

REPORT ON PATHOLOGY AND CLINICAL PSYCHIATRY.

Report from the Department of Pathology and the Department of Clinical Psychiatry, Central Indiana Hospital for the Insane, 1911-12 and 1912-13. Vol. v. Indianapolis: W. B. Burford, contractor for the State printing and binding, 1914.

This is a very valuable report. It gives a clear statement of the pathological findings and the clinical progress of many interesting cases in the Hospital for the Insane at Indianapolis. The clinical portion of this volume will be read with interest by those who are fortunate enough to possess a copy. The report is a very useful one, and is of the kind that is calculated to disseminate useful knowledge.

MISCELLANEOUS
