THE LAWRENCE WILLIAMS CO., of Toronto, Ont., and Cleveland, Ohio, are about as well known among stock men on both sides of the line as any firm doing business in America. They have been using the columns of FARMING for advertising purposes for a number of years and the fact that they not only continue to do so but have increased their space every year is the very best evidence of the value of the paper as a medium for reaching the stock breeders and farmers in Canada. In addition to this they have frequently expressed their entire satisfaction with the results obtained from their advertisements and on November 25th, 1898, they repeat the statement again in forwarding copy for the large advertisement which appears this week on the last page of the cover of this paper. The Lawrence Williams Co. are thorough business people and know to a demonstration what advertising merit will give them the best returns. There is no guess work about it. It is a certainty with them. Stock breeders should make a note of this. The true indication of the value of an advertising medium is the opinion which such business advertisers as these, who have special means of ascertaining results, have of it, not the number of canvassers sent out by the paper to drum up business. The Lawrence Williams Co. desire to reach the same class of people to whom the Canadian live stock men appeal in their advertisements for business and if profitable results are obtained in the one case it is only reasonable to expect like results in the other.

MESSRS. J. YUILL & SONS, of Carleton Place, Ont., writes: "Our stock of Avshire has gone into winter quarters in fine condition. We have twenty cows calved within the last two months, and ten more will be in very soon, and would be pleased to dispose of calves, either sex, to make room as we are somewhat crowded for room. We are clean sold out of young bulls fit for service, but we have a very fine lot of heifers one and two years old. We are also sold out of ram lambs, but have a fine lot of ewe lambs, shearlings and two shear ewes. There has been an unusual demand for Shropshire rams for the purpose of crossing on common flocks. We are also sold out of Berkshire boars, but have a few young sows of the real Bacon type. We have lately effected the following sales: The grand cow, Nellie Meadowside, 2463, Mr. Robert Stewart, Aylmer, Quebec; A great large, strong bull calf, Clearance Meadowside, 9779, to Mr. John McCullough, Aylmer, Quebec; Hector Meadowside, 9781. This calf headed our young herd which took first prize at Ottawa Exhibition; to Mr. Andrew Ponpare, Brownley Lane, Ont.; Lynch Meadowside, 9780, to Mr. B. W. Phillips, Aurora, Ont. One Shropshire lamb, two shears, took three prizes at Ottawa Exhibition, to Mr. T. Graham, Mosgrave, Ont.; one shearling ram to W. T. Dunlop, Monastic, Ont.; Mr. R. H. Tufts & Sons, Tweed, Ont., one ram and one ewe lamb; Mr. J. K. Elliott, Day Mills, Ont., one ram lamb; Mr. D. H. Lawrence, Spruce Dale, Ont., one ram lamb; Mr. W. P. Gibson, Lammernor, Ont., one ram lamb and one boar pig; Mr. John Hopkins, Cummings Bridge, Ont., ram lamb; Mr. Joseph Lewis, Aiton, one aged Berkshire sow; Mr. Thos. Willows, Lanark, Ont., one boar; Mr. W. C. Wyman, Chute Au Bondeau, two sows and one boar; Mr. W. H. Whelland, West Port, Ont., one sow; Mr. A. E. Brush, West Port, Ont., one boar; Mr. Samuel Hanna, Munster, Ont., one boar; Mr. John Hanna, Munster, Ont., one sow; Mr. James Shellington, Munster, Ont., one sow.

CURES CATTLE

For cattle coughs, sore throat, sprains, sore or caked bag and a score of accidents that might befall the herd, Griffith's Menthol Liniment is the greatest of external applications—proved the success that is claimed for it a thousand times—good in an emergency—quick to cure.

"We have used Griffith's Menthol Liniment with great satisfaction and success on our ranches, and believe that for horses and cattle there is nothing to equal it." P. R. Ritchie & Co., ranchers, Vancouver, B.C.

Persiatic Hen-House Spray

Vermin is the most persistent enemy of the feathered stock. Keeps the fowl in bad health, listless and drooping; destroying its good qualities for show, lay or breeding purposes. Not much use in doctoring the fowl until the houses are in shape. Strike at the root of the trouble by keeping them in perfect sanitary condition with Persiatic Hen-House Spray. No insects or lice can live after its application and one thorough dose lasts a long time. Keeps the atmosphere pure and healthy, destroying disease germs and the bad effects of gases, vapors, etc. Makes up for insufficient ventilation in the winter months.

If your dealer hasn't it, write us direct.

The Pickhardt Renfrew Co.

(LIMITED)

STOUFFVILLE, ONT.

EVERY SUCCESSFUL farmer who raises fruits, vegetables, berries or grain, knows by experience the importance of having a large percentage of

Potash

in his fertilizers. If the fertilizer is too low in Potash the harvest is sure to be small, and of inferior quality.

Our books tell about the proper fertilizers for all crops, and we will gladly send them free to any farmer.

Patchall

THE Twentieth Century Mender bids goodbye to the needle and thread. Welcomed by thousands of women and praised by men. No more dirt in your home from mending bags. PATCHALL mends grain bags, binder canvas, and all kinds of cloth. It is a great saver for the farmer. Straw passing through small holes, winding on the rollers of the self-binding harvester breeds evil. A small piece of canvas and a little PATCHALL saves time and money. A great success in grain warehouses wherever tried. Thousands of bags are now patched by PATCHALL. Eight patches, two inches square, cost a cent. If you cannot obtain it from your hardware dealer, send 25 cents, and we will mail a can to your address prepaid. Manufactured by Domestic Specialty Co., Hamilton, Ont.
