Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. Noves, 820 Powers' Block, Rochester, N. Y.

A good book, whether a novel or not, is one that leaves you farther on than when you took it up. If, when you read it, it drops you down in the same old spot, with no finer outlook, no cleared vision, no stimulated desires for that which is better and higher, it is in no sense a good book.—Anna Warner.

A Text Book of Instructions on the Doctrines, Usages and History of the Church as suggested by the Liturgy. By the Rev. Nelson R. Boss, M.A., 16 mo., stiff paper covers, 20c. net. Same publisher.

The design of the work is threefold: (1) To furnish concise and ready answers to the popular objections so commonly raised against the Church and her services by those not familiar with her ways; (2) To bring out clearly and concisely some of the principles of historic Christianity which distinguish the Episcopal Church from all other religious bodies; and (3) To convey in the briefest space, information on the history, doctrines and usages of the Church which every layman, and especially every teacher ought to have.

CHURCH OF ENGLAND TEACHING.

By the Very Rev. Jas. Carmichael, D. C. L., Dean of Montreal. Paper 10c. Drysdale & Co., Montreal.

The Tract was written to meet the need of the many persons drifting into the Church from other Christian bodies, without a clear realization of the great landmarks of Her distinctive teaching. It condenses into a small and readable space what every one professing to belong to the Church of England should naturally realize and understand.
