

### PROTESTS AGAINST VOTE IN HOUSE

#### C. G. Coote Complains of Treatment By Deputy Speaker

#### COMPLAINT IS TOO LATE

Says He Was On Feet To Speak When Vote Ordered

OTTAWA, May 29.—(Canadian Press Dispatch).—Protest against the passage early this morning in the Commons on a resolution authorizing a further advance of \$5,000,000 to the Quebec Harbor Commission, was voiced in the House today by G. G. Coote (Tro., McLeod).

The resolution was adopted in the House after midnight and a bill based on it was given third reading. Mr. Coote claimed that he was on his feet and had asked a question when Deputy Speaker Gordon who was presiding over the committee of the whole, began to put the question to the House. Chairman Gordon then ruled that "eyes and noses" had been asked for and debate was closed. Mr. Coote asked Speaker Lemieux to overrule this decision. The Speaker said that an appeal from the decision of the committee might be taken at the time and not later.

The bill has yet to pass several stages of the House and further extended debate on it seems foreshadowed by today's appeal. The preliminary resolution was debated some six hours yesterday and was passed on a committee vote, 75 for and 57 against, all members present of both Opposition parties opposing it.

### BELGIUM MOVES TO FUND DEBT TO U. S.

WASHINGTON, May 29.—Baron De Cartier, the Belgian Ambassador, informed Secretary Mellon today that his Government desires to initiate negotiations at an early date for funding of the Belgian debt to the United States.

The move of Belgium came with striking suddenness, and was based, it is understood, on cabled instructions to the ambassador to notify the American treasurer of his Government's intentions before leaving Washington for Brussels.

### PREMIER FERGUSON PLANS OVERSEAS TRIP

TORONTO, May 29.—Provided Sir Adam Beck continues to improve in health, Premier Ferguson will leave for a holiday in England and the continent in a week or 10 days, it is learned here today. He has planned to stay until the middle of August or the first of September. Mr. Ferguson will be accompanied by his wife.

### COMMITTEE TO CALL S. WATERLOO MEETING

Liberal-Conservative Executive Planning Convention; Confident of Redeeming Riding.

GALT, May 29.—A largely attended representative and enthusiastic meeting of the executive of the South Waterloo Liberal-Conservative Association was held this afternoon at Bernhardt's Hall, Preston, with the president, A. J. Edwards, in the chair. No decision was made as to calling a convention, the matter being left in the hands of a special committee. From the enthusiasm evidenced the meeting was quite confident of redeeming this riding.

The speaker of the afternoon was Capt. George Black, M. P. of the Yukon, who delivered a most interesting address on the economic situation in Canada today, placing strong emphasis on the need of a higher tariff to stabilize conditions and industry. He received a most attentive hearing.

### TWO BROTHERS KILLED WHEN AIRPLANE FALLS

ERIE, Pa., May 29.—Two brothers were instantly killed here today when an airplane in which they were making a test flight fell 5,000 feet, burying them under the wreckage. The men were W. F. Sullivan, 33, of Newport, R. I., a former captain in the Royal Air Force, who was operating the plane, and his brother, Fred, 35, who was a passenger.

### FIRST GARDEN PARTY.

CARGILL, May 29.—The first garden party of the season was held this evening on the church grounds at Salem, in Elderslie Township. There was a large attendance and an excellent program was rendered by the young people of the community. A soft ball match was played between Chesley and Parkhill high schools. The Owen Sound Pipe Band furnished the music.

### MESSAGE DELETED.

An association of German nobles recently sent the ex-kaiser a deplorable address, in which was inserted a sentence hoping that Wilhelm would return shortly to Germany. Upon the protest of the association's president the sentence was deleted and the revised message sent to Loorn.

When the Kaiser received the message, he telegraphed his thanks and added his spontaneous wish for Wilhelm's return to Germany would soon as possible.

In well-informed circles the episode is considered without meaning politically, as the Republican majority is clear out and the Monarchists are divided. Moreover, most observers agree that the present form of the German state is stable and that foreign relations demand complete maintenance of the situation as at this time.

But the incident is the first authentic indication of Wilhelm's exuberance regarding Hindenburg's election and has occasioned considerable comment.

The Republican factions, amused, have privately commented: "Wilhelm's delusion of grandeur continues unabated."

### East End Survey on the Market

Motorists who make use of the Dundas east highway are well acquainted with Argyle Park, the building survey just east of Portaburgh, to the right of the highway as one travels from the city.

It is about 10 years since this property was first offered to the public, and in that time a great many home sites have been bought and a correspondingly large number of houses have been built there.

Situated as it is, just seven minutes' walk from the car line, and handy to both store and school, the property has gained great popularity with those who have made their homes there. To this may be attributed the fact that many have been sold solely through the recommendations of purchasers who bought their holdings on the easy payment plan of \$10 down, the balance at \$5 monthly. This plan of financing is still in effect.

Argyle Park is now in the hands of Miss M. Moorhouse, of 822 Wellington street, who states that there are upwards of 500 lots still available in this desirable survey.

### OFFER NEW CONTRACT TO MINERS OF NOVA SCOTIA

NEW GLASGOW, N. S., May 29.—A reduction of 10 per cent. from the 1924 rate of wages, graduated so that the burden will fall lightly upon the lower paid men as compared with the better paid and contract workers, was the substance of a new schedule offered to the miners of Pictou County by the vice-president of the British Empire Steel Corporation, J. E. McLurg, at a conference held at Acadia college today and attended by miners and corporation officials.

Mr. McLurg declined to enter into details of the new schedule for the reason that it would not go before the rank and file until meetings are arranged, but he stated that it was the result of prolonged study and calculation as the part of corporation officials and that if the proposal was accepted by the men work would be resumed at once.

Thomas Scott, district board member of the United Mine Workers of America, stated in an official statement given out today that the miners who conferred with the corporation officials were bona fide members of the One Big Union and that the United Mine Workers repudiated the conference. It was confident that no members of the United Mine Workers would enter into a separate working agreement with the corporation.

### MAINTAIN DISEASES DUE TO TEETH

#### Arthritis and Heart Trouble Common, Says Dr. Price.

#### X-RAY NOT INFALLIBLE

#### Dentists in Convention Hear of Interesting Cases.

TORONTO, May 29.—Addressing a clinic in connection with the Ontario Dental Association convention on the danger of retaining root-filled, devitalized teeth and depending upon the X-ray to show infection, Dr. Weston A. Price, of Cleveland, declared: "I frankly tell you that I have not given up hope for the public in many communities until the present generation of dentists dies off."

He stated that the retention of breeding places for the streptococcal organism in such teeth was responsible for many deaths from heart trouble.

In case after case, illustrated by lantern slides, Dr. Price told of remarkable recoveries of children and adults from heart and rheumatic diseases, even from insanity, following the removal of diseased teeth. In the case of one terribly crippled young boy from heart trouble and arthritis, his extracted teeth was put under the skin of 30 rabbits in succession and all of them developed rheumatism and 23 out of the 30 had heart trouble in a few days. And the pulp in this tooth was not even dead.

Dr. Price related cases of apparent heart fever and other sensitive diseases where diseased teeth were harboring the organism of a vegetable nature, and receiving the irritating substance, not from pollen from the outside, but the same property from the inside of their teeth.

### EX-KAISER WANTS TO RETURN HOME

#### Hopes Revived By Election of Von Hindenburg

#### REPUBLICANS ARE AMUSED

#### Says Wilhelm's "Delusion of Grandeur" Continues Unabated

Special Cable to The Free Press.

BERLIN, May 29.—Wilhelm Hohenzollern, of Doorn, would like to change his address and return to Germany.

While an overwhelming majority of Germans consider the ex-kaiser as an exile, whose comeback is unthinkable, Wilhelm himself, since Von Hindenburg's election as president, has revived his hope of returning to the homeland. This has just been revealed by an incident, trivial enough in its outward aspects, but significant enough to show the state of Wilhelm's mind.

### PARAMOUNT QUESTION IN NEW SOUTH WALES CAMPAIGN

#### OPPOSED BY GOVERNMENT

Predicted That Result To-Day Will Be Close

LONDON, May 29.—(Canadian Press Cable).—The latest messages received here to-night from Sydney reveal that the campaign in the New South Wales election, polling for which takes place to-morrow, has been the keenest and the most bitter in the history of the state.

### NE TEMERE DECREE ELECTION ISSUE

Another historical event was that Duncan Marshall, organizer of the Patrons of Industry when Reuben Truax fought them and won in 1894, was visiting speaker to-day, but nobody mentioned that.

### THOSE PROPOSED

Those proposed when President William Connell, of Lucknow, called for nominations were O. E. Klein, Walkerton; Dr. Hall, Walkerton; J. A. Johnston, Midway; William Krug, Chesley; Charles Baechler, Kinross; Dr. Finlayson, Ripley; R. E. Truax, Walkerton; William McDonald, Chesley, and J. G. Anderson, ex-M. I. A., Lucknow. Mr. Anderson reserved decision until all had spoken and when he found that Messrs. Krug, Klein, Baechler and Dr. Hall were in the field he decided not to venture. A vote of 12 was cast in his personal popularity, however.

Charles Baechler, millman and farmer, of Black Horse, offered a one-plate platform in the form of a proposal to take the job of member at \$2,000. His tender, although lowest, was not accepted.

"Economy is needed in Canada," he said, "but must be kept at home. It is worth \$4,000 a year to spend six months at Ottawa, sitting in cushioned chairs, while the people at home are working and slaving to earn it. I can do this work for \$2,000 a year and think myself highly paid. (Applause and laughter.) You should come to some understanding with the man you choose as to how much salary he will take. Avail yourselves of this opportunity and put a man in the field who will take \$2,000, and if South Bruce leads other ridings will follow. I offer myself to perform the duties of Parliament for \$2,000 a year."

### STARTS DISTURBANCE

"You can just go way back and sit

### ENDED YEARS OF NOTED VISITORS AT JOINT DINNER

#### Sir Hugh and Lady Poynter Are Guests of Honor

#### ADDRESS ON THE BALKANS

#### Kiwanis Club and Historical Society Hosts

ST. THOMAS, May 29.—Sir Hugh and Lady Poynter, distinguished visitors in this city, attended the joint luncheon of the Historical Society and the Kiwanis Club in Trinity parish hall this evening as guest speakers. Sir Hugh Poynter was introduced at the luncheon by Dr. Coyne with these words: "Any city would feel proud to entertain the son of Sir Edward Poynter, a nephew of Edward Burn Jones, a cousin of Premier Stanley Baldwin, and of Rudyard Kipling, representing the art and diplomacy of the old land."

Lady Poynter was presented with a large sheaf of flowers by Walter Edworthy, on behalf of the Historical Club. Perhaps nothing could have pleased Lady Poynter more than this gift, representing, as it did, the love and beauty of a motor ride this afternoon over the highways of Elgin County. She is an enthusiastic admirer of flowers and of birds, and she was more than impressed by the abundance of these beauties of nature with which this district is endowed. Mrs. Coyne was also presented with a beautiful bouquet.

Sir Hugh Poynter is familiar with the political situation of the Balkan States, and of Turkey in particular, where he spent many years with the British foreign office. His description of the Turkish customs and habits, the financial conditions, and of those underlying currents of thought which govern the destinies of old Turkey and young Turkey, under the regime of Enver Pasha and his two contemporaries, was most entertaining. He described the Armenian situation, the cruelty and hardships of the Turks, their religious ideas, and finally the influences which govern their entrance into the late war.

### WALKERTON PHYSICIAN NOMINATED FOR THE COMMONS

#### NINE NAMES PROPOSED

#### Charles Baechler Offered To Become Member At \$2,000 a Year

By Staff Reporter

WALKERTON, May 29.—South Bruce Liberals this afternoon chose Dr. W. A. Hall, of Walkerton, as candidate for Parliament and at a convention lasting over four hours added a number of other interesting items to the eventful political history of the riding.

### S. BRUCE LIBERALS CHOOSE DR. HALL

Dr. Hall had 121 out of 234 votes. He is a well-known and successful physician in Walkerton, Ontario.

### WALKERTON PHYSICIAN NOMINATED FOR THE COMMONS

Dr. Hall expressed thanks briefly, saying he was proud of his vote because the others were worthy competitors.

### DETROIT FLYER KILLED

PLANE DASHES TO GROUND FROM ALTITUDE OF 300 FEET.

DETROIT, May 29.—Dashed to the ground after a false nose dive from a 300-foot altitude, John Burns, a local aviator, was pitched from his machine near Woodward avenue and Nine Mile road, 7 o'clock tonight, and received injuries which led to his death soon afterwards in Highland Park General Hospital.

### SAYS 4.4 WILL HELP PAY ONTARIO'S DEBT

WASHINGTON, May 29.—Declaring that citizens of this country are spending large sums of money abroad in vacations because of the Volstead law, Capt. W. H. Stayton, head of the association against the prohibition amendment, predicted today that Ontario would "make long strides towards paying off its public debt this summer with the money that United States citizens will spend there."

### SMUGGLING INCREASING

ST. ALBANS, Vt., May 29.—The Government's blockade along the Atlantic coast that has so effectively checked the activities of nautical smugglers of liquor has tremendously increased the activities of runners bringing their wares from Canada across the Vermont and New Hampshire borders. It was asserted today by Harry C. Whitehill, United States collector of customs.

### PRESENTATION TO MR. WOOD

BRANTFORD, May 29.—Members of the Chamber of Commerce presented an address and club bag to W. H. Wood, local manager and secretary, at a luncheon today on the eve of his departure for London, where he will take a similar position.

### METALS.

NEW YORK, May 29.—Copper steady; electrolytic, spot and futures, 13 1/2c. Tin easy; spot and near by, \$55.37; futures, \$55.25. Iron steady; price unchanged. Lead firm; spot, \$8.40; and near by, \$7.10. Antimony, spot, \$12.25.

### 50 Men's Suits

THEY'RE GOING FAST  
On sale at \$12.50  
Sizes 34 to 46, in tweeds and worsteds.

### GOVERNMENT NOW ON FIRM GROUND

#### French Cabinet Gains Stronghold By Moroccan Policy Vote

#### FINANCE NEXT OBSTACLE

Proposals of Caillaux Likely To Present Difficulties

Special Cable to The Free Press

PARIS, May 30.—With the first obstacle—the Moroccan situation—well cleared, the Painlevé Government seems firmly established in the saddle. The overwhelming vote of confidence—537 to 29—accorded the Cabinet today by the Chamber of Deputies indicated a Socialist unanimity beyond all expectations. For a month it had seemed an even chance that the Government would be unable to surmount the involved difficulties pressed upon it by the Rifian warfare.

Aristide Briand, himself eight times Premier, is given credit for the finesse and political sagacity that prevented a split, threatened last night, among the Socialist factions headed by Deputies Renaudie and Blum.

The next hurdle of the new Government must be encountered next Monday when Minister of Finance Caillaux presents his financial proposals.

It is believed now that Caillaux will not select a date later than June 27, and likely will have shaped his plans for submission to the Chamber a week or so before the time. It was the financial situation that will be remembered, that occasioned the fall of the Herriot ministry, and the greatest fight the Painlevé Cabinet will face is in regard to measures designed to stimulate the franc.

A vote of confidence will be asked with submission of the proposals, and in the event this is granted in the Senate, the Ministry will be the strongest one since that of Clemenceau.

Aside from the financial problem there is no serious issue on the horizon before Parliament adjourns on July 13.

### DETROIT FLYER KILLED

PLANE DASHES TO GROUND FROM ALTITUDE OF 300 FEET.

DETROIT, May 29.—Dashed to the ground after a false nose dive from a 300-foot altitude, John Burns, a local aviator, was pitched from his machine near Woodward avenue and Nine Mile road, 7 o'clock tonight, and received injuries which led to his death soon afterwards in Highland Park General Hospital.

Burns was on his way to Indianapolis speedway races and the accident occurred just as he hopped off. The machine, upset by the terrific landing, was smashed.

Burns, with his brother, conducted a flying field at the Seven-Mile road.

### SAYS 4.4 WILL HELP PAY ONTARIO'S DEBT

### NOT PLANNING TO NAME PROHIBITION CANDIDATE

STRATHROY, May 29.—The member of the local temperance committee held a meeting to-night to prepare their report on local activities for submission at the June meeting of district prohibitionists. The five members present were surprised when, before the meeting, they were notified that they were to meet to consider the advisability of naming an official temperance candidate for the next provincial election.

Rev. J. Moore, one of those present stated that this matter was not before the committee. They had not thought of naming a candidate at the present time, he said, nor was any political action contemplated. When the next election came, he observed, the temperance forces would naturally swing their influence to which ever party would support temperance principles, and it was only in the event of neither party giving such pledge that the naming of an independent prohibition candidate would be undertaken.
