## Drug Reports.

### Canada.

There have been some important changes in values since last month, the principal one being the sharp advance in Bismuth; the higher price of the metal is confirmed, consequently all Bismuth salts are about \$1 per lb. higher. Iodides may follow, as the same companies control both the Bismuth and Iodide markets and both have been low in price. Quinine has also made two advances of two cents each, making it four cents an ounce higher. Morphine has advanced fifteen cents, only it may go higher, as this advance does not correspond yet with the advance in Opium. Oils Aniset Cassia are higher on account of the Chinese trouble.

Bw. Creusote is 20c. lb. higher. Trade keeps up well for this season of the year.

Don't imagine that you can become rich without energy, attention and hard work, for, if you can, you will be the first idle, inattentive and lazy person who will have taught the world a lesson.

### Life and Times of Queen Victoria.

The admirers and friends of the late Mrs. Oliphant will be glad to learn that her last written word is now to be presented through the press of Messrs. Cassell & Company, New York. The "Life and Times of Queen Victoria" is marked with all the literary charm of style, the intellectual force and the tenderness of feeling that are conspicuous in this charming writer's other works. Mrs. Oliphant writes from personal knowledge of her subject. In the present work, therefore, we have a dual interest—the tribute of one great woman to another. We are indebted to Mr. Robert Wilson for the latter portion of the Life. It will be issued in weekly parts—there are twenty-nine in all—and is artistically gotten up, well illustrated, and printed on a heavy-coated paper. The price of each part is twenty cents. Persons subscribing for the complete set will receive, without extra charge, a Rembrandt Photogravure of the Queen, 17 inches by 12 inches. Six parts are now ready, and the publishers predict a large sale, having already received many subscriptions, although the Life is now receiving its first American advertising.

### New Sauce and New Chutney.

#### Formula for East Indian Paste Sauce.

A very delicious sauce, and quite different in preparation from the other sauces. Excellent with all kinds of meat and fish. King of all sauces. The consistency is that of concentrated syrup. A fortune in this preparation to all those who will properly prepare and introduce it. Original East Indian recipe. Entirely novel, and formula not known to have been published before.

#### Formula for Apple Chutney.

According to the Bengal (India) system: This Apple Chutney differs from the ordinary, common mango preparations, and is the only one of its kind that will give satisfaction and sell well. Original East Indian recipe.

The two formulas sent to any part of the United States of America for

ONE DOLLAR.

Remittance by coin, in registered letter, to accompany order.
