GEO. F. BOSTWICK, ESQ.,

-24 WEST FRONT STREET,
TORONTO.

WEST TORONTO JUNCTION,

MAY 9TH, 1891.

DEAR SIR,—As per your request for my opinion of the BRANTFORD BICYCLES, I would say that my Bicycle has given me excellent satisfaction, and is practically as good to-day as when I received it two years ago. The first year I had it I rode it considerably but kept no track of the distance covered; the second year I covered 1,100 miles; this year I expect to cover fully as many miles as last year. Add to this the fact that it has cost me for repairs just ten cents since receiving it, and you need not wonder at my being so well pleased with it. My weight has been about 150 lbs. in the last few years, so that you can see the wheel has stood a very fair strain during this time. Over and above this I have always found it very easy running, although I hear of other wheels that are difficult to keep in easy running order. I can cheerfully recommend the BRANTFORD BICYCLES to anyone desiring to purchase a wheel.

Yours very truly,

PETER MYERS,

ENGINEER.

Club Membership.

The Toronto Bicycle Club is now rapidly becoming a large organization, and the time has come for limiting its membership. Fortunately the Club has always been careful in its selection, and hence is in a perfect state of organization and has no conflicting elements in its membership. One objectionable member may, however, mar the harmony that at present exists, and it behooves the Club as a body to hold its standard high and maintain it without fear or favor. Too much caution, therefore, cannot be observed in admitting future applicants. The constitution should be thoroughly revised and completed, members proposed, seconded, and their names posted for a month before being balloted for, so that no one may enter unless he be a worthy accession to our membership.

The Racing Board of the Toronto Bicycle Club, has selected the following riders to represent the Club in the Team Race at Hamilton, 2nd July:—Dave Nasmith, W. Geo McClelland, C. W. Hurndall, Samuel Bulley, Fred. B. Robins. Spare Men—Wm. Robins, Jas. Miln. Racing Board—A. F. Webster, F. J. Whatmough, C. F. Lavender.
