few remarks as to the nature of the meeting, he introduced Mr. Parson, who was warmly welcomed by the audience.

Mr. Bowser in his address dealt principally with the Columbia and Western and grant, a question in which the people of this district are greatly interested. He stated that the act passed last session and submitted a convincing conclusion that the government was not only fair but honest in its administration. He also took up the question of better terms, and in the most convincing manner showed that the government was not only fair but honest in its administration.

MOLTEN STEEL POURS OUT ON WORKMEN

Thirty-four Furnace Tenders Killed by Explosion at Pittsburgh

Pittsburgh, Jan. 9.—As a result of an explosion of a furnace at the Elgin furnace district was thrown from the hot metal with their lives were taken to a hospital, but all the missing it is thought have been buried in a mass of steel and their bodies are consumed.

The explosion was caused by an accumulation of gas at the base of the furnace, around which thirty-five men were working. Of all these but one man escaped injury. Without warning about a half past five the furnace doors were opened and a mass of molten steel was poured over the workmen, and for a space of thirty feet about the furnace the men escaped flowing at some spots to a depth of four and five feet.

Two alarms of fire were immediately sent in, and all the ambulances in the city were called out. Soon the seven who were unable to escape from the hot metal with their lives were taken to a hospital, but all the missing it is thought have been buried in a mass of steel and their bodies are consumed.

While attempting to rescue some of the men, Chief Peter Snyder, of the fourth fire district, was thrown from a trestle thirty feet high and was seriously injured. He was taken to a hospital.

The bodies of the three dead which have been taken to the morgue are terribly mutilated. The mill officials are inclined to believe that the explosion was caused by a gas leak from the furnace. The bodies of the three dead which have been taken to the morgue are terribly mutilated.

When the families of the victims learned of the disaster they gathered for the purpose and made frantic efforts to gain admission. Several frenzied women fought with the officers to be allowed to see the bodies of their loved ones. It became necessary to call additional police to forcibly escort them to their homes.

LEGISLATORS AT WORK ON PARLIAMENT HILL

Labor Question Under Discussion—Party Patronage—Ralph Smith

Ottawa, Jan. 9.—The House resumed today after the Christmas vacation. Sir Wilfrid Laurier introduced a bill to increase the representation of Alberta and Saskatchewan as provided in the autonomy bills of 1905.

Mr. Borden made a forcible speech in favor of the appointment of a special committee to determine the question. The discussion which followed was of an academic character.

Mr. Foster will submit a resolution favoring the elimination of party patronage from the public service. He will also propose a bill to increase the representation of Alberta and Saskatchewan as provided in the autonomy bills of 1905.

Rosethorn, Sask., Jan. 9.—Answering a board of trade telegram, Mr. Killam, chairman of the railway commission, said the investigation into the railway situation on the Prince Albert branch will be made.

PREMIER SCOTT

Regina, Jan. 9.—Premier Walter Scott was not quite so well yesterday, the action of his heart being rather weak, but after the evening his condition was very much improved.

MONTREAL'S STREETS

Montreal, Jan. 8.—Heavy losses and inconvenience have been suffered by the Montreal Street Railway Company during the last two days owing to the conditions of the city streets since the thaw. No less than 150 cars were taken to the shops for repair on Monday, and many more on New Year's Day, while other loss was caused by frequent delays from rigs getting stuck on the tracks in the busier parts of the city. Water entered into the motors and damaged them to such an extent that it was necessary to have the cars called in and given a thorough overhauling.

RECRUITS ARE SCARCE

Uncle Sam Finds Difficulty in Filling Army Ranks

Washington, Jan. 9.—Not in recent years, except in war time, has the United States army been so badly in need of men as at the present time. A recent report from the War Department shows that the recruiting service calling attention to the fact that recruits are needed in large numbers for the coast artillery, the field artillery, the white infantry and the white cavalry. The recruiting officers are enjoined to redouble their efforts.

Officers on duty at the war department admit that the situation is one which calls for the most extraordinary efforts to get more men, not only for vacancies that now exist, but also those which will occur during the present year.

It is declared at the war department that the present prosperity and the labor famine of the country are more or less responsible for the condition, and that the recruiting service must be kept up to the mark.
