

### OUR BABY.

Our baby has just learned to creep. He creeps all over, and sometimes it is very hard to keep track of him. One day he crawled away into the garden and we could not find him anywhere. At last we heard a baby laugh and crow, and there peeping out from the bushes we found wee Tommy, looking as cunning as could be. Weren't we glad to see him and take him back safe to mamma again.

Sometimes little boys and girls grow up and stray from God and become lost, but our blessed Saviour came to seek and to save that which was lost, to look for the stray lambs of the flock, the boys and girls, who wander away from home, and bring them back to holiness, and happiness, and heaven.
