GUELPH, Sept. 3.-The Torontos and the Maple Leafs played a league game here to-day. The only new man in the Leafs' team was Madigan of Oswego at short. Fitzgerald and Dillon were the battery. Fitzgerald and Dillon were the battery. The Torontos had Stemmyer in the box with Smith behind the bat. The only feature of the game was Fitzgerald's fine pitching. The Torontos failed to make a hit off him. The Leafs batted Stemmyer for only two hits. The following is the score :

PROVIDENCE, R.I., Sept. 3.-Maud made an unsuccessful attempt to lower her record. Owing to the weather, the conditions were somewhat unfavorable as a brisk wind blew up the home stretch and the air was crisp and chilly. John Mur-phy drove the runner Longman to force the pace. The first quarter was made in 33 seconds; while the half was completed in 1.031, the fastest half mile on record,

by Winheid Scott; A. County, Data g. g. Scotland, by Winfield Scott. Bell's Liffe in a recent article entitled "York Races and Stout Runners," says in connection with a match run about 1799 at four miles as follows: "It is true they had no stop watches in those days, but the time of these long races, if anything near correctly taken, was very good. It is recorded that in a great match at York between Sir Solomon and Cockfighter, for 500 guineas a side, over four miles, the first two miles were run in three minutes and the four miles in seven minutes and between ten and eleven seconds. The eractness concerning the second might indicate that the timekceper had some efficient means at his dispesal." Readers of The World can believe this if they like. The uncertainty of horseflesh was never 1.034, the fastest balf mile on record, the trotting queen fairly flying over the course. She left her feet, however, after passing the pole, but was quickly steadied, passing the three-quarter pole in 1.40. Murphy pressed closely upon Bair's sulky on the last quarter, but the mare failed to respond and finished the circuit in 2.13. A magand initialed the circuit in 2.13. A mag-nificent floral collar was presented to Mr. Bair by the Narragansett association and/a handsome horseshoe by five lady friends. It was generally admitted that the break have contributed three seconds to the out that under the conditions the ould not have begten 2.10.

Indicate that the timesceper and some efficient means at his disposel." Readers of The World can believe this if they like. The uncertainty of horseflesh was never better illustrated than in the case of Mr. Shields 5-year-old bay gelding Repeater, by Revolver out of Regards. Here was a horse brought to Torento by Mr. O. B. Sheppard, who, after giving him a fair trial, conclided he was scarcely worth more than his keep. 'He consequently sold him for the insignificant sum of eighty dollars to his present owner, whose friends thought he was incurring much unneces-sary expense by sending the horse to Saratoga. Mr. 'Shields, with the pluck that is so prominent an element in his character, determined to make the venture, and well has he been rewarded. Out of half a dozen starts he won twice and was second once, netting seven or eight hundred dollars. Embold-ened by his unexpected success at the Springs, and knowing that the horse had gained there just the schooling that he needed, Mr. Shields instead of bringing him home to Toronto sent him on to Sheepshead bay, and yesterday with 135 lbs. up Repeater won the steeplechase event of the fall meeting, beating Bourke Cochran, aged, 027 lbs., and an excel-lent field. The stake itself is worth to the winner something like \$1400, and a. Mr. Shields thought he had a pretty good show to get there, it is probable he compelled the bookkeepers also to hand over a dollar or two. But, after all, there is nothing remarkable about Repeater turning out 'so well over fances and ditches, for was not Turfman, and is not Carter Harrison, his own brothers, a shining light in the jumping business? Driftwood, the aged son of Stockwood and Vanetta, has also doen well in Mr. Shields' hands, and gives indi-cations of yet proving a valuable invest-

The Lacrosse Championship Situation. The Ontarios after consulting Dr. Canmiff, the health officer of the city, have decided not to go to Montreal to-morrow to play their championship match with the Shamrocks. As stated in The World yesterday, they first telegraphed 'to the Shamrocks and asked for a postponement,

and then sent telegrams to Messrs. Le Brun, Peterboro L. C., D. E. Bowie, Montreal L.C., and M. J. T. Quinn, Sham-Montreal L.C., and M. J. T. Guinn, Sham-rock L. C., who with R. B. Hamilton, Toronto L. C., and D. A. Rose, Ontario L. C., form the committee of man agement of the National lacrosse L. C., form the committee of man agement of the National lacrosse association, asking if the smallpox epi demic would be considered good and suffi-cient reason under the championship rules for non-appearance. Messrs. Rose and Hamilton sgreed that the reason was sufficient for postponement. Messrs. Bowie and Quinn replied that they con-sidered the reason "absurd, ridiculous and insufficient." It was now two to two. insufficient." It was now two to two, and Mr. LeBrun's answer was awaited with some curiosity. It came, and was as

That settled it, so that, although they acted on medical advice, the Ontarios under the rules will default, and conse-quently come under section 3, Rule XXV, of the championship rules, which says: Sec. 8. In case of any club failing to put in an appearance at one of the matches so sufficient toesons, within three days aftr decided by the committee of margement, shall be ruled out of the series for the remain effort the series for the remain der of the year, and all matches they have playred giall be declared null and void. The Ontarios are sincerely sorry that they are not able to play, and would they are not able to play, and would infinitely have preferred a postponement. Even as it is, had it not been for Dr. Cannif's explicit opinion, and the conse-quent refusal of the parents of certain members of the first twelve to consent to

their sons going, the Ontarios would have sent a team down. But so emphatic was

things is to place the forontos consider-ably nearer the championship than the table of games won and lost would convey. According to the rule quoted all games played by the Ontarios have to be deducted from the record, which means two each from the Montrealers and Shamrocks, leaving them rementively three from the record, which means two each from the Montrealers and Shamrocks, leaving them respectively three won and one lost and one won and three lost, while the Torontos have only one to come off, and they stand two won and

will have the permant for certain, as defeat by the Shamrocks will have no hearing on the actual holding of the championship. Again, if the Torontos win to-morrow, and the Shamrocks should heat both them and the Montrealers, the grand result would be a triple tie, each club having three games won and three lost. To day's match therefore, increases in innectance three games won and three hes. To days match, therefore, increases in importance by the falling out of the Ontarios. Alt though reports from Montreal are to the effect that the visitors have taken every precaution to be in good trim, fit can scarcely be denied that they are laboring under obvious, but unfortunate, disadvan-tages. There consequently appears excep-tionally good reasons for believing that at this critical juncture the Toronto boys will cover themselves with glory. At any rate the contest can hardly fail to be one of the keenest and most exciting ever fought on a lacrosse field. who thought of emigrating to reflect well before starting. There was no room in America for idle or worthless persons, How Long a Horse Should Live. good usage is protracted to 25, 35 or 40 years. A gentleman at Dulwich, near London, had three monuments of three London, had three monuments of three horses who severally died in his possession at the ages of 35, 37 and 39 years. The oldest, it is to be remarked, was in a car-riage the very day he died, strong and vigorous, but he was carried off in a few hours by spasmodic colic, to which he was subject. At Chesham, in Buckingham-bies there was a horse 36 wears old, which subject. At Chesham, in Buckingham-shire, there was a horse 36 years old, which exhibited no symptoms of debility nor any external signs of age, except being nearly covered with warts. It was remarkable with regard to this four-footed Nestor that when an unusually hard day's work was required he was chosen as never failing in what was expected of him. A horse named "Wonder,"formerly belonging to the riding school at Woolwich may be quoted as living to 40 years. Mr. Calley, In his "Observations on Live Stock," mentions one he knew which lived 47 years, having during all that time a ball in his neck during all that time a ball in his neck received at the battle of Preston Pans, in General Notes. Wm. C. France has offered to trot his gelding Harry Wilkes a race against any mare, gelding or stallion in the world. He new minister of the United States at the imperial court, Sir Lothrop, who has recently arrived in this city, made up his mind to pass his vacation in travelling in our country.
